Hidden Penthouses 1 Victor Grant-Lawrence,

Dolls Behaving Badly Cinthia Ritchie, 2013-02-05 Carla Richards is a lot of things. She's a waitress at Anchorage's premier dining establishment, Mexico in an Igloo; an artist who secretly makes erotic dolls for extra income; a divorcée who can't quite detach from her ex-husband; and a single mom trying to support her gifted eight-year-old son, her pregnant sister, and her babysitter-turned-resident-teenager. She's one overdue bill away from completely losing control-when inspiration strikes in the form of a TV personality. Now she's scribbling away in a diary, flirting with an anthropologist, and making appointments with a credit counselor. Still, getting her life and dreams back on track is difficult. Is perfection really within reach? Or will she wind up with something even better?

Banging Reaper Izzy Sweet, Sean Moriarty, 2018-09-25 Only one can make her completely his. AveryLife isn't easy when your mother abandons you and the grandmother who raised you is gone. Ethan has been my best friend since middle school. He helped me out with college when I was flat broke, and now I feel like I owe him. So when he starts treating me like his MMA lucky charm, it's hard to say no. But when he finally loses, he blames me-and Reaper, the guy who beat the crap out of him, is the one who rescues me. I want to forgive Ethan ... but I can't resist Reaper. Chase Yeah, they call me Reaper, because I make anyone who fights me wish he was dead. I'm large and in charge with a big house, two cars, and enough money to party for the rest of my days. Life is great-but meeting Avery changes everything. She's nothing like the ring girls I usually hook up with. There's just something about her that

brings out the protective beast inside me. She needs to be mine, but that cheating asshole Ethan is in the way. I'll do whatever it takes to claim her ... even if that means destroying her best friend.

War of the Bloods in My Veins DaShaun "Jiwe" Morris, 2009-01-27 By turns harrowing, moving, and ultimately redemptive, this is a war story -- a war that rages out of control on the streets of the United States, claiming the lives of our loved ones and neighbors. In this memoir, complete with child soldiers, unspeakable violence, and eventual salvation, we witness the journey of an East Coast member of the notorious Bloods gang coming to terms with the lost boy he was and the transformation into the man he wants to become. Unlike the child warriors of Mozambique and Sierra Leone, gang members and the wars they wage are the United States' homegrown nightmare. Lacking protection, support, or any alternatives, Dashaun Morris is forced into battle for the first time at age eleven, in the streets of Phoenix, when a friend's older brothers put him in a car filled with 40s and weed smoke, put a gun in his hands, then make him point it at the men on the corner and squeeze the trigger. The targets are Crips, of course, and, as Morris writes, In the darkness of the streets, my childhood is murdered.... I am reborn -- a gangster. In this haunting, violent memoir, Morris takes us through an American childhood turned grotesquely inside out. In the fourth grade, he loses his first friend in a drive-by shooting. By high school he is the man, a champion on the football field by day and a reputable banger on his 'hood turf by night. Living the life of a gang banger, Morris does it all -- drug dealing, jacking, and continuing the aimless war with rival gang members -- almost opening fire one night on a close friend, a cheerleader, as she hangs out with young men he mistakes for Crips. He eventually makes it to college on a football scholarship, but on the verge of being drafted by the NFL, Morris can't escape his gang-banging mentality and gets caught up in crimes that snatch away all future hopes. Sitting in a prison cell, he anticipates the birth of his first child while counting the friends he's buried. *War of the Bloods in My Veins* is part of Morris's redemption, a cry to his brothers that gang life is mental illness. It is a rare and brutally honest look into the relentless storm of abandonment, violence, crime, death, and the endless rush toward the complete and utter self-annihilation that plagues the lives of the young soldiers who die every day in our streets.

When the Smoke Clears Marquis "Cream" Cureton, 2012-08-15 Virginia is for lovers, but in the heartless

and unforgiving streets of Virginias 7even Cities: where disillusioned hustlers pitch narcotics on project blocks without a conscience, disgruntled stick up kids terrorize the streets with their ambitions attached to ski masks and twin pistols, and dispirited young females strip themselves of their self-worth and sell their most sacred possessions all for a piece of the Devils Pie, love is an ideal often spoke about, but seldom seen. The 7even Cities, where the disenfranchised take to the streets to obtain the American Dream of lavish homes, luxury automobiles, and tailored garments, while the aristocracy relentlessly aim to squander their hopes with oppressive laws and a multi-million dollar penal system. This is Virginia through the clairvoyant eyes of Marquis Cream Cureton in his classic debut novel, *When the Smoke Clears: An Urban Novel*. Inspired by true events, Cream narrates the story of Secoya Smoke Harris, a promising college basketball player with ambitions as vast as the oceans are blue, who tip-toed the fine line between success and the streets. Originally from the gang infested streets of Compton, California, Smoke cant resist the lure of the underworld of the 7even Cities, and in one costly decision finds himself incarcerated in Virginias Department of Corrections and marked for death by his big homie. His basketball career ruined and future bleak, Smoke apprehensively makes the decision to dive head first into the streets and get money the only way he sees possibletrafficking marijuana. Beef inevitable, bodies dropping, and indictments looming, Smoke drowns himself in a cloud of haze from the finest bud California has to offer in order to escape the harsh reality that in the streets nothing last forever, and no one ever wins; there are only those that survive the game and live to tell about it behind penitentiary walls, and those that lose, taking their last breath in the streets. Which side will Smoke find himself? Only God knows, *When the Smoke Clears*.

Gangs in America's Communities James C. Howell,Elizabeth Griffiths,2018-02-08 [Gangs in America's Communities] is one of the most comprehensive treatments of gangs in the marketplace. . . . I highly recommend its adoption as you will not be disappointed and, most importantly, neither will your students. —Elvira White-Lewis, Texas A&M University-Commerce *Gangs in America's Communities*, Third Edition blends theory with current research to help readers identify essential features associated with youth violence and gangs, as well as apply strategies for gang control and prevention. Authors Dr. James C. Howell and Dr. Elizabeth Griffiths introduce readers to theories of gang formation, illustrate various ways of defining and classifying gangs, and discuss national trends in gang presence and gang-related violence across American cities. They also offer evidence-based strategies for positioning communities to prevent, intervene, and address gang activity. New to the Third Edition: A series of new case studies document the evolution of numerous gangs in large cities, including the community aspect, evolutionary nature, and how cities influence levels of violence. New discussions highlighting the role of social media, insights into how gangs use it to recruit members, and the response from law enforcement. Current nationwide gang trends are discussed to encourage readers to analyze and interpret the most recent statistics for which representative data is available. Updated macro and micro gang theories enable readers to explore a recent encapsulation of leading developmental models. New discussions around female gang members offer readers potentially effective programs for discouraging females from joining gangs—along with highly regarded delinquency prevention and reduction programs that have the potency to be effective in reducing gang crimes among young women. A comprehensive gang prevention, intervention, and suppression program in Multnomah County, Oregon shows how theory was successfully applied to reduce

gang activity in a local community. New research on gang structures and their rates of crime illustrate the connections between violent crimes and the amount of violent offenders within a gang. Additional discussion of distinguishing features (e.g., typologies) of major gangs, and numerous examples of gang symbols, tattoos, and graffiti has been added to help readers identify and differentiate various types of gangs.

Freedom Bird Chris Bunch, Allan Cole, 2009-02 DURING THE VIETNAM WAR, GIs who managed to survive their tour of duty in one piece—more or less—were flown home in chartered airliners. They called those planes “Freedom Birds.” This is the story of three young men—from wildly different backgrounds—who meet on such a plane and make a pact to spend three days together in San Francisco. Their goal: to spend every cent of their mustering out money in a party of a lifetime. And they’ll get more than they bargained for: because when they land, it is July 1967—in a time that would come to be known as “The Summer of Love.” It’s a place and time where each young man will have to confront the ghosts who followed them home from the jungles of Vietnam and contemplate a future none of them had imagined.

The Horizontal Effect Revolution and the Question of Sovereignty Johan van der Walt, 2014-08-25 That the recent turn in European Constitutional Review has effectively brought about a revolution in European law has been observed before. At issue are two major developments in European judicial review. On the one hand, the European Court of Human Rights has been collapsing traditional boundaries between constitutional law and private law with a series of decisions that effectively recognized the horizontal effect of Convention rights in the private sphere. On the other hand, the European Court of Justice has also given horizontal effect to fundamental liberties embodied in the Treaty on the Function of the European Union in a number of recent cases in a way that puts established boundaries between Member State and Union competences in question. This book takes issue with these developments by bringing to the fore a key issue that the horizontality effect debate has hitherto largely overlooked, namely, the question of sovereignty. It shows with detailed references to especially the American debate on state action and the German debate on *Drittwirkung* that horizontal effect cannot be understood consistently without coming to grips with the conceptions of state sovereignty that inform different approaches to horizontal effect.

Trap Kitchen Malachi Jenkins, Roberto Smith, Marisa Mendez, 2017-12-12 Jenkins and Smith, who once

belonged to rival L.A. gangs, became friends and started a catering business marketed solely on Instagram. Media outlets took notice, as did Snoop Dogg and Martha Stewart, paving the way for their debut cookbook – Publishers Weekly When two former members of Los Angeles' most nefarious rival gangs decided to unite under one oven, they had no idea that they would be creating an empire. Trap Kitchen is more than just a cookbook. It's a glimpse into the meals that have now become famous in the LA streets thanks to the series of pop-up restaurants that continue to bloom throughout the area. Celebrities and residents alike flock to the locations for soulful meals, but it's more than that. Having lost friends and family to violence, we learn how the masterminds behind Trap Kitchen sought to change the paths they were on, using cooking as their driving force. While other cookbooks may boast a level of urban-skewed appeal in their realness, this cookbook also delves into the stories of why they became involved in cooking in the first place. It's both a heartfelt and stomach-filling experience to learn how two men changed their stars by seeking out peace and good food for themselves and their community.
