So You Want to Sing Barbershop Diane M. Clark, Billy J. Biffle, 2017-07-25 In *So You Want to Sing Barbershop*, veteran barbershoppers Billy J. Biffle of the Barbershop Harmony Society and Diane M. Clark of Sweet Adelines International provide a practical handbook for singers at all levels who want to learn about the American art form known as barbershop singing. Clark and Biffle explore the history of the style, survey the international organizational structure of the twenty-first century barbershop world, and outline techniques to develop the necessary vocal skills for the style. Guest authors Scott McCoy and Wendy LeBorgne provide valuable information on vocal anatomy and vocal health. The *So You Want to Sing* series is produced in partnership with the National Association of Teachers of Singing. Like all books in the series, *So You Want to Sing Barbershop* features online supplemental material on the NATS website. Four Parts, No Waiting Gage Averill, 2003-02-20 *Four Parts, No Waiting* investigates the role that vernacular, barbershop-style close harmony has played in American musical history, in American life, and in the American imagination. Starting with a discussion of the first craze for Austrian four-part close harmony in the 1830s, Averill traces the popularity of this musical form in minstrel shows, black recreational singing, vaudeville, early recordings, and in the barbershop revival of the 1930s. In his exploration of barbershop, Averill uncovers a rich musical tradition--a hybrid of black and white cultural forms, practiced by amateurs, and part of a mythologized vision of small-town American life. Barbershop harmony played a central -- and overlooked -- role in the panorama of American music. Averill demonstrates that the barbershop revival was part of a depression-era neo-Victorian revival, spurred on by insecurities of economic and social change. Contemporary barbershop singing turns this nostalgic vision into lived experience. Arguing that the old songs function as repositories of idealized social memory, Averill reveals ideologies of gender, race, and class. This engagingly-written, often funny book critiques the nostalgic myths (especially racial myths) that have surrounded the barbershop revival, but also celebrates the civic-minded, participatory spirit of barbershop harmony. The contents of the CD have been replaced by a companion website with helpful links, resources, and audio examples.

**Powerful Voices** Joshua Samuel Duchan, 2007

*The British Barbershopper* Liz Garnett, 2017-07-05 Barbershop singing is a distinctive and under-documented facet of Britain's musical landscape. Imported from the USA in the 1960s, it has developed into an active and highly organized musical community characterized by strong social support structures and a proselytizing passion for its particular style. This style is defined, within the community, in largely music-theoretical terms and is both highly prescriptive and continually contested, but there is also a host of performance traditions that articulate barbershop's identity as a distinct and specific genre. Liz Garnett documents and analyses the social and musical practices of this specialized community of music-makers, and extends this analysis to theorize the relationship between music and self-identity. The book engages with a range of sociological and musicological theoretical frameworks in order to explore the role of harmony, ritual, sexual politics, performance styles and 'tag-singing' in barbershop. This analysis shows how musical style and cultural discourses can be seen to interact in the formation of identity. Garnett provides the first in-depth scholarly insight into the British barbershop community, and contributes to ongoing debates in the semiotics and the sociology of music.

*Barbershops of America* Rob Hammer, 2020 Barbershops are synonymous with great memories, and nostalgic by the smells and feeling of a fresh cut or shave. *Barbershops of America* is the product of a 7-year journey by Rob Hammer, who traveled to all 50 states of the USA, documenting the disappearing old-school barbershop and the men who were staples of their community. Photographs and stories chronicle the barbershops of old, but also capture the stark contrast that is the next generation of traditional barbers. These new-school barbers may look like the polar opposite of what a traditional barber would look like, yet despite the obvious difference in the way these professionals carry themselves, their purpose is consistent: to carry on the tradition that they love.--Back cover

**Barbershopping** Max Kaplan,1993 This is the first comprehensive examination of the remarkable singing groups in the U.S.A., Canada, and Europe known as barbershoppers. In both male and female a capella quartets and choruses, the barbershop singers concentrate on a song literature that was popular in the period 1860-1930. Their purpose is spelled out in the title of a male group founded a half century ago in Oklahoma: the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America (SPEBSQSA). Today, the SPEBSQSA consists of approximately 40,000 men in the United States and Canada, with affiliated chapters in thirty other nations. Two women's groups who share the ideology of the SPEBSQSA are Sweet Adelines International and Harmony, Inc. The entertainment provided by these groups - in both concert performances and international competitions - is enjoyed by a wide public. In 1988 a special committee began to reexamine SPEBSQSA's basic purposes and organization - vis a vis social and aesthetic changes. The committee members decided to create for this reexamination a task force of distinguished scholars with expertise in sociology, ethnomusicology, and music education. Each scholar was invited to research barbershopping as it related to a specific discipline. The historian emeritus of the SPEBSQSA was asked to provide a broad history of the movement. Their work is presented in the current volume - a book that will be of interest to many people: educators, musicians, counselors, social scientists, historians, recreationists, health workers, gerontologists, and - of course - the 75,000 men and women who call themselves barbershoppers.

**The Brick Foxhole** Richard Brooks, 2017-06-06 New York Times Bestseller: This "shocking" murder mystery addresses homophobia in the military during World War II (Richard Wright, author of Native Son). The men in the barracks, wrenched from the normal pursuits of life, are being molded into warriors in a battle against the "others." Isolated and fearful, they sometimes relieve their frustrations on the most disenfranchised civilians, namely homosexuals. But one weekend, one of them loses control and commits murder. This tale of suspense is also a story ahead of its time, written by a young marine stationed at Quantico who would go on to become an Academy Award-winning director of such films as Elmer Gantry and The Blackboard Jungle. Sinclair Lewis, writing in Esquire, called Richard Brooks "a really important new writer" and The Brick Foxhole was acclaimed in the Saturday Review of Literature as "angry, rapid, stream-lined, and beautifully written . . . the best of the new stuff coming out of this war"—though the US Marines threatened the author with court-martial. Eventually, the story was made into the movie Crossfire (with the hate crime in question changed to an act of anti-Semitic rather than antigay violence), which earned Brooks an Edgar Award for Best Motion Picture. Today, The Brick Foxhole remains both a twisting thriller and an early landmark of gay-themed fiction.

**The Schmitt Brothers** P T Rivers, 2020-03-31 In 1951, the Schmitt Brothers won an international singing competition, besting the top 40 quartets in the U.S. and Canada. They blasted to fame in 18 short months and didn't stop singing for 35 years-making them the first to win on their first try and the longest performing quartet to retain its original members. But there's more to the story. The Schmitt Brothers were really brothers-from a family of 17. They were devoted husbands and fathers-with 35 children among them. They were businessmen and civic leaders-who never missed an opportunity to serve and promote their community. They traveled more than 2 million miles and performed in 3,000 programs including the Ed Sullivan, Arthur Godfrey and Lawrence Welk shows as well as Carnegie Hall, Madison Square Garden and the top stages in the country. The Schmitt Brothers were capable of perfectly blending delicate tones, thundering crescendos, cascading decrescendos and chords that-if you didn't know better-made you think there was an entire orchestra backing them up. For everyone who heard the Schmitt Brothers, the magic of their singing brought harmony and joy to all who knew them. This is their amazing story.

*About Barbers* Mark Twain, 2019-12-27 DERT's repackaged version of Mark Twain's little known short story About Barbers captures the universal experience any man that has ever visited a barber can relate to. From how the

shop is described to the methods of those who use a barber, this story will be something many can relate to, and pays homage to the American barber shop that never changes.

*The William Marvy Company of St. Paul* Curt Brown, 2015-01-19 The William Marvy Company's barber poles, encased swirls of red and blue above a rounded stainless-steel base, hang on street corners around the country. The company began creating the vibrant signposts in St. Paul three generations ago. Modern versions of the bloody rags used by surgeon-barbers in the Middle Ages, barber poles are well-known icons, but the Marvy family story is largely unknown. From his humble beginnings as the son of a Latvian émigré carpenter through the growing pains of his namesake company, Marvy showed business acumen and innovation that culminated with his invention of a shatterproof barber pole, ensuring the company's continued success. From crew cuts and the Beatles up through today, barber poles have remained an easily recognized social constant.
