Walking the Mystical Path with Practical Feet Peter Gyulay, 2020-08-27 The Bahá'í Faith is a religion that was founded by Bahá'u'lláh in the mid-nineteenth century and has since spread all around the world. Though a way of life that is largely grounded in action, the mystical connection between the individual believer and God stands at its core. The seeker of truth aims to walk the mystical path with practical feet. This book highlights the place of mysticism in the Bahá'í Faith through an exploration of its sacred literature. It discusses Bahá'u'lláh's teachings on God and creation, the purpose of life, the nature of spiritual experience and transformation, as well as the principles and practices that the spiritual seeker utilises on the path of transformation. Through this exploration we discover the potential of the human being to live an active and spiritual life in this world, drawing closer to God. Each person was created in the image of God and has the capacity to mirror all of God's perfections, experiencing His light both in the outside world and within, in this world and the next.

Tablets of Baha'u'llah Revealed After the Kitáb-i-Aqdas Bahá'u'lláh, 1988

Stories of Baha'u'llah 'Alí-Akbar Furútan, 1986 Baha'u'llah (1817-1892), the Inaugurator of the most recent of the independent world religions, the Baha'i Faith, has been described by the Guardian of that Faith as 'One Whom posterity will acclaim, and Whom innumerable followers already recognize, . . . as the Establisher of the Most Great Peace . . . and the Inspirer and Founder of a world civilization'. Few there are in the West who have known even one person who saw Him or experienced the majesty and power, the compassion, humility and humour which characterized His earthly life. Baha'is of the East are more fortunate, many having known those, often their relatives, who were in His presence as companions or pilgrims. Yet, as the editor of this book remarks, 'only a few recorded their observations for posterity'. It was in 1975 that 'the thought of collecting personal accounts' occurred to the Hand of the Cause 'Ali-Akbar Furutan. Through correspondence and the examination of numerous memoirs, published and in manuscript, he selected the stories in this enthralling collection. 'The day is approaching when God will have raised up a people who will call to remembrance Our days, ' wrote Baha'u'llah. The 144 stories in these pages make such remembrance both effortless and delightful. They come to mind whether one is far away or visiting the scenes in which they occurred. They describe Baha'u'llah in Iran, Baghdad, Constantinople, Adrianople, 'Akka and Bahji, and linger in memory to uplift and gladden both heart and mind.

The Baha'i Faith in America William Garlington, 2005-08-30 The Baha'i Faith in America sets out to accomplish two main goals. The first is to introduce to the American reading public a religion whose name may be commonly mentioned or heard, yet in terms of its unique history, world-view, beliefs, and laws, is virtually unknown. Such categories provide the essential material for Part I. The second objective, which is the uniting thread of Part II, is to trace the historical development of the American Baha'i community from its earliest beginnings at the end of the nineteenth century up until the present day. The chapters in this section not only peruse the major events and introduce the leading personalities associated with American Baha'i history, they also trace significant themes, motifs, and issues that have characterized the community over the decades. Examples include early Baha'i connections with both American millennialism and metaphysical esotericism, to more recent associations with the Civil Rights Movement and the 1960s youth counterculture. In addition, the book's final chapters take a close look at some of the more controversial issues that have characterized American Baha'i community life over the past few decades. Here issues ranging in content from disagreements over differing styles of propagation to the freedom of expression allowed to Baha'i scholars are examined. In the process, the work reveals a dynamic and highly idealistic

faith that is attempting to offer a model of religious community that is compatible with the continuing process of globalization.

The Diary of Juliet Thompson Juliet Thompson, 1983 This diary is the day by day account which Juliet Thompson, one of the early Bahá'ís of New York, kept of her many hours with 'Abdu'l-Bahá—first on pilgrimage to Akká in 1909, then in Europe in 1911, and finally in America in 1912. Juliet is one of my favorites, 'Abdu'l-Bahá had said. His fatherly love for her - encouraging, comforting, guiding, warning, sometimes even chastising - is recorded, page by page. Juliet's love for 'Abdu'l-Bahá is also vividly kept here. To this divine love she devoted her life, becoming an immortal teacher of the Cause, serving faithfully until her death in 1956. This inspirational and surprisingly relatable story is a must read for every Baha'i seeking to understand the early believers' relationship with Abdu'l-Baha, and the qualities we all possess to help us in our effort to advance the Baha'i World Order.
