**Elementium** C. R. Jenerette,2018-08-21 Fifteen-year-old Tsunamen Aquos is now the prince and ambassador of Tsunine and the Aquos Kingdom. For his birthday, the queen gifts him with Victoria Sidian, a beautiful Alluvian slave who has recently been released from captivity. Tsunamen is immediately enthralled. After Tsunamen decides to enter the Elementium tournament that is held once every five years and allows the victor to rule the continent uncontested, he begins preparations. As he broadens his horizon and readies himself for the most dangerous stage in his young life, he must face many terrifying characters that include vanishing assassins, a mad scientist, and the horsemen of the apocalypse in his pursuit to win the tournament. While immersed in a battle for his life, he must also balance his increasing feelings for Victoria and decide if she will be the next princess of Tsunine. As the future precariously hangs in the balance, will Tsunamen win or allow another to decide the fate of an entire continent? In this science fiction adventure, a young prince must balance love and life while preparing for a tournament that, if he wins, will allow him to rule the continent.

Team Chu and the Battle of Blackwood Arena Julie C. Dao,2022-07-26 A rollicking, action-packed adventure of laser tag and fierce sibling rivalries, Team Chu and the Battle of Blackwood Arena is the first book in a commercial middle grade fantasy series by Julie C. Dao. Clip and Sadie Chu couldn't be more different. Popular, athletic Clip wants to become his school's first seventh-grade soccer captain, while brainy star student Sadie is determined to prove that she can do anything her boastful brother can. They have just one thing in common: they love laser tag. Like, really love it. When the Blackwood Gaming Arena comes to town, bringing virtual reality headsets and state-of-the-art courses, they couldn't be more excited—or competitive. But then a mysterious figure appears and claims to be a part of the game, forcing the Chus and their friends to save themselves from a sinister force lurking inside the simulation. Together, they must fight their way through epic battlegrounds that will test their speed, skills, and smarts . . . but will Clip and Sadie learn that they're far better off working together than competing for the ultimate victory?

**War and State Building in Medieval Japan** John A. Ferejohn,Frances McCall Rosenbluth,2010-04-20 The nation state as we know it is a mere four or five hundred years old. Remarkably, a central government with vast territorial control emerged in Japan at around the same time as it did in Europe, through the process of mobilizing fiscal resources and manpower for bloody wars between the 16th and 17th centuries. This book, which brings Japan's case into conversation with the history of state building in Europe, points to similar factors that were present in both places: population growth eroded clientelistic relationships between farmers and estate holders, creating conditions for intense competition over territory; and in the ensuing instability and violence, farmers were driven to make Hobbesian bargains of taxes in exchange for physical security.

Valentine Chet Raymo,2007-02-25 Little is known about Valentine, whose name symbolizes romantic love. Chet Raymo draws on the tradition that Valentine was a physician in love with the blind Julia to thread his way through the fabric of romance while illuminating the world of the Roman Empire of Claudius II—a time when Christian deaths provided public entertainment. The ideas in Valentine are startlingly relevant to our own times: globalization vs. fundamentalism, reason vs. superstition, the subversion of virtue by wealth—and the power of passionate love to overcome all obstacles to its consummation.

*Battle for Liberation* Austin Kirby,2017-06-13 In the early 2060 a new sport was coming into its prime called Battle for Liberation. It is a gladiator style fighting with American convicts as it contenders. Special drugs are given to the players to enhance thier speed and strength all for our amusement. John Marsh was a detective in the NYPD before he was arrested. Now he must join this bloody battle to earn his freedom, stop a psychopath, and be with his daughter.

**Battle Droid Academy** Brian Rech,2023-01-30 Join Tomoka and his friends as they go through life at Battle Droid Academy. Where they learn how to control and piolet machines called battle droid. Everything is all good and well until Tomoka starts to find out about a family he has that he doesn't even know about. His friends do their best to help him figure things out and keep everyone safe at the school.

**The Fighting Times of Abe Attell** Mark Allen Baker,2017-11-30 Abraham Washington Attell (1883-1970) was among the cleverest, most scientific professional boxers ever to enter the ring. The native San Franciscan fought 172 times--with 127 wins, 51 by knockout--and successfully defended his World Featherweight Champion title 18 times between 1906 and 1912, defeating challengers who included Johnny Kilbane and Battling Nelson. Abe's success inspired his brothers Caesar and Monte to take up the sport--Abe and Monte both held simultaneous world titles for a time. This first ever biography covers Attell's life and career. Growing up poor and Jewish in an predominantly Irish neighborhood, he faced his share of adversity and anti-Semitism. He was charged for alleged involvement in the 1919 Black Sox Scandal. The charges were dropped but Attell was branded for the remainder of his life.

The Last Battle of Atlantis Thomas D. Turner,2012-12 Twelve thousand years ago, heroes and antagonists were made. Civilizations were starting to flourish. Within their social structures there was love, honor, and friendship. On the other side of the spectrum, there was also greed, fear, and power. Within the last one hundred years, archeologists and paleontologists unearthed a new world. After the Ice age, archeologists discovered civilizations with

architectural buildings and commerce. Paleontologists have proof of animals which were not like we are accustomed to today. They have uncovered giant sloths, mammoths, giant rhinos, and giant elk, all living amongst the civilizations before written history. So far, Atlantis is a legend. In those legends there had to be a leader and hero that brought Atlantis together. The story of Atlandreous unfolds as Duncan, a present day archeologist, visions the beginning of the Atlantean Empire.

*Wars of Modern Babylon* Pesach Malovany,2017-07-21 As long as there have been wars, victors have written the prevailing histories of the world's conflicts. An army that loses -- and especially one that is destroyed or disbanded - is often forgotten. Nevertheless, the experiences of defeated forces can provide important insights, lessons, and perspectives not always apparent to the winning side. In *Wars of Modern Babylon*, Pesach Malovany provides a comprehensive and detailed history of the Iraqi military from its formation in 1921 to its collapse in 2003. Malovany analyzes Iraqi participation in the 1948, 1967, and 1973 Arab wars against Israel as well as Iraq's wars with the Kurds during the twentieth century. His primary focus, however, is the era of Saddam Hussein (1979--2003), who implemented rapid and significant military growth and fought three major wars: against Iran from 1980 to 1988, and against coalition forces led by the United States in 1991 and 2003. He examines the Iraqi military at the strategic, operative, and tactical levels; explains its forces and branches; and investigates its use of both conventional and unconventional weapons. The first study to offer a portrait of an Arab army from its own point of view, *Wars of Modern Babylon* features interviews with and personal accounts from officers at various levels, as well as press accounts covering the politics and conflicts of the period. Malovany also analyzes books written by key figures in the Iraqi government and the army high command. His definitive chronicle offers English speakers new and overlooked perspectives on critical developments in twentieth-century history. The book won the Israel Yitzhak Sade Award for Military Literature in 2010.

The Man in the Arena Eddie Gallagher,Andrea Gallagher,Andy Symonds,2020-12-08 On September 11, 2018, Navy SEAL Chief Edward Gallagher-a highly-decorated combat veteran with deployments to war zones in Cosovo, Africa, Afghanistan, and Iraq-was arrested for war crimes at the TBI medical clinic where he was receiving treatment. His incarceration was the culmination of a year-long whisper campaign started by a group of disgruntled underlings after a successful deployment decimating ISIS in Mosul, Iraq. After that deployment, Chief Gallagher was named the #1 Chief at SEAL Team 7, nominated for a Silver Star for valor on the battlefield, and listed for promotion. A few junior members of the platoon whom Chief Gallagher had called out for cowardice and ineptitude decided they couldn't let those things stand, and escalated minor leadership complaints into false accusations of stabbing a captured ISIS fighter and shooting noncombatants. Fighting against a corrupt investigation and a deceitful prosecutor who would be removed from the case for spying on defense attorneys, Chief Gallagher was found innocent on all major charges, and freed from prison. But only after he and his family were put through hell. President Trump had to intervene for Chief Gallagher to have access to his lawyers before trial, then restored his rank and insured his Trident pin was not taken after the acquittal. This tell-all exposes a military justice system designed to break and persecute our country's warfighters, told by a family who was targeted by it. While heavily covered in the media, the full story of how a war hero was railroaded and nearly sent to prison for life for crimes he didn't commit has never been told. Chief Gallagher did not testify at his trial and has spoken in little detail about how this travesty came about. Until now. A shocking, raw, exposé that pulls no punches and calls out each and every bad actor in this surreal story. People always tell me, if our life was a movie, no one would believe it. -Andrea Gallagher

*War of the Gods* Alan Hotchkiss,2020-08-15 Do Gods actually exist? The answer to one of life's ultimate questions is finally answered. Turns out they do.....Just not the kind we were hoping for! When five Gods appear on Earth, they bring with them a reign of destruction that wipes out half the population and most of the Earth's infrastructure in one single day, and a message for those who remain. Serve your Gods as they demand, or die! From the rubble, a new way of life is born. Strict and harsh in equal measure as the humans are put to work serving their Gods. Money, wealth and greed become things of the past. Five great pyramids are constructed for the Gods, large enough to contain a whole city. One in each of their chosen lands, within the five most populated continents on Earth. Near to each pyramid, another grand building is constructed. Home to the only form of entertainment found on the New Earth, The Colosseums. Centuries since the last gladiators pitted their wits against each other, the blood sport returns in abundance as the Gods train and hone their champions of the arena, then face off against the other Gods in organised wars. Thousands of men and women savagely dying, purely for the entertainment and bragging rights of each God. When a young gladiator named Jacob rises up through the ranks, the humans soon discover he represents their greatest hope of rebelling against the all-powerful Gods. However, when Jacob falls for the charms of the beautiful Goddess Petra, his divided loyalty is called into question in ways he could never have imagined.
