📖 **Fire-Breathing Dinosaurs? The Hilarious History of Creationist Pseudoscience at Its Silliest** Philip J. Senter, 2019-03-14 A dinosaur book like no other, this irreverent chronicle of science and pseudoscience takes the reader on a journey through numerous bizarre ideas about ancient reptiles. Were dragon legends inspired by human encounters with fire-breathing dinosaurs? Do the Bible and other ancient works of literature and art depict dinosaurs? Astoundingly, those and other strange notions have infiltrated grade-school science textbooks. This exposé unmask the errors that underlie such notions and reveals the science that flattens them, while treating readers to explanations of rocket fuel, nuclear power plants, the electric eel's shocking capabilities, and how the young-Earth creationist position contradicts the very scripture that it strives to uphold. Finding humor in absurdity, the book shows fans of science, religious studies, folklore, and fire that young-Earth creationist dinosaur pseudoscience is deeply comic once one gets to know it properly.

📖 **Luka Meets His Rainbow Friends** Milli Champ, 2023-01-24 Can you help Luka find his goggles? Join Luka on his journey. Meet all the friends he encounters along the way. 📖 **Wolf, in League A.F.** Henley, 2019-09-18 It's been months since anyone at the Committee has had any contact from the O'Connell family or their pack members, and they are not happy. Suspicious of the activities that took place in D.C. and determined to find out what the wolves are up to, the Committee recruits one of their newest residents, Dr. Matthew Dietrich, to play the part of neighbor and infiltrate the family. Matthew has always been a keep-to-himself kind of person. Though idealistic and optimistic, he prefers to work in solitude, at night, while he researches the findings that he hopes will one day change the world. When he's approached by the executives of the Center, he has no idea why they'd choose him. And to say he is skeptical over the concept of men that can shift into wolves would be an understatement.

📖 **Swaggering Swanks** David Giles, 2008-03-01 What happens when nice boys turn nasty? In *Swaggering Swanks* two PhD students researching the topic of burglary find themselves out of money, dumped by their girlfriends and freezing to death in their rented home...should they put their academic knowledge into practice? They have their supervisor to think of...but he's no angel himself. And their relationships, past and present...what will the girls make of it all? And what would happen if the real burglars ever found out? David Giles's debut novel takes us on a bumpy ride across the buttocks of an imaginary South London cityscape - a world where, whatever you are doing to attract the attention of the local constabulary, a few streets away someone is doing something worse. Town and gown tense up and have a good hard stare at one another. Who will be the first to back down?

📖 **Analytical Buddhism** M. AlBahari, 2016-04-25 Does the self - a unified, separate, persisting thinker/owner/agent - exist? Drawing on Western philosophy, neurology and Theravadin Buddhism, this book argues that the self is an illusion created by a tier of non-illusory consciousness and a tier of desire-driven thought and emotion, and that separateness underpins the self's illusory status.
