Guerilla Film Makers Movie Blueprint Chris Jones, 2003-06-20
Central to The Guerilla Film Makers Movie Blueprint are flow charts: crystal-clear diagrams detailing every single thing, no matter how small, that needs to be done to make your film. This visual approach to the filmmaking process ensures that new (and established!) filmmakers get an instant overview of each and every discipline. Backing up the diagrams are copious notes - humorous in tone, yet broad and deep in content. Wherever possible, the text is broken apart into box outs, hot tips and sub-diagrams. This book is entertaining, irreverent, and never less than painfully practical. The Guerilla Film Makers Movie Blueprint will have its own dedicated website where readers can download the tools, forms, software, and artwork detailed in the book. Jones's latest endeavor is packed with over a decade's worth of experience, know-how, and insider tips. A must-read for every budding filmmaker.

Digital Culture & Society (DCS) Ramón Reichert, Annika Richterich, Pablo Abend, Mathias Fuchs, Karin Wenz, 2016-12-31
»Digital Culture & Society« is a refereed, international journal, fostering discussion about the ways in which digital technologies, platforms and applications reconfigure daily lives and practices. It offers a forum for critical analysis and inquiries into digital media theory and provides a publication environment for interdisciplinary research approaches, contemporary theory developments and methodological innovation. The third issue »Politics of Big Data« edited by Mark Coté, Paolo Gerbaudo, and Jennifer Pybus, critically examines the political and economic dimensions of Big Data and thus details its contestation. The contributions focus on the materialities and processes which manifest Big Data and explore forms of value beyond the state and capital. These range from open data initiatives, social media metrics, machine learning algorithms, data visualisation to data dashboards, critical data

analysis, and new modes of data action research and practice.
