Doug Woolsey,Donald Olson

World War Z Max Brooks, 2006 Brooks, author of the straight-faced parody The Zombie Survival Guide, tells the story of the world's desperate battle against the zombie threat with a series of first-person accounts by various characters around the world.

The Battle of Zombie Hill Nancy Osa, 2015-07-07 Rob is on his way home from vacation when his plane goes down over the ocean biome. He eventually reaches shore, but where is he? And what new dangers lie ahead? His attempts at survival barely keep him alive until he allies with Frida, the sole inhabitant of a lonely stretch of beach. Rob learns enough from Frida to survive, but he misses life on his family's horse ranch. Determined to find his way home, he sets off to cross the Extreme Hills—and steps into the middle of an ongoing war. The evil Dr. Dirt has enchanted battalions of skeletons to invade every biome and hold every boundary in an attempt to rule the Overworld. Now peace-loving Rob and stealthy Frida must put together their own army and save humanity if Rob is ever to see his home and family again. Using his skills in taming and training horses, Rob forms a cavalry and recruits the friends he makes along the way. Turner and Stormie are naturally brave and quick-witted. Jools and Kim need encouragement but have a way with animals and can unravel even the toughest problems. Unfortunately, Dr. Dirt has a surprise for the ragtag unit; he's mounted his skeleton soldiers on zombie horses, and the combination spells terror for Rob and company. Will they survive an all-out war for the Overworld? And what lies in store for them after the final zombie cavalry charge? This new young adult series is perfect for Minecrafters who want a real adventure story filled with great characters and intense battle scenes. Follow Rob, his trusty horse Saber, and the members of Battalion Zero over massive and deadly terrain in this first book in the Defenders of the Overworld series. Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

The Zombie War Battle for Britain Tom Holroyd, 2017-10-22 The Zombie War was the longest and most costly conflict that Britain has ever waged. No one knows the true figure of those who lost their lives in the long years of the war and tragically too many have lost their lives in the years of peace that have followed. Life expectancy is a shadow of what it was and many diseases and ailments that science thought it had eradicated have returned. Many of

those who survived the war have since died, taking with them the stories and memories of the most devastating and important struggle that mankind has ever waged. This book is the record of those stories, an attempt to remember the actions of those who lived through this devastating conflict. From the first stages of the outbreak, to the chaos of the mass panic and finally to the death of the last Infected, it is a homage to those who saved our nation.

Pop Culture and the Dark Side of the American Dream Paul A. Cantor, 2019-05-17 The many con men, gangsters, and drug lords portrayed in popular culture are examples of the dark side of the American dream. Viewers are fascinated by these twisted versions of heroic American archetypes, like the self-made man and the entrepreneur. Applying the critical skills he developed as a Shakespeare scholar, Paul A. Cantor finds new depth in familiar landmarks of popular culture. He invokes Shakespearean models to show that the concept of the tragic hero can help us understand why we are both repelled by and drawn to figures such as Vito and Michael Corleone or Walter White. Beginning with Huckleberry Finn and ending with The Walking Dead, Cantor also uncovers the link between the American dream and frontier life. In imaginative variants of a Wild West setting, popular culture has served up disturbing—and yet strangely compelling—images of what happens when people move beyond the borders of law and order. Cantor demonstrates that, at its best, popular culture raises thoughtful questions about the validity and viability of the American dream, thus deepening our understanding of America itself.
