

Beach Sunset Illusion 2

Nicky Agate

Sunset Illusions Cherie Bennett,1994 An exciting new title in the continuing story of three girls away from home, working the ultimate summer job--on Sunset Island. For Carrie, a guy like Billy only comes around once, so when he has to leave the island to run his father's business, Carrie desperately hopes their love can survive.

Sunset Illusions Stephen Bilunka,1999-12-19 Come In Out of The Rain , came to her on a stormy night several years ago. Though she felt nervous about publishing it, she forged onward. The story is about a teenage girl that becomes abducted by a mad man. There are many twists and turns in the story. Becoming familiar with each of the characters is comfortable and fun. Some will be hated and some will be loved. You will not be angered or saddened by the end of the book. Catherine has great appeal for stories with a sunny ending.

Acting Rodney B. Whatley,2022-07-13 Many books on acting for beginners approach the subject in an abstract, theoretical way. Rodney Whatley designed Acting: Year One around the environment in which many acting students learn the craft--the college classroom. Skills and concepts are laid out in 31 lessons, mirroring the structure of a 15-week course. Whatley's down-to-earth, accessible writing engages students, meeting them where they are in their acting journey. The exercises accompanying the text make it easy for instructors to apply what their students read directly in class. Sample grading sheets are included throughout the book, benefiting instructors as well as students, who can learn what criteria they'll be graded on.

The Coronado Illusions Terry Isaacson,2007-07 Soon after arriving in Manila in the early 1990s, Clay Sadler, the regional security officer at the U.S. embassy, is thrust into a chaotic world of uncertainty and deception. In a city where gunfire and explosions are commonplace, an early-morning ambush that leaves a senior American diplomat in critical condition appears to have been just another protest against the presence of U.S. military bases in the Philippines. But not everyone accepts that assumption. Sadler and the Coronado group, an organization dedicated to working with the Filipino government to prevent acts of violence against Americans in the Philippines, aren't convinced. They're committed to finding out who was responsible, what the perpetrators' motives were, and how to bring them to justice. While the intelligence resources of both countries are devoted to solving the crime, indications of a coup d'état by factions within the armed forces intensify. When the U.S. Secretary of Defense, Stan Martin, plans a trip to Manila, threats against Americans increase. Martin insists on proceeding with the visit as planned, but what happens when he arrives at Manila International Airport is captured on live television and shocks viewers around the world. With more American lives at stake every day, a determined Sadler is compelled to take steps beyond conventional protocol. What he discovers challenges his ability to distinguish truth from illusion.

Living It Up James B. Twitchell,2003-07-02 Luxury isn't just for the rich, says James B. Twitchell. Today you don't need a six-figure income to wear pashmina, drink a limited-edition coffee at Starbucks, or drive a Mercedes home to collapse on the couch in front of a flat-screen plasma TV. In Living It Up, sharp-eyed consumer anthropologist Twitchell takes a witty and insightful look at luxury -- what it is, who defines it, and why we can't seem to get enough of it. In recent years, says Twitchell, luxury spending has grown much faster than overall spending -- and it continues to grow despite the economic recession. Luxury has become such a powerful marketing force that it cuts across every layer of society, spawning a magazine devoted to spas, cashmere bedspreads on sale at Kmart, and a dazzling array of bottled waters. Twitchell says that the democratization of luxury has had a unifying effect on culture. Luxury items tell a story that we want to identify with, and more people than ever aspire to the story of Ralph Lauren's Polo or Patek Philippe. Shopping itself is no longer a chore but a transcendent experience in which we shop not so much for goods as for an identity. Sharply observed and wickedly funny, Living It Up is a revealing and entertaining examination of why we are all part of the cult of luxury.

Curious Folks Ask 1 & 2 (Bundle) Sherry Seethaler,2011-04-21 This is the eBook version of the printed book. Why do lizards do pushups? What if the Earth's magnetic field reverses? How do stars die? What causes goose bumps, earwax, dandruff, headaches? Whether it's healthy to crack your knuckles, drink decaf, eat chocolate? What it

costs to run all those LED lights around your house? These are just a few of the fascinating science and health questions real people have asked top science writer and San Diego Union-Tribune columnist Sherry Seethaler. This collection brings together 350 of her best answers—all crystal-clear, accurate, quick, and a pleasure to read. Seethaler is one of this generation’s best science explainers, and it shows: Every answer is accurate, fun to read, and distilled to a single page or less!
