Black Balloons Kristi Cronin, 2019-12-31 Throughout our lives we inevitably face difficult circumstances. They come unexpectedly, like black balloons being handed to us when we were expecting puppies and unicorns. Although the situation may not make sense to us at the time, author Kristi Cronin believes that God allows these black balloons to be handed to us in order to help us grow, pursue us, bring us to our knees, and make us in to the people he ultimately desires us to be. What's more, he will give us everything we need to pop these black balloons and experience complete freedom, if we let him. Kristi draws on her personal experiences to reflect on how these black balloons enter our lives—and reveals how we can best deal with them. It is possible to escape from our pain and brokenness. You can be set free to walk blamelessly in Christ, and live to your full potential. This inspirational guide explores the larger purpose of trials and hardships in our lives and presents ways to use the difficulties you face to grow closer to God.

The Rock Balancer's Guide Travis Ruskus, 2019-07-09 The first mainstream book about meditative practice rock balancing—with practical guidance on letting go of limiting beliefs and finding happiness in the present moment Rock balancing is the practice of piling up stones in natural settings, creating everything from simple towers to amazingly elaborate and apparently gravity-defying edifices. People balance rocks for fun, to challenge themselves, and to connect to nature and focus on the present moment. This is the first mainstream book about the meditative art of rock balancing, combining technical advice with spectacular color photographs of the author's own balances, as well as guidance on approaching rock balancing as a mindfulness meditation practice. As the book guides you through the practical techniques of rock balancing, it also explains how to breathe properly, how to approach the rocks with self-belief, and how to face fear and go beyond what you had previously thought to be your limits. Finally, it discusses how to let go and destroy the balances you have created, leaving nature in a pristine state. The book includes inspirational quotes, tips and step-by-step instructions for beginner and more advanced rock balancers, meditative exercises to do while balancing, and fun challenges. A rock balance is a metaphor for whatever you are trying to achieve in life—and this practice allows you to train yourself to do more than you ever thought possible.
