**Backstab** Elaine Viets,2019-05-15 From Anthony and Agatha Award-winning author of the Dead End Job mysteries—the first novel in a gritty series featuring a no-nonsense female journalist who follows her stories wherever they may lead...especially if they lead to big trouble. As a columnist for the St. Louis City Gazette, Francesca Vierling is a six-foot-tall beauty with brains and a talent for finding unusual and interesting subjects. The colorful people of her city provide her with all the inspiration she can handle, and her readers love her smart, streetwise style—even if her stuffy, less-than-appreciative bosses never seem to. Her work suddenly becomes all too personal when two of her favorite local characters die one after another. And for Francesca, there are too many odd ends for both deaths to be a coincidence. Driven by grief, anger, and the specters of her own past, she sets out to find out why the men were murdered, even if everyone else thinks she's chasing shadows. But there's one person out there who knows for certain that Francesca is onto something. That she's getting close to revealing a secret they've already killed to keep. And that if she keeps digging, they're going to have to kill Francesca too... Note: The author has made some minor revisions to the original text for this edition of the book.

**Backstab** Everet Martins,2018-08-07 When an executive needs to be assassinated, new intel pilfered, a judge's wife knifed, or a person kidnapped they call me. I am a String. There are many like me. We do the dark work that greases the wheels of the corporate machine. I hire Mercs to get their hands dirty and execute the jobs. Subterfuge is a String's currency. Shadows are our friends. We are the marks on the other side of the glass that can't be cleaned. They scrub and scrub, but we can't be wiped away. I take tremendous preventative measures to ensure I'm not tied to the devastation I unleash upon the world. We don't make finding evidence of our hands in a crime easy. I possess countless aliases and rarely meet in the same place twice. I do not have fingerprints. My nanobytes, robots that live alongside my blood, alter my DNA where I've slept. I don't fight. I make deals and slice with my words.

**The Game Design Reader** Katie Salen Tekinbas,Eric Zimmerman,2005-11-23 Classic and cutting-edge writings on games, spanning nearly 50 years of game analysis and criticism, by game designers, game journalists, game fans, folklorists, sociologists, and media theorists. The Game Design Reader is a one-of-a-kind collection on game design and criticism, from classic scholarly essays to cutting-edge case studies. A companion work to Katie Salen and Eric Zimmerman's textbook Rules of Play: Game Design Fundamentals, The Game Design Reader is a classroom sourcebook, a reference for working game developers, and a great read for game fans and players. Thirty-two essays by game designers, game critics, game fans, philosophers, anthropologists, media theorists, and others consider fundamental questions: What are games and how are they designed? How do games interact with culture at large? What critical approaches can game designers take to create game stories, game spaces, game communities, and new forms of play? Salen and Zimmerman have collected seminal writings that span 50 years to offer a stunning array of perspectives. Game journalists express the rhythms of game play, sociologists tackle topics such as role-playing in vast virtual worlds, players rant and rave, and game designers describe the sweat and tears of bringing a game to market. Each text acts as a springboard for discussion, a potential class assignment, and a source of inspiration. The book is organized around fourteen topics, from The Player Experience to The Game Design Process, from Games and Narrative to Cultural Representation. Each topic, introduced with a short essay by Salen and Zimmerman, covers ideas and research fundamental to the study of games, and points to relevant texts within the Reader. Visual essays between book sections act as counterpoint to the writings. Like Rules of Play, The Game Design Reader is an intelligent and playful book. An invaluable resource for professionals and a unique introduction for those new to the field, The Game Design Reader is essential reading for anyone who takes games seriously.

**Mean Girls, Meaner Women** Erika Holiday,Joan I. Rosenberg,2009-06 Why can so many women form wonderfully close connections with each other while some intentionally hurt other women? Why are girls so mean to other girls? What motivates them to betray, backstab, trash-talk, and humiliate one another? Why does this same hurtful behavior continue between women well into adulthood? What can women do to have closer and more authentic connections with one another? Mean Girls, Meaner Women, written by Dr. Erika Holiday and Dr. Joan I. Rosenberg, two well-known psychologists long involved in women's issues, provide answers about this baffling behavior. They take a look at hurtful behavior between women from the perspective of both the target and the victim. The authors use groundbreaking brain research to explain why being the target of a woman's hurtful behavior and being socially excluded can be so excruciatingly painful to women. Holiday and Rosenberg offer compelling information for understanding the hidden dynamics (psychological, biological, social and media influences) that lead women to hurt or oppress women and that compromise authentic female relationships. Mean Girls, Meaner Women is a riveting read for females interested in understanding women's relationships, building closer and more collaborative bonds with each other, and living authentically. Questions designed to help girls and women increase self awareness and add strength and depth to their relationships with each other are found throughout the book. Readers will also discover: how the female brain is wired to be more relational and suffer more hurt; the emotional cost of countless no-win situations including the Original Sin of Being Female, the Paradox of the Healthy Adult, and Beauty and the Bind; the role angry and competitive feelings between women has on authentic and deep connections; how being different could make you the target of hurtful behavior; how the media supports and reinforces hostile behavior through the Money Shot; behavior that catches the attention of the Gender Police; what women can learn from men about communicating with each other; and critical steps for healing and creating closer connections with women.

This is not in any way an authority on how to run a fantasy campaign.
