LCDR Daniel B. Morio USN

**The Second Battle of Bull Run** Jacob Dolson Cox, 1882 In December, 1862, General Fitz-John Porter was tried by court-martial for his conduct during the Second Battle of Bull Run. He was arraigned for criminal insubordination and disobedience of orders. General Porter appealed this arraignment and in 1878 President Hayes appointed an Advisory Board to further investigate the matter. This paper is a response to the findings of that board as the author contends that the decision of the court-martial should not be overturned.

From Second Bull Run to Gettysburg Edward J. Stackpole, 2018-05-01 Stackpole Books presents Gen. Edward J. Stackpole's Civil War classics -- They Met at Gettysburg, Drama on the Rappahannock, Chancellorsville, and From Cedar Mountain to Antietam -- in a single abridged volume that covers the war's pivotal and turbulent middle year in the Eastern Theater, from the summer of 1862 through the summer of 1863. This year of bloody conflict included the war's defining battles: Second Bull Run, Antietam, Fredericksburg, Chancellorsville, and Gettysburg. It was a year during

which the Union cycled through generals as Lincoln sought one who could fight and win – from McClellan to Pope for Second Bull Run, back to McClellan for Antietam, to Burnside for Fredericksburg, to Hooker for Chancellorsville, and to Meade for Gettysburg. As Union command in the East remained unsettled and these generals proved incompetent, timid, or both – or worse – this was the South’s chance, and Lee came into his own as a general for the ages during these months, besting Pope at Second Bull Run, decimating Burnside at Fredericksburg, and outsmarting and outfighting Hooker, with help from Stonewall Jackson, at Chancellorsville. Lee, with a growing belief in his army’s invincibility and an awareness that the Union’s considerable resources in men and material would soon tell, twice mounted invasions of the North during these months, first at Antietam, where he fought McClellan to a draw but had to turn back, and last and more disastrously at Gettysburg, where Meade defeated Lee in three days of hard fighting and sent the Confederates reeling back to Virginia. This was also the year during which Lincoln gave the war higher purpose and greater stakes: Antietam enabled him to issue the Emancipation Proclamation while Gettysburg yielded the famous address.

The new birth of freedom Lincoln promised would be won or lost on the battlefield. This is epic history, told in sweeping, dramatic style by a master of the craft. One battle flows seamlessly to the next in Stackpole's grand narrative, which also turns a soldier's eye to the leadership of the men in blue and gray. This book will find enthusiastic readers among general readers as well as among Civil War buffs, military history aficionados, and military officers seeking insightful professional reading.

Wendell Holmes claimed that historian Benson J. Lossing did more than any other man to make history interesting and popular. Lossing wrote his comprehensive three-volume history of the Civil War at a time when the facts were still fresh. Originally published in 1868, Volume Three covers the period from midsummer 1863 to the war's end in the spring of 1865. Lossing accompanies his narratives of marches, battles, and sieges with maps and plans, includes biographical sketches of the prominent people from both sides of the conflict, and illustrates his history with hundreds of drawings and engravings by the author and others.

**John Pope – Failure At Second Battle Of Bull Run** LCDR Daniel B. Morio USN,2015-11-06 Was the failure of the Army of Virginia at the Second Battle of Bull Run a result of General John Pope being a failure as a leader or were there other circumstances that helped him in his loss? General

Pope had a long career in the Army that to the Second Battle of Bull Run had gone well. Pope had distinguished himself in the Mexican-American War and had done well early on in the western theater of operations during the Civil War. With his assumption of command in northern Virginia, Pope entered a realm in which he was unfamiliar, not welcomed by the troops he led and out of his league with regards to the Confederate leaders arrayed against him. Pope's paranoia regarding commanders who had come from General George McClellan's Army of the Potomac resulted in a lack of trust in first-hand accounts from senior officers as well as intelligence presented. This lack of trust resulted in his disregarding the fact that General Lee and Longstreet had moved 25,000 Confederate soldiers through Thoroughfare Gap and combined forces with General Jackson and deployed them along the right flank of Jackson's forces and perpendicular to Pope's force. This force then proceeded to assail the Union flank to nearly disastrous proportions. The fog of war has clouded the judgment of many generals throughout history and Pope was no exception. The fog of war negatively affected his imagination and ability to think critically throughout the battle.

**Allegany to Appomattox** Valgene Dunham,2013-04-04 On September 7, 1864, William Whitlock, aged thirty-five, left his wife and four children in Allegany, New York, to join the Union army in battle. More than 100 years later, his unpublished letters to his wife were found in the attic of a family home. These letters serve as the foundation for **Allegany to Appomattox**, giving readers a vivid glimpse into the environment and political atmosphere that surrounded the Civil War from the perspective of a northern farmer and lumberman. Whitlock's observations tell of exhausting marches, limited rations, and grueling combat. In plainspoken language, the letters also reveal a desperate homesickness, consistently expressing concern for the family's health and financial situation and requesting news from home. Dunham's detailed descriptions of the war's progress and specific battles provide a rich context for Whitlock's letters, orienting readers to both the broad narrative of the Civil War and the

intimate chronicle of one soldier's impressions.

**The Greatest Civil War Battles** Charles River Charles River Editors, 2018-02-14 \*Includes pictures of important people, places, and events. \*Includes maps of the battle. \*Analyzes the generalship of the battle's most important leaders, including Robert E. Lee, James Longstreet, and John Pope. \*Includes descriptions of the fighting from the post-battle reports and memoirs of some of the leading generals, including Stonewall Jackson, Longstreet, Pope, Lee, and more. \*Includes a Bibliography for further reading. A splendid army almost demoralized, millions of public property given up or destroyed, thousands of lives of our best men sacrificed for no purpose. I dare not trust myself to speak of this commander as I feel and believe. Suffice to say...that more insolence, superciliousness, ignorance, and pretentiousness were never combined in one man. - Union II Corps Commander Alpheus Williams

The Second Battle of Bull Run (August 28-30, 1862) was one of the most decisive battles fought during the Civil War, and it was also one of the most unlikely. Less than three months before the

battle, Joseph E. Johnston's Army of Northern Virginia had been pushed back nearly all the way to Richmond by George B. McClellan's Army of the Potomac, so close that Union soldiers could see the church steeples of the Confederate capital. And yet, at the end of Second Manassas, Robert E. Lee's Army of Northern Virginia found itself in the field unopposed about 20 miles away from the Union capital of Washington D.C. How could such a remarkable reversal of fortunes take place so quickly? After Lee succeeded the wounded Johnston, he pushed McClellan's Army of the Potomac away from Richmond and back up the Peninsula in late June, only to then swing his army north to face a second Union army, John Pope's Army of Virginia. Needing to strike out before the Army of the Potomac successfully sailed back to Washington and linked up with Pope's army, Lee daringly split his army to threaten Pope's supply lines, forcing Pope to fall back to Manassas to protect his flank and maintain his lines of communication. At the same time, it left half of Lee's army (under Stonewall Jackson) potentially exposed against the larger Union army until the other wing (under James Longstreet) linked back up. Thus, in late August 1862, the Army of Northern Virginia and the Army of Virginia found

themselves fighting over nearly the exact same land the South and North fought over in the First Battle of Bull Run 13 months earlier. When Pope's army fell back to Manassas to confront Jackson, his wing of Lee's army dug in along a railroad trench and took a defensive stance. Pope spent the first two days of the battle concentrating on Jackson's men, which unwittingly opened up the Union army's left flank for Longstreet's wing, which marched 30 miles in 24 hours to reach the battlefield by the late afternoon of August 29. Lee used Longstreet's wing on August 30 to deliver a devastating flank attack before enough reinforcements from the retreating Army of the Potomac reached the field, sweeping Pope's Army from Manassas and forcing the Union soldiers into yet another retreat from Manassas to Washington D.C., a scene eerily reminiscent of the First Battle of Bull Run. The Greatest Civil War Battles: The Second Battle of Bull Run comprehensively covers the campaign and the events that led up to the battle, the fighting itself, and the aftermath of the battle. Accounts of the battle by important participants are also included, along with maps of the battle and pictures of important people, places, and events. You will learn about the Second Battle of Bull Run like you never have before, in no time

at all.
