**Serpentine** Tom Morton, 2011-03-11 A name from the murkiest corners of Britain's secret war in Ireland: Serpentine. At first it's just gossip and fearful whispers. But then people begin to die and all hell breaks loose from Palestine to the remote Highlands of Scotland. Fresh from the toughest assignments in the mercenary world comes former SAS officer Murrricane. Can he find Serpentine before it's too late and before the horrific secrets of the past threaten to cause chaos not just in Ireland but in the Middle East too? In a trail of mayhem that leads through Scotland, Gaza and Ireland, Murrricane battles his own demons, as well as a monstrous former RUC officer, a disgraced policeman and a series of unreliable Land Rovers, until Serpentine plays his final, devastating game . . . Serpentine is an explosive, bitterly funny journey into the darkest heart of the Irish Troubles and the violence that lurks in Scotland's most scenic Highland communities.

**The Ministry of Utmost Happiness** Arundhati Roy, 2017-06-06 New York Times Best Seller Longlisted for the Man Booker Prize Named a Best Book of 2017 by NPR, Amazon, Kirkus, The Washington Post, Newsday, and the Hudson Group A dazzling, richly moving new novel by the internationally celebrated author of The God of Small Things The Ministry of Utmost Happiness takes us on an intimate journey of many years across the Indian subcontinent—from the cramped neighborhoods of Old Delhi and the roads of the new city to the mountains and valleys of Kashmir and beyond, where war is peace and peace is war. It is an aching love story and a decisive remonstrance, a story told in a whisper, in a shout, through unsentimental tears and sometimes with a bitter laugh. Each of its characters is indelibly, tenderly rendered. Its heroes are people who have been broken by the world they live in and then rescued, patched together by acts of love—and by hope. The tale begins with Anjum—who used to be Aftab—unrolling a threadbare Persian carpet in a city graveyard she calls home. We encounter the odd, unforgettable Tilo and the men who loved her—including Musa, sweetheart and ex-sweetheart, lover and ex-lover; their fates are as entwined as their arms used to be and always will be. We meet Tilo's landlord, a former suitor, now an intelligence officer posted to Kabul. And then we meet the two Miss Jebeens: the first a child born in Srinagar and buried in its overcrowded Martyrs' Graveyard; the second found at midnight, abandoned on a concrete sidewalk in the heart of New Delhi. As this ravishing, deeply humane novel braids these lives together, it reinvents what a novel can do and can be. The Ministry of Utmost Happiness demonstrates on every page the miracle of Arundhati Roy's storytelling gifts.

**STEAM Power** Tim Needles,2022-08-18 Award-winning artist and educator Tim Needles brings a fresh approach to STEAM topics, focusing on creativity, innovation and collaboration. There are numerous books on STEAM, but most are either arts and crafts project books designed for children or high-level books that can be weighty and inaccessible for new teachers. This accessible and engaging book offers creative ideas for blending arts and STEM learning (STEAM). It covers the fundamentals of STEAM, with project ideas and best practices, while providing insight from educators in the field. Technologies covered include: coding, robotics, 3D printing, virtual and augmented reality, photography, video, animation and digital drawing. In addition, the

book addresses several different approaches to bringing STEAM learning to the next level, such as collaboration, global learning, project-based learning, makerspaces and social-emotional learning. The book:

- Features a breadth of technology and project possibilities, with project ideas organized by technology type.
- Explores long-standing concepts that are relevant regardless of specific advances in technology, providing the pedagogy behind the projects rather than technology for technology's sake.
- Offers a highly visual approach, incorporating photographs and hand-drawn sketchnotes.
- Illustrates concepts through author examples as well as a series of interviews featuring STEAM professionals and expert teachers.
- Presents topics in a clear, concise manner that's useful for repeated reading and as a practical resource. With its friendly style and visual design, the book is a practical guide for new and emerging educators, and for educators looking for fun and creative ways to invigorate their STEAM curriculum.

**399 Days** Jim Taylor, Pam Taylor, Caitlin Taylor, Ben Taylor, Lindsey Taylor, Abby Taylor, 2017-03-29 This book tells the true story of one family's dream trip. Like many young couples before having kids, Jim and Pam enjoyed traveling together to new places. Unlike most couples, their traveling days

did not stop when kids came along. In fact, their love for travel infected their whole family. Every school break they would travel somewhere, to explore a new state or visit a far-off relative. What would it be like to spend a whole year traveling together? They tossed the idea around, considered the places they might travel and the people they might see. Especially alluring would be the special opportunities to knit their hearts together even tighter as a family. This idea grew into a reality. This book tells the story of that dream-come-true.
