Pioneers in Machinima: The Grassroots of Virtual Production
Tracy G. Harwood,Ben Grussi,2021-09-07 This important new work focuses on the pioneers in machinima, considered to be the grassroots and beginnings of virtual production. Machinima's impacts are identified by the community, supplemented by Harwood and Grussi's research and experience over a period of 25 years - from game, film and filmmaking to digital arts practice, creative technologies developments and related research and theory. Machinima is the first digital cultural practice to have emerged from the internet into a mainstream creative genre. Its latest transformation is evident through the increasing convergence of games and film where real-time virtual production as a professional creative practice is resulting in new forms of machine-generated interactive experiences. Using the most culturally significant machinima works (machine-cinema) as lenses to trace its history and impacts, 'Pioneers in Machinima: The Grassroots of Virtual Production' provides in-depth testimony by filmmakers and others involved in its emergence. The extensive reference to source materials and interviews bring the story of its impacts up to date through the critical reflections of the early pioneers. This book will be of interest to machinima researchers and practitioners, including game culture, media theorists, students of film studies and game studies, digital artists and those interested in how creative technologies have influenced

communities of practice over time.

Can't Resist a Boss 2 Alesha Riley, 2017-11-01 Candace and Mikayla never thought that their lives would change as drastically as they did. Mikayla is torn between the two—her ex-boyfriend and the man in her life now, Zanier. She thought that she made the right decision by choosing her past, but she will come to find out that was a mistake as well as an unplanned situation that could bring her and Zanier back together or tear them apart even more. Candace is trying to get her life back together after the shooting that almost took her life. She wants Javion and herself to make their relationship work, but Javion is acting like he is not ready when, in actuality, he is. Will he and Candace make it or not? Zanier really cares about Mikayla, but she is playing with his emotions, which pushes him back into the arms of his ex-girlfriend and Za'Nya's mom, Allison. He does not really want that, but Mikayla leaves him no choice when she chooses her past over him. He wants to get back on good terms with Javion, but unfortunately, he wants nothing to do with him. He never thought that a certain event would bring Javion and him back together, as well as Mikayla. Javion blames himself for Candace being shot. He doesn't want to be with her, because he is afraid that he will put her in even more danger. He promises her and everyone else that he will catch Meech, Kellan, and the main person, Deadly, for hurting the woman that he cares about, and if that means that he has to get the crew back together and sleep with someone to get his answers, he'll do it, but he doesn't know the consequences behind the actions he's done.

Few jazz musicians have had the lasting influence or attracted as much scholarly study as John Coltrane. Yet, despite dozens of books, hundreds of articles, and his own recorded legacy, the facts about Coltrane's life and work have never been definitely established. Well-known Coltrane

biographer and jazz educator Lewis Porter has assembled an international team of scholars to write *The John Coltrane Reference*, an indispensable guide to the life and music of John Coltrane. *The John Coltrane Reference* features a day-by-day chronology, which extends from 1926-1967, detailing Coltrane's early years and every live performance given by Coltrane as either a sideman or leader, and a discography offering full session information from the first year of recordings, 1946, to the last, 1967. The appendices list every film and television appearance, as well as every recorded interview. Richly illustrated with over 250 album covers and photos from the collection of Yasuhiro Fujioka, *The John Coltrane Reference* will find a place in every major library supporting a jazz studies program, as well as John Coltrane enthusiasts.
