Containing the Cold War in East Asia Peter Lowe,1997

Examines the transitional years during which Britain's vital role in the formulation of Western policies declined markedly, and that simultaneously marked the take-off period of the Cold War. Covers the communist victory in China, the conclusion of the allied occupation of Japan with the restoration of sovereignty to the Japanese state, and the Korean War. Addresses Anglo-American relations and the strains caused by the differing attitudes of the two countries towards East Asia, suggesting that while Great Britain did not determine Western policies in East Asia, it did exert moderating influence on the US on significant occasions.
