The Rigveda: 3-Volume Set,2014-04-23 The Rigveda is the oldest Sanskrit text, consisting of over one thousand hymns dedicated to various divinities of the Vedic tradition. Orally composed and orally transmitted for several millennia, the hymns display remarkable poetic complexity and religious sophistication. As the culmination of the long tradition of Indo-Iranian oral-formulaic praise poetry and the first monument of specifically Indian religiosity and literature, the Rigveda is crucial to the understanding both of Indo-European and Indo-Iranian cultural prehistory and of later Indian religious history and high literature. This new translation represents the first complete scholarly translation into English in over a century and utilizes the results of the intense research of the last century on the language and the ritual system of the text. The focus of this translation is on the poetic techniques and structures utilized by the bards and on the ways that the poetry intersects with and dynamically expresses the ritual underpinnings of the text.

Operation Phantom Fury Dick Camp,2009-12-15 The Second Battle for Fallujah, dubbed Operation Phantom Fury, took place over an almost two-month period, from November 7 to December 23, 2004. The Marine Corps' biggest battle in Iraq to date, it was so prolonged and fierce that it has entered the pantheon of USMC battles alongside Iwo Jima, Inchon, and Hue City. This book offers an in-depth, intimate look into Operation Phantom Fury, the single most significant battle undertaken during the occupation of Iraq. The author, a retired Marine Corps colonel with combat service in Vietnam, conducted personal interviews with combatants, from the division commander in charge of the operation down to Marine infantrymen who did the fighting. The result--illustrated with a hundred action photographs--is a rare firsthand account of the brutal reality of the war in Iraq, how this battle for a key city was fought, and how such a crucial battle looks from positions of command and from the thick of the fight.

The Greatest Fury William C Davis,2020-10-06 "Davis's accounts of small fights won by hot blood and cold steel are thrilling."—The Wall Street Journal From master historian William C. Davis, the definitive story of the Battle of New Orleans, the fight that decided the ultimate fate not only of the War of 1812 but the future course of the fledgling American republic It was a battle that could not be won. Outnumbered farmers, merchants, backwoodsmen, smugglers, slaves, and Choctaw Indians, many of them unarmed, were up against the cream of the British army, professional soldiers who had defeated the great Napoleon and set Washington, D.C., ablaze. At stake was nothing less than the future of the vast American heartland, from the Gulf Coast to the Great Lakes, as the ragtag American forces fought to hold New Orleans, the gateway of the Mississippi River and an inland empire. Tipping the balance of power in the New World, this single battle irrevocably shifted the young republic's political and cultural center of gravity and kept the British from ever regaining dominance in North America. In this gripping, comprehensive study of the Battle of New Orleans, William C. Davis examines the key players and strategy of King George's Red Coats and Andrew Jackson's makeshift army. A master historian, he expertly weaves together narratives of personal motivation and geopolitical implications that make this battle one of the most impactful ever fought on American soil.

Beowulf and the Celtic Tradition Martin Puhvel, 2010-10-30 The author traces and evaluates the possible influences of Celtic tradition on the Anglo-Saxon epic poem Beowulf. He discusses theories of the origins of the poem, draws parallels between elements in Beowulf and in Celtic literary tradition, and suggests that the central plot of the poem, the conflict with Grendel and his mother, is fundamentally indebted to Celtic folktale elements. The study is well documented and rich in references to Celtic literature, legend, and folklore.

The Artistry and Tradition of Tennyson's Battle Poetry Timothy J. Lovelace, 2004-03 Argues that Tennyson's war poems reflect image patterns of the Iliad and the Aeneid, and reinvigorate the heroic ethos that informs these and other ancient texts.

Anzac Fury Peter Thompson, 2010-05-01 From Tobruk to the Battle of Crete - the new bestseller from the author of Pacific Fury. Anzac Fury commemorates the 65th anniversary of the end of World War II in Europe when 8900 Anzac prisoners of war captured in Greece and Crete were released from captivity. In 2010 it will be exactly 70 years since the 2nd AIF arrived in the Middle East to begin their extraordinary adventures in battles against the German and Italian armies in North Africa, mainland Greece and Crete prior to the outbreak of the Pacific War. Written by a brilliant storyteller, Anzac Fury tells the riveting story of how the legendary Anzac Corps was reformed in the heat of battle during World War II to fight a powerful and merciless foe. Dramatically combining personal memories with combat action, Anzac Fury gives voice to the experiences of young Australians and New Zealanders who were sent on Churchill's orders from the victorious battlefields of Libya on a disastrous mission to Greece and Crete. A companion volume to the acclaimed 2008 publication Pacific Fury, this book celebrates the Anzac spirit of sacrifice, mateship, courage and endurance that sustained the new Anzacs during the darkest days of the war.

A Companion to Twentieth-Century Poetry Neil Roberts, 2008-04-15 In the twentieth century more people spoke English and more people wrote poetry than in the whole of previous history, and this Companion strives to make sense of this crowded poetical era. The original contributions by leading international scholars and practising poets were written as the contributors adjusted to the idea that the possibilities of twentieth-century poetry were exhausted and finite. However, the volume also looks forward to the poetry and readings that the new century will bring. The Companion embraces the extraordinary development of poetry over the century in twenty English-speaking countries; a century which began with a bipolar transatlantic connection in modernism and ended with the decentred heterogeneity of post-colonialism. Representation of the 'canonical' and the 'marginal' is therefore balanced, including the full integration of women poets and feminist approaches and the in-depth treatment of post-colonial poets from various national traditions. Discussion of context, intertextualities and formal approaches illustrates the increasing self-consciousness and self-reflexivity of the period, whilst a 'Readings' section offers new readings of key selected texts. The volume as a whole offers critical and contextual coverage of the full range of English-language poetry in the last century.
