Players and Pretenders, 2007-05-01 *Players and Pretenders* tells the story of the flip side of basketball's March Madness, where the game is played by average players for love, not for money. At the end of the 1970s at Bard College, where there was no pretense of institutional support, Charley Rosen gathered his hoops hopefuls and put together a basketball season whose impact reached far beyond the court. Writing with a humorous touch, Rosen details the Running Red Devils' season, simultaneously examining the lives of those who made it so memorable and providing a glimpse of how the team members existed off the courts as both players and pretenders. His book playfully depicts the 1979-80 basketball season at Bard College and the "sports for fun" side of the game.

He ended his 12-hour streak without a miss, stopping only because they had to close the gym for the night. In *Free Throw*, he reveals his secrets. Beginning with the proper mechanics of the shot, he then

explains the importance of the mental game and shares his techniques to help players stay on target even while under pressure. Combining these mental and physical elements, he presents a unique and straightforward 7-step method that teaches readers how to become a 90% free throw shooter. The free throw is the Achilles heel of the basketball player -- many players are great from the floor but lousy at the line. Free Throw is the only book to address this important skill. Clearly written, with principles that are easy to put into practice, it is an indispensable manual for all basketball players and coaches.

Throw the Ball High Mickey Crowley, 2022-02-03 No doubt about it, there was a time when Mickey Crowley was the busiest man in basketball. A legendary, world-class referee with a reputation for humor, fairness, and getting the call right, Mickey always has been a man in motion. He officiated dozens of college games annually from 1962 until 1991. His last game was the NCAA championship battle between Duke and Kansas. A member of six halls of fame, Mickey was on the ground floor in the 1980s when the Big East emerged as the nation's premier basketball conference. His face was a fixture at Madison Square Garden. Known for his quick wit, Mickey for years has told stories of his biggest games and coaches like Lou Carnesecca, John Thompson, P. J. Carlesimo, John Chaney, Mike Krzyzewski, Rick Pitino, and Bob Knight. Michael Jordan, Patrick Ewing, Shaquille O'Neal, Chris Mullin, and Lew Alcindor (Kareem Abdul-Jabbar) are among the more notable players Mickey has seen up close since he began his officiating career in 1957. Mickey also ran one of the nation's top basketball camps for referees for nearly forty years. He traveled the world officiating games, notably in Puerto Rico, Uruguay, and Yugoslavia. Among his many stops was a stage in Las Vegas, where he once sang a duet with Suzanne Somers. Being a referee was Mickey's part-time job. For years, his full-time job was as a Nassau County administrator who assigned officials for hundreds of high school, college, and junior college sporting events. A native of Queens, New York, he served in the army, drove a truck, tended bar, managed a baseball team, and fathered a family. Now, he can proudly add author to his vast list of accomplishments with the publication of this autobiographical memoir, *Throw the Ball High*. Fifteen Feet For Free Jim Lee, 2012-06-07 "Jimmy Lee was the best shooter from 15-feet I have ever seen. If he got his shot, he made it. Early, middle, or late in games - it did not matter when. Jimmy had great fundamentals, he worked hard and he shot the ball with great confidence. He was so consistent; if he missed a shot you thought it was an accident. His thoughts and techniques can help anyone improve their free throw shooting" Jim Boeheim - Head Coach at Syracuse University, Naismith Basketball Hall of Fame, Class of 2005; 2008 Olympic Gold Medal, Team USA, 2010 World Championship Gold Medal, Team USA; 2010 Division I Coach of the Year "Jim Lee and I were contemporaries at Syracuse. He played in the games - I talked about them. I remember him as a clutch shooter (in the 1975 NCAA Tournament, his 18-footer with 3 seconds left upset North Carolina, and paved the way for Syracuse's first trip to the Final Four). Since Jimmy was pretty close to automatic from the foul line, just about every player, at every level, can benefit from his advice and proven approach." Bob Costas - NBC Sports "This is a rare book, because Jim is able to weave together invaluable skills instruction with a very personal and informative story about his relationships with teammates, coaches, and most importantly his family. Jim's father, as both a veteran and a person with disabilities, clearly served as an exemplar for Jim with regard to how he approached basketball

- and how he approached life. This is clearly illustrated by the fact that Jim has committed to leverage the proceeds from sales of this book to improve the lives of this generation of veterans with disabilities. On so many levels, Jim's book is powerfully positioned to impart lessons about basketball and life that are meaningful and timeless." Mike Haynie, PhD - Executive Director, Institute for Veterans and Military Families, Syracuse University; Barnes Professor of Entrepreneurship, Whitman School of Management, Syracuse University "Fifteen Feet For Free is an easy read for all ages. It can be very helpful for kids just beginning their basketball days, and I can see a great benefit for more experienced players. The fundamental instructions in this book can easily improve a player's free throw percentage." Morgan Wootten - 1,274 wins as Head Basketball Coach at DeMatha HS; Naismith Basketball Hall of Fame, Class of 2000; National Coach of the 20th Century; Four-time recipient of National Coach of the Year; 10-time recipient of Coach of the Year in the Washington D.C. Area "The fundamentals of great free throw shooting are in complete alignment with the values of practice, repetition, goal setting, and mental calm that successful business people employ. Jim gets this and writes about it in an amazingly real and compelling way." Mike Perlis - President and CEO, Forbes Media

Rise and Fire Shawn Fury, 2016-02-23 It's hard to believe that there was a time when the jump shot didn't exist in basketball. When the sport was invented in 1891, players would take set shots with both feet firmly planted on the ground ... It took almost forty years before players began shooting jump shots of any kind and sixty-five years before it became a common sight. When the first jump shooting pioneers left the ground, they rose not only above their defenders, but also above the sport's conventions. The jump shot created a soaring offense, infectious excitement, loyal fans, and legends ... [This book] celebrates this crucial shot while tracing the history of how it revolutionized the game, shedding light on all corners of the basketball world--

Shoot Like the Pros Adam Filippi, 2011-02-01 Shooting is the most important fundamental skill in basketball, but despite being the skill players are the most willing to practice, shooting technique is perhaps the least-taught fundamental of the game. In addition, there are very few instructional basketball books dedicated exclusively to shooting. Shoot Like the Pros is perhaps the most detailed analysis of shooting mechanics, covering every aspect of shooting, ever published. Divided into seven sections, it covers shooting mechanics, the mental aspects of shooting, free throws, game situations, strength and conditioning, teaching methods, and finally workout drills for advanced levels. Including tips from some of the NBA's biggest stars, this is a book that will give both players and coaches at all levels proper direction on how to improve shooting technique.
