

Bakersfield Graffiti

Stephen Powers

The City Beneath Susan A. Phillips, 2019-11-05 A sweeping history of Los Angeles told through the lens of the many marginalized groups—from hobos to taggers—that have used the city’s walls as a channel for communication. Graffiti written in storm drain tunnels, on neighborhood walls, and under bridges tells an underground and, until now, untold history of Los Angeles. Drawing on extensive research within the city’s urban landscape, Susan A. Phillips traces the hidden language of marginalized groups over the past century—from the early twentieth-century markings of hobos, soldiers, and Japanese internees to the later inscriptions of surfers, cholos, and punks. Whether describing daredevil kids, bored workers, or clandestine lovers, Phillips profiles the experiences of people who remain underrepresented in conventional histories, revealing the powerful role of graffiti as a venue for cultural expression. Graffiti aficionados might be surprised to learn that the earliest documented graffiti bubble letters appear not in 1970s New York but in 1920s Los Angeles. Or that the negative letterforms first carved at the turn of the century are still spray painted on walls today. With discussions of characters like Leon Ray Livingston (a.k.a. “A-No. 1”), credited with consolidating the entire system of hobo communication in the 1910s, and Kathy Zuckerman, better known as the surf icon “Gidget,” this lavishly illustrated book tells stories of small moments that collectively build into broad statements about power, memory, landscape, and history itself.

Graffiti Lives Gregory J. Snyder, 2011-04-15 Surveys New York's current graffiti scene, with artist profiles, a historical overview, and discussions about the myths associated with the art form, concerns about its appearance in public spaces, and career possibilities beyond

the streets.

American Graffiti Margo Thompson, 2015-09-15 The first appearances of graffiti “tags” (signatures) on New York City subway trains in the early 1970s were discarded as incidents of vandalism or the rough, violent cries of the ignorant and impoverished. However, as the graffiti movement progressed and tags became more elaborate and ubiquitous, genuine artists emerged whose unique creativity and unconventional media captured the attention of the world. Featuring gallery and street works by several contributors to the graffiti scene, this book offers insight into the lives of urban artists, describes their relationship with the bourgeois art world, and discusses their artistic motivation with unprecedented sensitivity.

Graffiti Culture Liz Gogerly, 2012-03-01 Love it or hate it, graffiti decorates every city and has become the art world's hot topic. Make sure it's on your radar! Inside you'll find these features: Star Story Read the Banksy story and find out what drives the mystery man to paint. Big Debate Is graffiti art or an act of vandalism? You decide! World View Take a look at the best graffiti art in the world.

Graffiti Alix Wood, 2014-12-15 The most well-known graffiti artist today is Banksy. No one knows who he really is, but his graffiti has appeared in many cities around the world. Sometimes, his work is protected. Other times, city officials mark him as a vandal. Readers are asked to make their own decision about Banksy and other graffiti artists. Both sides of the controversy are introduced for readers to contemplate. Full-color examples of graffiti—both intentionally artistic and simple tagging—give readers a chance to see that art to some people isn't art to everyone.

The Art of Getting Over Stephen Powers, 1999-10 An insider in the world of graffiti examines its influence on today's society,

exploring the history of outdoor, uncensored art, interviewing early artists as well as current ones and providing readers with full-color illustrations of some important works. 20,000 first printing.

Under the Bridge Paul Cavalieri, 2014 Join Paul Cava Cavalieri on a journey through graffiti history and the evolution of a major cultural landmark. In this account, Cava shares his experiences under the Bronx's East 238th Street bridge, which over the years has become a Bronx Graffiti Hall of Fame, through an astonishing, lifelong photographic diary. From the late 1950s to the 1990s, graffiti artists would congregate here to express themselves by unleashing their creative energy. In this adopted home away from home, generations of graffiti artists formed bonds as well as rivalries. Take in four decades' worth of work from prolific artists including Boots119, Sent, and Sien5. Also represented are graffiti writers from the Woodlawn and Wakefield neighborhoods, connected by the famous concrete viaduct built between 1929 and 1931, as well as unique and personal insights into successive generations of crews, such as a recent, major contributor from Matilda Avenue.

This Is Modern Art Kevin Coval, Idris Goodwin, 2016-09-19 Graffiti crews are willing to risk anything for their art. Called vandals, criminals, even creative terrorists, graffiti artists set out to make their voices heard and alter the way people view the world. But when one crew finishes the biggest graffiti bomb of their careers, the consequences get serious and spark a public debate asking, Where does art belong? Kevin Coval is the author of *Schtick*, *L-vis Lives*, the American Library Association Book of the Year Finalist *Slingshots: A Hip-Hop Poetica*, and an editor of *The BreakBeat Poets*. Idris Goodwin is a playwright, spoken-word performer, and essayist recognized across mediums by the National Endowment for the Arts, the Ford

Foundation, and the Mellon Foundation.

Getting Up Craig Castleman, 1984-04-26 Getting Up is the term used by graffiti artists to describe their success in making their mark on the New York subway system. Through candid interviews, New Yorker Craig Castleman documents the inside story of the lives and activities of these young graffitiists.

Abandoned East Bay San Francisco Xan Blood Walker, 2020-11-09 The San Francisco East Bay is home to a large and expanding variety of graffiti artists. In this collection of cities, you can find their

expressions and experimentations in secret places that hold surprising bursts of color, pattern, and texture. This area is centered in two bustling cities: Oakland and Berkeley. These two adjacent cities hold a diverse population of over 500,000 people. But to locals, it also includes tiny Emeryville, which is pocketed in between these two cities; the quaint island city of Alameda, which is a short bridge away from Oakland; San Leandro on the outskirts of Oakland to the South; and the gritty city of Richmond to the north of Berkeley. This geographic area is lovingly called the East Bay. Xan Blood Walker resonates strongly with the aesthetic these artists bring to the area. Coming from a background of being a homeless, drug addicted punk rocker in the 80s, she transformed herself into a recovering psychotherapist, art therapist, and photographer. In these hidden spaces, she finds the magic and tragic beauty that was once her world.

Understanding Graffiti Troy R Lovata, Elizabeth Olton, 2016-06-16
This collection of original articles brings together for the first time the research on graffiti from a wide range of geographical and chronological contexts and shows how they are interpreted in various fields. Examples range as widely as medieval European cliff carvings to tags on New York subway cars to messages left in library bathrooms. In total, the authors legitimize the study of graffiti as a multidisciplinary pursuit that can produce useful knowledge of individuals, cultures, and nations. The chapters-represent 20 authors from six countries; -offer perspectives of disciplines as diverse as archaeology, history, art history, museum studies, and sociology;-elicit common themes of authority and its subversion, the identity work of subcultures and countercultures, and presentation of privilege and status.

Subway Art Martha Cooper, Henry Chalfant, 1984 Traces the

history of New York graffiti, shows a variety of painted subway cars, and describes the graffiti writers and how they work.

Los Angeles Graffiti Roger Gastman, Sonja Teri, 2007 What this urban art from looks like in America's anti-city.

Seattle Graffiti Bob Sheffels, 1984

Chicano Graffiti and Murals Sojin Kim, Peter Quezada, 1995 For almost a decade Peter Quezada, a prolific self-taught artist, has painted murals and lettering on buildings and retaining walls in neighborhoods northeast of downtown Los Angeles. He refers to his work as a graffiti deterrent or a substitute for graffiti, and he targets sites that are favorites of taggers and gang graffiti writers. Often he enlists their assistance and designs his murals to appeal to these youths as well as to discourage them from participating in antisocial behavior. Drawing upon an eclectic visual repertoire of images and graphics, his murals reflect his affinity for the neighborhoods in which he has lived. Much of his work is taken from images he encounters in his daily life. Highlighting the interplay of contemporary life, mass-media images that confront the public, and the use of physical space in the city landscape, this fascinating book shows how such art as Quezada's has become the signature of modern urban culture.

Sticker City Claudia Walde, 2007-04-24 A documentary record and critique of hand-painted or crafted stickers and posters that are part of a subset of graffiti known as adhesive art.

More Philadelphia Murals and the Stories They Tell Jane Golden, Robin Rice, Natalie Pompilio, 2006 Featured here is the remarkable story of an unlikely artistic collaboration between boys who live in a residential facility and men who lived in a maximum-security state correctional facility--and the eight-mile long mural they created.
