Basketball Fun Tyler Omoth,2020-08 Basketball is fun [to] watch, but even more fun to play! Kids can get in the game by learning about the rules of the sport, the equipment needed to play, and the importance of good sportsmanship. Then they can practice a key basketball skill to have even more fun on the court--

One Hundred and One Fun Warm-up and Cool-down Games John Byl,2004 101 Fun Warm-Up and Cool-Down Games provides the antidote to the age-old warm-up and cool-down routines of jogging and stretching. These games engage students and athletes in fun warm-ups that will prepare them mentally and physically for their activity and cool-downs that will help them recover.--BOOK JACKET.

Fun, Fitness, and Skills Howie Weiss,2008 -Engage kids in fun, new games while teaching them key fitness concepts. - Provide appropriate skills practice for students. -Offer plenty of variations to keep the games fresh and exciting. -Use field-tested games that are ready to go at a moment's notice. Fun, Fitness, and Skills: The Powerful Original Games Approach brings 93 fresh games with countless variations. The games are easy to adjust to all grade and ability levels, and you'll never run out of fresh ideas for fun and exciting games that teach fitness concepts and skills. Created by a former teacher and current physical education mentor and staff developer with the Department of Education in New York City, these games have been field-tested in many schools with diverse populations at various grade levels. Yet the outcome of those field tests has been uniform: Kids love the games and teachers find them to be educationally sound and easy to implement. In Fun, Fitness, and Skills, you will find -easy-to-follow games that allow you to concentrate on kids being active and having fun; -clearly written educational objectives for each game that help you focus on key fitness concepts and skills to be learned; -a game finder that makes selecting the right game for your needs quick and easy; -tips and suggestions for teaching and

classroom management; and -variations to keep the games fresh and interesting. The games include warm-ups, fitness and skill games, tag games, and games specially designed for students in kindergarten and first grade. The book also encourages creativity as you create your own games. Many of the games can be modified by changing equipment or a few rules for a sport or activity. Several games use fantasy, holidays, movies, television shows, or classic games with a twist. Most games are cooperative in nature but have a low-key competitive element or variation that will help students understand how to work together while also learning how to compete appropriately and with good sportsmanship. These games, which address the NASPE National Standards, will help you meet important physical education objectives. The book focuses on activity that is fun while also building skills for activities that students can enjoy for life. Indeed, through Fun, Fitness, and Skills: The Powerful Original Games Approach, kids will have fun and learn while practicing skills and fitness concepts. You will discover exciting new ways to teach or improve your students' skills and fitness. This cookbook of games with all their variations will be a recipe for active success in your classes!

Screen-Free Fun Shannon Philpott-Sanders, 2018-04-03 Fight back against boredom and keep your kids busy and entertained—without staring at a screen—with this handy collection of family activities ranging from DIY projects to outdoor adventures to easy daytrips. While technology often offers a quick

and easy parenting solution to keep children entertained, too much screen time can negatively affect developmental and social skills, and even lead back to the original problem—boredom. Screen-Free Fun offers over 400 ideas to disconnect from tech devices and reconnect with our families in a healthier way. You and your child can pick from DIY activities to games to weekend outings. Since many of the activities work well for kids at various ages, your family will be able to grow along with the different projects and make plans for both younger and older siblings alike. You can try indoor projects like homemade slime, outdoor activities like building a fort, or learn more about your favorite destinations with activities like a scavenger hunt in your neighborhood or an i-spy game at the zoo. There is also space for your family to add your own favorite activities so you never forget a great idea or memory! From summer vacation to holiday breaks and every rainy day in between, with this book you and your family will always have something fun to do together—without ever having to resort to a tablet, phone, or computer.

Juggling Flaming Chain Saws Joanne M. Marshall, Jeffrey S. Brooks, Kathleen M. Brown, Leslie Hazle Bussey, Bonnie Fusarelli, Catherine A. Lugg, Latish C. Reed, George Theoharis, Mark A. Gooden, 2012-11-01 Challenges of work-life balance in the academy stem from policies and practices which remain from the time when higher education was populated mostly by married White male faculty. Those faculty were successful in their academic work because they depended upon the support of their wives to manage many of the not-work aspects of their lives. Imagine a tweedy middle-aged white man, coming home from the university to greet his wife and children and eat the dinner she's prepared for him, and then disappearing into his study for the rest of the evening with his pipe to write and think great thoughts. If that professor ever existed, he is now emeritus. Juggling Flaming Chainsaws is the first book in a new series with Information Age Publishing on these challenges of managing academic work and not-work. It uses the methodology of autoethnography to introduce the work-life issues faced by scholars in educational leadership. While the experiences of scholars in this volume are echoed across other fields in higher education, educational leadership is unique because of its emphasis on preparing people for leadership roles within higher education and for preK-12 schools. Authors include people at different places on their career and life course trajectory, people who are partnered and single, gay and straight, with children and without, caring for elders, and managing illness. They hail from different geographic areas of the nation, different ethnic backgrounds, and different types of institutions. What all have in common is commitment to engaging

with this topic, to reflecting deeply upon their own experience, and to sharing that experience with the rest of us.

Flying Funny Dudley Riggs, 2017-04-11 Dudley Riggs didn't have to run away from home to join the circus. Home was the circus. Son of the acclaimed aerial flyers Riggs and Riggs, he made his circus debut as a polar prince parading in a wagon pulled by a polar bear. At the age of five, he graduated to a risqué vaudeville act during the circus off-season; at eight, he outgrew his cutes (and his child stardom) and joined his high-flying parents on the trapeze. Eventually he had to learn to "fly funny" because he grew too tall to fly straight. In one way or another, Riggs has been flying ever since. The rest, as they say, is history. And what a story it is. In *Flying Funny*, Riggs shares many highs and lows while describing circus life and the evolution of America's popular entertainment during the twentieth century. From his early life in circus and vaudeville to his creation of the Brave New Workshop, we see how his show business experience and instincts helped him create in Minneapolis what became the "next wave" in American entertainment—improvisation. As a young man, Riggs lost everything in a tornado, got an education on the fly, and sailed with the All American circus to post-war Japan. On a slow boat home and restless about his future, he developed the idea of Word Jazz—creating a script on stage as it is being performed—and shortly after he opened the Instant Theater in New York. Later, he moved to Minneapolis where he founded the Brave New Workshop, launching the careers of comic greats such as Penn and Teller, The Flying Karamazov Brothers, Louie Anderson, Peter Tolan, Pat Proft, Nancy Steen, Liz Winstead, Al Franken and many others. Today, the Brave New Workshop thrives as the longest running improvisational theater in America. From flying funny on the trapeze to theater without a net, Dudley Riggs's story is filled with hearty laughs and eyebrow-raising insights. With a wry sense of humor and infectious warmth, he shares the exhilaration of flying whether through the air or on the stage.
