Heist Society Ally Carter, 2010-02-09 When Katarina Bishop was three, her parents took her to the Louvre...to case it. For her seventh birthday, Katarina and her Uncle Eddie traveled to Austria...to steal the crown jewels. When Kat turned fifteen, she planned a con of her own--scamming her way into the best boarding school in the country, determined to leave the family business behind. Unfortunately, leaving the life for a normal life proves harder than she'd expected. Soon, Kat's friend and former co-conspirator, Hale, appears out of nowhere to bring her back into the world she tried so hard to escape. But he has good reason: a powerful mobster's art collection has been stolen, and he wants it returned. Only a master thief could have pulled this job, and Kat's father isn't just on the suspect list, he is the list. Caught between Interpol and

a far more deadly enemy, Kat's dad needs her help. For Kat there is only one solution: track down the paintings and steal them back. So what if it's a spectacularly impossible job? She's got two weeks, a teenage crew, and hopefully just enough talent to pull off the biggest heist in her family's (very crooked) history-- and, with any luck, steal her life back along the way.

Say the Right Thing Kenji Yoshino, David Glasgow, 2023-02-07 A Living Now Book Awards Gold Medalist, Social Activism/Charity A practical, shame-free guide for navigating conversations across our differences at a time of rapid social change. In the current period of social and political unrest, conversations about identity are becoming more frequent and more difficult. On subjects like critical race theory, gender equity in the workplace, and LGBTQ-inclusive classrooms, many of us are understandably fearful of saying the wrong thing. That fear can sometimes prevent us from speaking up at all, depriving people from marginalized groups of support and stalling progress toward a more just and inclusive society. Kenji Yoshino and David Glasgow, founders of the Meltzer Center for Diversity, Inclusion, and Belonging at NYU School of Law, are here to show potential allies that these conversations don't have to be so overwhelming. Through stories drawn from contexts as varied as social media posts, dinner party conversations, and workplace disputes, they offer seven user-friendly principles that teach skills such as how to avoid common conversational pitfalls, engage in respectful disagreement, offer authentic apologies, and better support people in our lives who experience bias. Research-backed, accessible, and uplifting, *Say the Right Thing* charts a pathway out of cancel culture toward more meaningful and empathetic dialogue on issues of identity. It also gives us the practical tools to do good in our spheres of influence. Whether managing diverse teams at work, navigating issues of inclusion at college, or challenging biased comments at a family barbecue, Yoshino and Glasgow help us move from unconsciously hurting people to consciously helping them.
