

Barack Obama News

Kate Andersen Brower

A Promised Land Barack Obama,2020-12-08 A riveting, deeply personal account of history in the making—from the president who inspired us to believe in the power of democracy #1 NEW YORK TIMES BESTSELLER • NAACP IMAGE AWARD NOMINEE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • Jennifer Szalai, The New York Times • NPR • The Guardian • Marie Claire In the stirring, highly anticipated first volume of his presidential memoirs, Barack Obama tells the story of his improbable odyssey from young man searching for his identity to leader of the free world, describing in strikingly personal detail both his political education and the landmark moments of the first term of his historic presidency—a time of dramatic transformation and turmoil. Obama takes readers on a compelling journey from his earliest political aspirations to the pivotal Iowa caucus victory that demonstrated the power of grassroots activism to the watershed night of November 4, 2008, when he was elected 44th president of the United States, becoming the first African American to hold the nation’s highest office. Reflecting on the presidency, he offers a unique and thoughtful exploration of both the awesome reach and the limits of presidential power, as well as singular insights into the dynamics of U.S. partisan politics and international diplomacy. Obama brings readers inside the Oval Office and the White House Situation Room, and to Moscow, Cairo, Beijing, and points beyond. We are privy to his thoughts as he assembles his cabinet, wrestles with a global financial crisis, takes the measure of Vladimir Putin, overcomes seemingly insurmountable odds to secure passage of the Affordable Care Act, clashes with generals about U.S. strategy in Afghanistan, tackles Wall Street reform, responds to the devastating Deepwater Horizon blowout, and authorizes Operation Neptune’s Spear, which leads to the death of Osama bin Laden. A Promised Land is extraordinarily intimate and introspective—the story of one man’s bet with history, the faith of a community organizer tested on the world stage. Obama is candid about the balancing act of running for office as a Black American, bearing the expectations of a generation buoyed by messages of “hope and change,” and meeting the moral challenges of high-stakes decision-making. He is frank about the forces that opposed him at home and abroad, open about how living in the White House affected his wife and daughters, and unafraid to reveal self-doubt and disappointment. Yet he never wavers from his belief that inside the great, ongoing American experiment, progress is always possible. This beautifully written and powerful book captures Barack Obama’s conviction that democracy is not a gift from on high but something founded on empathy and common understanding and built together, day by day.

Spin Masters David Freddoso,2013-01-28 Argues that the mainstream media helped secure Barack Obama's reelection by parroting inaccurate Democratic talking points and failing to report stories that would paint the administration in a negative light.

Yes We (Still) Can Dan Pfeiffer,2018-06-19 From Obama's former communications director and current co-host of Pod Save America comes a colorful account of how politics, the media, and the Internet changed during the Obama presidency and how Democrats can fight back in the Trump era. On November 9th, 2016, Dan Pfeiffer woke up like most of the world wondering WTF just happened. How had Donald Trump won the White House? How was it that a decent and thoughtful president had been succeeded by a buffoonish reality star, and what do we do now? Instead of throwing away his phone and moving to another country (which were his first and second thoughts), Pfeiffer decided to tell this surreal story, recounting how Barack Obama navigated the insane political forces that created Trump, explaining why everyone got 2016 wrong, and offering a path for where Democrats go from here. Pfeiffer was one of Obama's first hires when he decided to run for president, and was at his side through two presidential campaigns and six years in the White House. Using never-before-heard stories and behind-the-scenes anecdotes, Yes We (Still) Can examines how Obama succeeded despite Twitter trolls, Fox News (and their fake news), and a Republican Party that lost its collective mind. An irreverent, no-BS take on the crazy politics of our time, Yes We (Still) Can is a must-read for everyone who is disturbed by Trump, misses Obama, and is marching, calling, and hoping for a better future for the country.

Renegades Barack Obama,Bruce Springsteen,2021-10-26 NEW YORK TIMES BESTSELLER • Two longtime friends share an intimate and urgent conversation about life, music, and their enduring love of America, with all its challenges and contradictions, in this stunningly produced expansion of their groundbreaking Higher Ground podcast, featuring more than 350 photographs, exclusive bonus content, and never-before-seen archival material. Renegades: Born in the USA is a candid, revealing, and entertaining dialogue between President Barack Obama and legendary musician Bruce Springsteen that explores everything from their origin stories and career-defining moments to our country’s polarized politics and the growing distance between the American Dream and the American reality. Filled with full-color photographs and rare archival material, it is a compelling and beautifully illustrated portrait of two outsiders—one Black and one white—looking for a way to connect their unconventional searches for meaning, identity, and community with the American story itself. It includes: • Original introductions by President Obama and Bruce Springsteen • Exclusive new material from the Renegades podcast recording sessions • Obama’s never-before-seen annotated speeches, including his “Remarks at the 50th Anniversary of the Selma to Montgomery Marches” • Springsteen’s handwritten lyrics for songs spanning his 50-year-long career • Rare and exclusive photographs from the authors’ personal archives • Historical photographs and documents that provide rich visual context for their conversation In a recording studio stocked with dozens of guitars, and on at least one Corvette ride, Obama and Springsteen discuss marriage and fatherhood, race and masculinity, the lure of the open road and the call back to home. They also compare notes on their favorite protest songs, the most inspiring American heroes of all time, and more. Along the way, they reveal their passion for—and the occasional toll of—telling a bigger, truer story about America throughout their careers, and explore how our fractured country might begin to find its way back toward unity and global leadership.

The Stranger Chuck Todd,2014-11-11 Chuck Todd's gripping, fly-on-the-wall account of Barack Obama's tumultuous struggle to succeed in Washington. Barack Obama won the presidency in 2008 partly because he was a Washington outsider. But if he'd come to the White House thinking he could change the political culture, he soon discovered just how difficult it was to swim against an upstream of insiders, partisans, and old guard networks allied to undermine his agenda—including members of his own party. He would pass some of the most significant legislation in American history, but his own weaknesses torpedoed some of his greatest hopes. In THE STRANGER, Chuck Todd draws upon his unprecedented inner-circle sources to create a gripping account of Obama's White House tenure, from the early days of drift and helplessness to a final stand against the GOP in which an Obama, at last liberated from his political future, finally triumphs.

Meet President Barack Obama Laine Falk,2009 This biography explores America's 44th President, his life and political views, through photos and simple text written for children in first and second grades.

Battle for the Soul Edward-Isaac Dove,2022-05-31 An award-winning political journalist for The Atlantic tells the inside story of how the embattled Democratic Party, seeking a direction for its future during the Trump years, successfully regained the White House. The 2020 presidential campaign was a defining moment for America. As Donald Trump and his nativist populism cowed the Republican Party into submission, many Democrats—haunted by Hillary Clinton’s shocking loss in 2016 and the resulting four-year-long identity crisis—were convinced that he would be unbeatable. Their party and the country, it seemed, might never recover. How, then, did Democrats manage to win the presidency, especially after the longest primary race with the biggest field ever? How did they keep themselves united through an internal struggle between newly empowered progressives and establishment forces—playing out against a pandemic, an economic crisis, and a new racial reckoning? Edward-Isaac Dove’s Battle for the Soul is the searing, fly-on-the-wall account of the Democrats’ journey through recalibration and rebirth. Dove traces this process: from the early days in the wilderness of the post-Obama era to the jockeying of potential candidates; from the backroom battles and exhausting campaigns to the unlikely triumph of the man few expected to win; and on through the inauguration and the insurrection at the Capitol. Dove draws on years of on-the-ground reporting and contemporaneous conversations with the key players—whether with Pete Buttigieg in his hotel suite in Des Moines an hour before he won the Iowa caucuses or with Joe Biden in his first-ever interview in the Oval Office—as well as with aides, advisors, and voters. Offering unparalleled access and an insider’s command of the campaign, Battle for the Soul takes a compelling look at the policies, politics, and people, as well as the often absurd process of running for president. This fresh and timely story brings you on the trail, into the private rooms, and along to eavesdrop on critical conversations. You will never see campaigns or this turning point in our history the same way again.

Gangster Government David Freddoso,2011-04-04 A scathing attack on the Obama administration and the current government equates them to common criminals and tries to offer a better way.

The Obama Birth Certificate Conspiracy The Underground News Network,2010-03-17 There are many pieces of evidence proving President Barack Hussein Obama was born in Kenya, African and not Hawaii as he claims. For instance, his alleged Hawaii birth certificate is clearly a forged document. This is why Barack and Michelle Obama have been secretly spending millions of dollars to pay three of the best law firms in the country, to fight some very serious court lawsuits over his US Citizenship legitimacy. They are fighting these lawsuits in an attempt to avoid having to show a copy of a real Hawaii birth certificate for Barack to anyone. His team of lawyers are claiming even if Barack Obama is lying about being a United States citizen, the American people have no legal right to know about his lies and deception. Although, we at the Underground News Network think the American people do have the right to know President Obama is lying about being a natural born United States citizen. So here it is!

Obama's Legacy Michael I. Days,2016-09-13 As President Obama's time in the White House draws to a close, this celebratory book documents his transformative accomplishments. Evidence indicates President Barack Obama has been tremendously successful and effective by objective measures. On economic indicators alone, he is credited with the longest streak of job growth in U.S. history, a two-thirds reduction in the federal budget deficit, and the rebounding of the stock market to record highs following the record lows of the recession under his predecessor. His victories have come against a backdrop of criticism and sometimes open defiance from conservatives, lack of cooperation in Congress, and racially tinged commentary in traditional and social media. Through it all, the President who campaigned on a slogan of 'Yes, We Can!' has persevered in his determination to make a difference and left an indelible mark on American politics and the world. LEGACY is a commemoration of his eight years in the White House.

Audacity Jonathan Chait,2017-01-17 An essential starting point for those assessing the Obama presidency.” —Washington Monthly Two presidencies later, the time has never been better to revisit the legacy of Barack Obama. In Audacity, New York Magazine writer Jonathan Chait makes the unassailable case that, in the eyes of history, Obama will be viewed as one of America's best and most accomplished presidents. Over the course of eight years, Barack Obama has amassed an array of outstanding achievements. His administration saved the American economy from collapse, expanded health insurance to millions who previously could not afford it, negotiated an historic nuclear deal with Iran, helped craft a groundbreaking international climate accord, reined in Wall Street and crafted a new vision of racial progress. He has done all of this despite a left that frequently disdained him as a sellout, and a hysterical right that did everything possible to destroy his agenda even when they agreed with what he was doing. Now, as the page turns to our next Commander in Chief, Jonathan Chait, acclaimed as one of the most incisive and meticulous political commentators in America, digs deep into Obama's record on major policy fronts—economics, the environment, domestic reform, health care, race, foreign policy, and civil rights—to demonstrate why history will judge our forty-fourth president as among the greatest in history. Audacity does not shy away from Obama's failures, most notably in foreign policy. Yet Chait convincingly shows that President Obama has accomplished what candidate Obama said he would, despite overwhelming opposition—and that the hopes of those who voted for him have not been dashed despite the smokescreen of extremist propaganda and the limits of short-term perspective.

Team of Five Kate Andersen Brower,2021-05-25 USA Today Bestseller From the #1 New York Times bestselling author of The Residence and First Women—also a New York Times bestseller—comes a poignant, news-making look at the lives of the five former presidents in the wake of their White House years, including the surprising friendships they have formed through shared perspective and empathy. After serving the highest office of American government, five men—Jimmy Carter, the late George H. W. Bush, Bill Clinton, George W. Bush, and Barack Obama—became members of the world's most exclusive fraternity. In Team of Five, Kate Andersen Brower goes beyond the White House to uncover what, exactly, comes after the presidency, offering a glimpse into the complex relationships of these five former presidents, and how each of these men views his place in a nation that has been upended by the Oval Office's current, norm-breaking occupant, President Donald Trump. With an empathetic yet critical eye and firsthand testimony from the Carters, Donald Trump, and the top aides, friends, and family members of the five former presidents, Team of Five takes us inside the exclusive world of these powerful men and their families, including the unlikely friendship between George W. Bush and Michelle Obama, the last private visits Bill Clinton and Barack Obama shared with George H.W. Bush, and the Obamas' flight to Palm Springs after Donald Trump's inauguration. Perhaps most timely, this insightful, illuminating book overflows with anecdotes about how the ex-presidents are working to combat President Trump's attempts to undo the achievements and hard work accomplished during their own terms. Perhaps most poignantly, Team of Five sheds light on the inherent loneliness and inevitable feelings of powerlessness and frustration that come with no longer being the most important person in the world, but a leader with only symbolic power. There are ways, though, that these men, and their wives, have become powerful political and cultural forces in American life, even as so-called “formers.” Team of Five includes 16 pages of color photographs.

The Audacity of Deceit Bradley S. O'Leary,2008 Argues that Barack Obama's political agenda would promote more government intervention in health care, increase taxes to pay for social initiatives, and introduce a naiveté in foreign policy which would benefit rogue states around the world.

President Obama Election 2008 ,2008-12-16 When the dust cleared from the presidential election of 2008, where did Americans turn to commemorate the historic outcome? Surprisingly, from an old friend -- newspapers. Led by an emphatic introduction by Doonesbury creator Garry Trudeau, Barack Obama: Election 2008 features over 75 post-election newspaper front pages from around the world. There is no better statement of the emotion, excitement and significance of this historic event. Front pages from major U.S. Papers as well as international, campus and ethnic publications, combine to give a face to the worldwide celebration that took place on November 5th, 2008. Compiled by The Poynter Institute, a non-profit school for journalists, this book will be a cherished keepsake or gift to commemorate the election of the 44th President of the United States. To look at these disparate front pages in sequence is to grasp the enormity of Barack Obama's dream of bringing a fractious country together. But the overriding tone of elation and pride suggests he's off to a pretty good start. --Garry Trudeau, from the Introduction to Barack Obama: Election 2008

Overreach George C. Edwards III,2012-03-25 How Obama overestimated the power of rhetoric and persuasion during his presidency When Barack Obama became president, many Americans embraced him as a transformational leader who would fundamentally change the politics and policy of the country. Yet, two years into his administration, the public resisted his calls for support and Congress was deadlocked over many of his major policy proposals. How could this capable new president have difficulty attaining his goals? Did he lack tactical skills? In Overreach, respected presidential scholar George Edwards argues that the problem was strategic, not tactical. He finds that in President Obama's first two years in office, Obama governed on the premise that he could create opportunities for change by persuading the public and some congressional Republicans to support his major initiatives. As a result, he proposed a large, expensive, and polarizing agenda in the middle of a severe economic crisis. The president's proposals alienated many Americans and led to a severe electoral defeat for the Democrats in the 2010 midterm elections, undermining his ability to govern in the remainder of his term. Edwards shows that the president's frustrations were predictable and the inevitable result of misunderstanding the nature of presidential power. The author demonstrates that the essence of successful presidential leadership is recognizing and exploiting existing opportunities, not in creating them through persuasion. When Obama succeeded in passing important policies, it was by mobilizing Democrats who were already predisposed to back him. Thus, to avoid overreaching, presidents should be alert to the limitations of their power to persuade and rigorously assess the possibilities for obtaining public and congressional support in their environments.

The Election of Barack Obama Jason Porterfield,2010-01-15 Provides information on the election of Barack Obama and the different viewpoints of how race does or doesn't play into politics.

The Obama Education Plan Education Week,2011-01-11 A guide to the educational priorities and change to expect from the Obama administration Although the Obama's goals for education have been articulated in his speeches and on his website, what's missing is a picture of what these proposals mean in practice. This guide provides the articles, stories, and commentary to clarify Obama's priorities for education. The plan itself is comprehensive and covers preschool, K-12, and college-level education. Among its recommendations: expand early education, improve teacher quality, support school innovation, make math and science national priorities, address the dropout crisis, and improve college access and affordability. Compiled by Education Week-education's newspaper of record Offers information and opinion on Obama's key educational priorities

Provides a listing of the President's recommendations for education from pre-school to college level Includes advice for the President from key education leaders

The Black President Claude A. Clegg III,2021-10-12 The first sweeping, legacy-defining history of the entire Obama presidency. Finalist of the PROSE Award for Best Book in Biography & Autobiography by the Association of American Publishers In The Black President, the first interpretative, grand-narrative history of Barack Obama's presidency in its entirety, Claude A. Clegg III situates the former president in his dynamic, inspirational, yet contentious political context. He captures the America that made Obama's White House years possible, while insightfully rendering the America that resolutely resisted the idea of a Black chief executive, thus making conceivable the ascent of the most unlikely of his successors. In elucidating the Obama moment in American politics and culture, this book is also, at its core, a sweeping exploration of the Obama presidency's historical environment, impact, and meaning for African Americans—the tens of millions of people from every walk of life who collectively were his staunchest group of supporters and who most starkly experienced both the euphoric triumphs and dispiriting shortcomings of his years in office. In Obama's own words, his White House years were the best of times and worst of times for Black America. Clegg is vitally concerned with the veracity of this claim, along with how Obama engaged the aspirations, struggles, and disappointments of his most loyal constituency and how representative segments of Black America engaged, experienced, and interpreted his historic presidency. Clegg draws on an expansive archive of materials, including government records and reports, interviews, speeches, memoirs, and insider accounts, in order to examine Obama's complicated upbringing and early political ambitions, his delicate navigation of matters of race, the nature and impacts of his administration's policies and politics, the inspired but also carefully choreographed symbolism of his presidency (and Michelle Obama's role), and the spectrum of allies and enemies that he made along the way. The successes and the aspirations of the Obama era, Clegg argues, are explicitly connected to our current racist, toxic political discourse. Combining lively prose with a balanced, nonpartisan portrait of Obama's successes and failures, The Black President will be required reading not only for historians, politics junkies, and Obama fans but also for anyone seeking to understand America's contemporary struggles with inequality, prejudice, and fear.

Barack Obama, Post-Racialism, and the New Politics of Triangulation Terry Smith,2012-05-31 Examines black voters' relationship to the political process and to the first black president in a prematurely post-racial America using interviews with members of the Congressional Black Caucus, empirical data, news accounts, academic literature and case law.

Blacklash Deneen Borelli,2013-03-26 Argues that the Obama administration's policies are jeopardizing the black community and the nation at large, contending that progressive programs are actually promoting poverty at the expense of both the working and privileged classes.

Getting the books **Barack Obama News** now is not type of challenging means. You could not unaided going when book accrual or library or borrowing from your connections to log on them.
