**TimeWorm** Brenda Heller, 2017-10-02 Brenda Heller & Jimmy Adams 10605 A piercing scream stopped him in his tracks. By instinct he dropped to a squat. He caught his breath as he had ignored the flooding room and now felt the icy water press against his chest. The noise grew louder as it moved closer to where Theo squatted neck-deep in the frigid water. “Murphy!” Shards of the tile wall behind him flew in every direction as the bullet slammed into it, well above where Theo’s head had previously been. Seventeen-year-old Theo is caught up in a teenage world of driftboarding and HoloGames until his father’s friend and fellow scientist, Viktor Brack, destroys the laboratory, vowing to use a time machine to rewrite history. Trapped behind sealed doors, Theo promises himself to retrieve a book of secrets and prevent Brack’s evil plot. Theo and his robotic dog, Murphy, follow Brack over 100 years earlier to Nazi Germany. After his own escape from a pit of death, Theo is rescued until forces of evil and Hitler’s Youth attempt to kill him. He is found by sixteen-year-old Gracie, who understands the dangers of the streets. For both teens, the need to survive becomes a reality never touched by Theo’s false world of the HoloGame. Together, the teens take Murphy as they join an underground society, and begin a trek against the evil of Hitler’s regime. Dark alleys, tunnels, and creatures of repulsion force Theo and Gracie into a life-or-death fight to save both past and future. Jimmy Adams and Brenda Heller are teachers who met at the high school in

Derby, Kansas. Jimmy lives in the city and was born in Pennsylvania. Brenda lives in the country and was born in Kansas. However, both enjoy running, the outdoors, and teaching teens. Each holds a degree in history, so when Jimmy had an idea to blend the truth of history with a flair of imagination, the series began. TimeWorm and the books to follow bring the events of yesterday as alive and daring as the moments in which they first occurred.

**The \$100 Startup** Chris Guillebeau,2012-05-08 Lead a life of adventure, meaning and purpose—and earn a good living. “Thoughtful, funny, and compulsively readable, this guide shows how ordinary people can build solid livings, with independence and purpose, on their own terms.”—Gretchen Rubin, author of the #1 New York Times bestseller *The Happiness Project* Still in his early thirties, Chris Guillebeau completed a tour of every country on earth and yet he’s never held a “real job” or earned a regular paycheck. Rather, he has a special genius for turning ideas into income, and he uses what he earns both to support his life of adventure and to give back. Chris identified 1,500 individuals who have built businesses earning \$50,000 or more from a modest investment (in many cases, \$100 or less), and focused on the 50 most intriguing case studies. In nearly all cases, people with no special skills discovered aspects of their personal passions that could be monetized, and were able to restructure their lives in ways that gave them greater freedom and fulfillment. Here, finally, distilled into one easy-to-use guide, are the most valuable lessons from those who’ve learned how to turn what they do into a gateway to self-fulfillment. It’s all about finding the intersection between your “expertise”—even if you don’t consider it such—and what other people will pay for. You don’t need an MBA, a business plan or even employees. All you need is a product or service that springs from what you love to do anyway, people willing to pay, and a way to get paid. Not content to talk in generalities, Chris tells you exactly how many dollars his group of unexpected entrepreneurs required to get their projects up and running; what these individuals did in the first weeks and months to generate significant cash; some of the key mistakes they made along the way, and the crucial insights that made the business stick. Among Chris’s key principles: If you’re good at one thing, you’re probably good at something else; never teach a man to fish—sell him the fish instead; and in the battle between planning and action, action wins. In ancient times, people who were dissatisfied with their lives dreamed of finding magic lamps, buried treasure, or streets paved with gold. Today, we know that it’s up to us to change our lives. And the best part is, if we change our own life, we can help others change theirs. This remarkable book will start you on your way.

*Alas, Babylon* Pat Frank,2013-06-04 “An extraordinary real picture of human beings numbed by catastrophe but still driven by the unconquerable determination of living creatures to keep on being alive.” —The New Yorker “Alas, Babylon.” Those fateful words heralded the end. When the unthinkable nightmare of nuclear holocaust ravaged the United States, it was instant death for tens of millions of people; for survivors, it was a nightmare of hunger, sickness, and brutality. Overnight, a thousand years of civilization were stripped away. But for one small Florida town, miraculously spared against all the odds, the struggle was only just beginning, as the isolated survivors—men and women of all ages and races—found the courage to come together and confront the harrowing darkness. This classic apocalyptic novel by Pat Frank, first published in 1959 at the height of the Cold War, includes an introduction by award-winning science fiction writer and scientist David Brin.
