*de Gournay* Claud Cecil Gurney, 2020-10-06 Renowned for its elegant hand-painted wallpapers and textiles, de Gournay creates some of the most beautiful interiors in the world. Celebrated for its hand-painted chinoiserie wallpapers, sumptuous patterns of colorful flora and varied birdlife, the company produces additional collections that explore historical themes, such as nineteenth-century French pastoral scenes or exotic Brazilian

landscapes bursting with wildlife. De Gournay also crafts more abstracted designs that fit well with modern interiors. Collaborating with renowned tastemakers from across creative industries, de Gournay works with leading interior designers as well as noted trendsetters such as Kate Moss. This volume showcases de Gournay designs in situ, in beautiful interiors created by top designers in homes from San Francisco and New York to London, Paris, and beyond. The book explores de Gournay interiors in both city and country settings, how to take inspiration from English stately homes, and how custom wallpaper designs are created. Full of inspiring interiors and design ideas, de Gournay is an in-depth look at the stunning creations of one of the most prestigious and influential design houses of today.

**“Music Makers” and World Creators** Michaela Hausmann,2020-10-22 Many works of fantasy literature feature a considerable number of embedded poems, some written by the authors themselves, some borrowed and transformed from other authors. Exploring the mechanisms of this mix and the interaction between individual poems and the overall narrative, this monograph analyses the various forms and functions of embedded poems in major works of fantasy literature. The choice of authors and texts shed light on the development of fantasy as a genre that frequently mixes prose and verse and thus continues the long tradition of prosimetric practices after the Romantic period. Not only does the analysis of the embedded poems allow for a new understanding of the individual

works. It also promises insights into shared literary-historical roots, cross-influences between the authors and the role of the mix of poetry and prose for the imaginative and subversive potential of fantasy literature in general. Providing comprehensive case studies of the forms and functions of embedded poems in fantasy literature, this volume illuminates the emergence of modern fantasy and its impact on contemporary fantasy.

Creating the Artful Home Karen Zukowski,2006 Creating the Artful Home: the Aesthetic Movement and Its Influence on Home Decor covers the history of a movement that emphasized art for art's sake-and the influence it had on home decor. The Aesthetic Movement in America lasted just a few decades (1870-1900), and served mainly as a bridge between the high Victorian sensibility and the radical shift to the Arts & Crafts style. The movement germinated among artists who used opulent color, decorative patterning, and lavish materials simply for the aesthetic effects they could evoke. It was commonly held that a home that expressed an artful, harmonious soul would instill high aesthetic and moral merit in its inhabitants. The Aesthetic Movement in America helped to popularize the idea that everyone should be able to enjoy beautiful, well-made homes and furnishings-not just the very wealthy. Artful homes could be composed from brilliant antique store finds, discriminating department store purchases, and gems hand-made by the ladies of the house. It was the moment when people embraced the idea that only a beautiful home could be a happy home. Karen Zukowski delves into the movement's establishment, evolution,

and main characters, and shows how today's homes can incorporate Aesthetic principles: Through suggestion rather than statement, sensuality, massive use of symbols, and synaesthetic effects—that is, correspondence between words, colors and music. How influential designers such as Clarence Cook and Charles Eastlake popularized the idea that beautiful homes with tasteful furnishings could be available to practically everyone. How today's designers, manufacturers, and retailers deploy the very same stylistic markers of the Aesthetic Movement: rich color, layered pattern and texture, mixtures of historical motifs

*Wallpaper in Decoration* Jane Gordon-Clark, 2001 Providing a wealth of new, creative approaches to wall design, this guide offers readers easy methods for using decorative details such as borders, dados, and friezes, as well as step-by-step illustrations of wallpapering techniques. 245 illustrations, 180 in color.

The Maker Tamara Maynes, 2017-09-05 The act of creating the treasures you use to adorn your home takes the space to a deeper level; it goes beyond collecting, beyond decorating. *The Maker* is a gorgeously illustrated love letter to creating an intimate, well-designed, and handmade home. With sections on wall art, textiles, ceramics, lighting, and furniture, designer Tamara Maynes presents beautiful homes that showcase the personality and warmth that a cozy, quilted wall hanging or an organically shaped piece of stoneware can add to a room. Each chapter closes with a simple DIY project, plus an interview with a high-profile maker. Projects like a metalwork wall hanging, a woven table runner, and a no-fire clay bowl expose readers to the fundamentals of making—and will inspire them to create exciting works of their own.

**France at the Crystal Palace** Whitney Walton,2023-12-22 Whitney Walton approaches the nineteenth-century French industrial development from a new perspective—that of consumption. She analyzes the French performance at the Crystal Palace Exhibition of 1851 to illustrate how bourgeois consumers influenced France's distinctive pattern of industrial development. She also demonstrates the importance of consumption and gender in class formation and reveals how women influenced industry in their role as consumers. Walton examines important consumer goods industries that have been rarely studied by historians, such as the manufacture of wallpaper, furniture, and bronze statues. Using archival sources on household possessions of the Parisian bourgeoisie as well as published works, she shows how consumers' taste for fashionable, artistic, well-made furnishings and apparel promoted a specialization unique to nineteenth-century France.
