Wills and Administrations of Southampton County, Virginia, 1749-1800 Blanche Adams Chapman,1980 The abstracts of wills and administrations are arranged throughout in more or less chronological order by the name of the deceased. The will records give the name of the testator, names of legatees (often showing relationships), summaries of bequests made in the will, date of the will, date of recording, and the page number of the will book wherein the full will is recorded. The administration records generally provide the dates of inventory and appraisal, names of auditors and appraisers, and references concerning the settlement of the estate. The approximately 2,500 wills and administrations in this work refer to approximately 8,000 persons. Many of the wills furnish evidence of North Carolina connections as well.

The Slave Trade & Migration Paul Finkelman, 2019-06-18 First Published in 1990. American slavery began in Africa. An understanding of slavery begins with the African slave trade and the domestic slave trade. Both were indispensable to the creation of the New World slave societies, including the colonies that became the United States. This book is part of a eighteen volume series collecting nearly four hundred of the most important articles on slavery in the United States. Volume 2 looks at the domestic and foreign slave trade and migration and includes pioneering articles in the history of slavery, important break-throughs in research and methodology, and articles that offer major historiographical interpretations.
