

Base Jumping

Matt Doeden

Extreme Base Jumping Virginia Loh-Hagan,2015-08-01 High interest, edgy activities fill the pages of Nailed It! Extreme Base Jumping. The carefully written, considerate text will hold the readers' interest and allow for successful mastery and comprehension. Written in the high-low format, this series has a HIGH interest level to appeal to a more mature audience but maintains a LOW level of complexity with clear visuals to help struggling readers along. Extreme Base Jumping presents the thrills and spills of this most intriguing extreme sport. A table of contents, glossary with simplified pronunciations, and index all enhance achievement and comprehension.

BASE Jumping Jessica Cohn,2013-01-01 BASE Jumping is the ultimate adrenaline rush. Leaping off a bridge or cliff with nothing but a parachute is thrilling, but a risk few are willing to take. Readers will dive headfirst into the world of BASE jumping through exciting and engaging text. Find out what surfaces BASE jumpers jump off of, and what risks they take for a thrill. Full-color photographs show the gravity-defying feats of BASE jumping while educating readers on the science of the sport. Interactive challenges to encourage exercise of both body and mind are also provided.

BASE Jumping Jason Laurendeau,2012-08-03 This in-depth exploration of the history and culture of the sometimes illegal activity of BASE jumping provides historical and current information as well as a glimpse into the incredible adrenaline rush of the sport. BASE jumping is an extreme sport that has gained significant popularity. To date, there are over 1,400 jumpers who have earned their BASE number, which means that they have jumped from a building, an antenna, a span, and a terrestrial point. And at least one BASE jumper is planning to attempt landing from a BASE jump without a parachute. BASE Jumping: The Ultimate Guide examines the history, subculture, and technologies associated with BASE jumping. Additionally, it considers what the relatively new expansion of this activity means within the context of how our society considers danger and risk. After an introduction, its chapters cover BASE culture and ethics, the sport's origins and current developments, techniques and equipment, sites and events, pioneering jumpers and icons of the sport, and future directions. The author—a former skydiver and BASE jumper himself—draws from careful research as well as interviews with current BASE jumpers to both provide historical context and represent the voices of those participating in the activity.

The Great Book of BASE Matt Gerdes,2014-05-01

BASE Jumping Hal Garrison,2017-12-15 Jumping from a long way up is incredibly dangerous. That's why BASE jumping is a sport saved for the experts. These amazing athletes take leaps from fixed places like antennas and bridges and feel the wind through their hair before using safety equipment like parachutes to make it back to Earth without harm. Sometimes these daredevils will don wingsuits and actually fly while they fall back to earth. Full-color photographs and riveting text capture this sport up close and personal and take readers into the skies.

BASE Jumping K. C. Kelley,2012 An exploration of the skydiving sport done without aircraft as jumpers leap from buildings, antennas, bridges, mountains, cliffs, high bluffs, etc.

Base Jumping S.L. Hamilton,2010-01-01 Base Jumping takes action images and combines them with sports information, written in short, simple wording. From the crazy locations to the gear needed, kids will be captivated by this extreme sport. Unique quotes and facts add dimension to the text, without making it overwhelming. A glossary of subject-specific words enhances the reader's understanding and knowledge of the sport. A&D Xtreme is an imprint of Abdo Publishing, a division of ABDO.

Bird Dream Matt Higgins,2014-07-31 PEN / ESPN Award for Literary Sports Writing (2015 LONGLIST) “[P]erversely entertaining... In a truly intoxicating read that was hard to put down, Matt Higgins has managed to make real a world about as far removed from daily life as it gets.” --Daily Beast Matt Higgins cracks open this astonishingly dangerous sport and captures the spectacular adrenaline surges it delivers.--The Wall Street Journal [R]iveting... a must-read. A highflying, electrifying story. --Kirkus (STARRED) A heart-stopping narrative of risk and courage, Bird Dream tells the story of the remarkable men and women who pioneered the latest advances in aerial exploration—from skydiving to BASE jumping to wingsuit flying—and made history with their daring. By the end of the twentieth century BASE jumping was the most dangerous of all the extreme sports, with thrill-seeking jumpers parachuting from bridges, mountains, radio towers, and even skyscrapers. Despite numerous fatalities and legal skirmishes, BASE jumpers like Jeb Corliss of California thought they had discovered the ultimate rush. But all this changed for Corliss in 1999, when, high in the mountains of northern Italy, he and other jumpers watched in wonder as a stranger—wearing a cunning new jumpsuit featuring “wings” between the arms and legs—leaped from a ledge and then actually flew from the vertiginous cliffs. Drawing on intimate access to Corliss and other top pilots from around the globe,Bird Dream tracks the evolution of the wingsuit movement through the larger than life characters who, in an age of viral video, forced the sport onto the world stage. Their exploits—which entranced millions of fans along the way—defied imagination. They were flying; not like the Wright brothers, but the way we do in our dreams. Some dared to dream of going further yet, to a day when a wingsuit pilot might fly, and land, all without a parachute. A growing number of wingsuit pilots began plotting ways in which a human being might leap from the sky and land. A half dozen groups around the world were dedicated to this quest for a “wingsuit landing,” conjuring the pursuit of nations that once inspired the race to first summit Everest. Given his fame as a stuntman, the brash, publicity-hungry Corliss remained the popular favorite to claim the first landing. Yet Bird Dream also tracks the path of another man, Gary Connery—a forty-two-year-old Englishman—who was quietly plotting to beat Corliss at his own game. Accompanied by an international cast of wingsuit devotees—including a Finnish magician, a parachute tester from Brazil, an Australian computer programmer, a gruff hang-gliding champion-turned-aeronautical engineer, a French skydiving champion, and a South African costume designer—Corliss and Connery raced to leap into the unknown, a contest that would lead to triumph for one and nearly cost the other his life. Based on five years of firsthand reporting and original interviews, Bird Dream is the work of journalist Matt Higgins, who traveled the world alongside these extraordinary men and women as they jumped and flew in Europe, Africa, Asia, and the Americas. Offering a behind-the-scenes take on some of the most spectacular and disastrous events of the wingsuit movement, Higgins’s Bird Dream is a riveting, adrenaline-fueled adventure at the very edge of human experience.

Base Jumping Matt Doeden,2024 Get your heart racing with BASE jumping, the extreme sport of leaping off fixed objects with a parachute. Struggling and reluctant readers will discover the skills and equipment needed to land safely. Includes a table of contents, glossary with pronunciations, further resources, and an index--

See YA at the Top Lori Weiher,2016-03-01 It was a weekend that Jim and Lori Weiher would never forget, but not for the reason they were hoping. On September 13, 2014, the Weiheres took off with their youngest son, Beau, to enjoy the trails of Glacier National Park. Jim, Lori, and Beau's girlfriend, Rebecca, took off one way, and Beau another. What Lori and Jim didn't know is that Beau was going up to do a BASE jump, and that he would never return from that jump. BASE jumping is a fringe sport that has become more popular over the last decade. The problem is, it is illegal to do in most of the United States. The sport, which requires athletes to jump from a standing structure and parachute to the ground, has drawn a range of personalities. It has also acquired a number of misconceptions, which author and mother of Beau, Lori Weiher, looks to discredit in this book that is both a dedication to her son, Beau, and a thorough exploration into the real world of BASE jumping and BASE jumpers. The book looks at the evolution of the sport, the communities that form around it, and then explores the many reasons that a sport, which suffers many fatalities, is so appealing to so many.

Extreme Air Sports Erin K. Butler,2017-08-01 Extreme air sports--such base jumping, skydiving, bungee jumping, and gliding-- can be a rush. Jump overboard and explore the world from the eyes of an extreme athlete.

Memoirs From the Edge: Exploring the Line Between Life and Death Jeb Corliss,2022-04-28 Jeb Corliss is one of the most iconic BASE jumpers and wingsuit pilots of our time, and his autobiography is an odyssey into madness.

Corliss breaks and rebuilds himself time and again, learning what only pain and daring can teach. The tales he brings back offer insight into the darkness that exists within the mind as well as his own unique way of coping. Many grapple with mental illness in one way or another, and Corliss gives a glaringly honest view of his struggle while traversing the world’s most dangerous sports.

Bird Dream Matt Higgins,2015-07-07 A heart-stopping narrative of risk and courage, Bird Dream tells the story of the remarkable men and women who pioneered the latest advances in aerial exploration--from skydiving to BASE jumping to wingsuit flying--and made history with their daring.

Cool Notebook for Base Jumping Enthusiasts, College Ruled Journal Those Who Don't Jump Will Never Fly: Medium Spacing Between Lines Useful Base Jumping Books,2019-02-14 This stylish and practical Notebook (6 x 9 inch; 22.86 x 15.24 cm) for base jumpers has been beautifully hand-designed as a birthday present or general gift. Ideal design for journalling or noting: This college-ruled blank lined notebook is perfect for jotting down ideas, writing things to remember like birthdays, composing, drawing or even doodling. All lines in the notebook are dark grey, instead of black, so they are less distracting. Functional size: 6 x 9 inch; 22.86 x 15.24 cm dimensions; similar to half letter size or A5. The ideal size for all purposes, fitting perfectly into a bag. Reliable standards: Book industry perfect binding (the same standard binding as the books in your local library). Tough paperback. Crisp white paper that minimizes ink bleed-through. The book is great for either pen or pencil users. All lines are in compliance with Medium ruled (or so-called College ruled) paper standard, which has 9/32 inch (7.1 mm) spacing between horizontal lines. Notebook Journal features include: 120 white pages College-ruled notebook (medium ruled) Gorgeously designed cover Journals and notebooks are the perfect gift for any occasion Click the BUY Button at the top of the page to begin. Thank you!

Men on the Edge Caitlin Forsey,2012 In the arena of extreme sports, BASE jumping is among the most dangerous. BASE jumpers leap from fixed objects such as bridges, skyscrapers and cliffs, and freefall for several seconds before parachuting back to earth. Men On The Edge offers a wide-ranging sociological analysis of gender and voluntary risk taking as it unfolds in the context of BASE jumping. This book challenges highly individualistic accounts of voluntary risk taking and extends early attempts to explain the gendered participation in the sport by drawing on wider debates about modernization, individualization, community formation, gender relations and the sociology of the everyday.

Base 66 Jevto Dedijer,2004-11 BASE 66 is the true, nerve-wracking account of three young skydivers and their quest for membership in the most select extreme sports club on earth: The BASE club. In order to become a full-fledged member, Jevto Dedijer, Bernard Poirier, and Scott Elder had to parachute from the top of a building, an antenna tower, a bridge and a cliff, and survive to tell the story--a feat only some 800 adrenaline addicted people have succeeded in doing. In BASE 66, Jevto Dedijer tells the tale of his hunger for the ultimate adrenaline rush. He and his companions shared several near death experiences while traveling across Europe with their parachutes and beer in Bernard's dented Renault 4. They were pioneers in a sport so dangerous that several of their fellow BASE jumpers died in action. BASE 66 is a fascinating story about life and death, terror and joy, and intimate friendship. It is an account of extraordinary people taking a step beyond the edge. Yuri Kuznetsov--BASE 416 Everyone will enjoy reading Jevto's thrilling and humorous tale of his fascinating BASE odyssey and his discovery of a way of life that surpasses artificial boundaries and provides lifelong inspiration. Jean Boenish--BASE 3

BASE Jumping Jessica Cohn,2013-01-01 BASE Jumping is the ultimate adrenaline rush. Leaping off a bridge or cliff with nothing but a parachute is thrilling, but a risk few are willing to take. Readers will dive headfirst into the world of BASE jumping through exciting and engaging text. Find out what surfaces BASE jumpers jump off of, and what risks they take for a thrill. Full-color photographs show the gravity-defying feats of BASE jumping while educating readers on the science of the sport. Interactive challenges to encourage exercise of both body and mind are also provided.

Skydiving Heather Moore Niver,1900-01-01 It's hard to imagine there's a more extreme sport than skydiving. Jumping from a plane at 13,000 feet (3,962 m) or higher seems crazy to some, but those who try it are often hooked for life. Readers of this book step off the plane and into the high-flying world of skydiving, including tandem skydiving, accelerated free fall, BASE jumping, and competitive skydiving. The history and hazards of the sport are also considered, with midair photographs adding an even greater sense of amazement to this high-interest topic.

Base Jumping Introduction

In todays digital age, the availability of Base Jumping books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Base Jumping books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Base Jumping books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Base Jumping versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Base Jumping books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether youre a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Base Jumping books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Base Jumping books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessibleto the public. Open

Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Base Jumping books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Base Jumping books and manuals for download and embark on your journey of knowledge?

FAQs About Base Jumping Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Base Jumping is one of the best book in our library for free trial. We provide copy of Base Jumping in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Base Jumping. Where to download Base Jumping online for free? Are you looking for Base Jumping PDF? This is definitely going to save you time and cash in something you should think about.
