He understands who he is and what he likes, but it's not safe for others to find out. Now the kids at school say Rowan's too different to spend time with. He's not the right kind of girl, and he's not the right kind of boy. His mom ignores him. And at night, his dad hurts him in ways he's not ready to talk about yet. Then Rowan discovers another way to share his secrets: letters. Letters he attaches to balloons and releases into the universe, hoping someone new will read them and understand. But when he befriends a classmate who knows what it's like to be lonely and scared, even at home, Rowan realizes there might already be a person he can trust right by his side.

Yellow Balloons Tim Dunn, 2018-06-15 The day began like any other, but during the afternoon of September 18, 2015, the tiny heart of 22 month old Moriah Constance Wimberley would stop beating - only to never start again. It would be out of this unimaginable anguish that a West Texas oil man and his family would never view life the same again. *Yellow Balloons - Power for Living Life Above the Circumstances* is both a memorial and testimony to Moriah's young life and how each of us can be blessed and empowered to live life above the agonies, the drudgeries, and the successes of our two-minute ride here on earth. Drawing from a tested, but unwavering faith in God and His revealed truth in Scripture, Tim shares a better way to view life and challenges the believer to embrace their inner superhero, realizing they have been called to fight an evil superpower that is often cloaked in the ordinary and where more often than not, they feel like the underdog rather than the superhero God has empowered them to be.

Learning Begins at Home Michael Young, Patrick McGeeney, 2023-07-14 First published in 1968, *Learning Begins at Home* records an attempt by two researchers to initiate and assess an innovation in a school in a working-class neighbourhood. The influence of parents upon children's achievement is a platitude of education. The vital question is whether schools can become centres for education for adults as well as children, influencing the parents directly, and the children indirectly through the parents. The research reported in this book suggests that it would be worthwhile for teachers to give more of their time to cooperation with parents. This book will be of interest to students of education and sociology.
