**The Complete Make-Up and Beauty Book** Leigh Toselli,2016-12-01 The world of make-up is exciting, but also bewildering, with new products and fashions constantly appearing. The Complete Make-up and Beauty Book offers both practical advice and inspiration to make sense of your beauty needs, and the looks that are right for you. The author draws on a wealth of experience as a model, stylist and beauty editor, and on the talents of leading make-up artists, to present a fresh look at the subject. As well as offering tips and suggestions, The Complete Make-up and Beauty Book is filled with spectacular photography. The chapters first cover the basics: taking care of your skin and ways to keep the signs of ageing at bay. The author looks at tools and techniques, the basics of foundation, concealers and powders, and approaches making up the face in three parts: eyes, lips, and cheeks. The last chapter contains eleven step-by-step accounts, with accompanying photography, of how to achieve a variety of 'looks', from sun looks and natural to teenage, mature and high fashion. Fact panels touch on topics including application mistakes, face faults and correcting them and ten basic make-up mistakes. The book covers a wide variety of skin colours and types.

*Beauty to Die for* Judi Vance,1999 “Judi Vance has written one of the most important and informative consumer books on cosmetics today. It is a book I will use often as a reference and shopping guide.” - David Steinman - Author of Diet For A Poisoned Planet and co-author of The Safe Shoppers Bible “Concise and powerful!” - Rowan Hamilton - Cosmetic Scientist and Herbalist If you use any cosmetics you may be more at risk than you could imagine. Beauty to Die For is shocking, thought-provoking and rock solid in its research. This landmark book reveals the deathtraps in the cosmetics that we unwittingly use in our daily lives. It details the devastating toll that modern industry and government knowingly exact on the health of men, women, and children - and may sound the death knell for certain cosmetic industry practices. This book is a practical guide - an interactive tool - that teaches consumers how to shop safely and wisely. It translates the technical jargon into language that everyone can understand. It was written to help you identify the dangers in products you take for granted. Products you use everyday; products in which you put your faith and trust - yet these products threaten your very existence. This book not only illuminates the hazards, it provides sensible suggestions for creating a less toxic life. “Health isn’t a given, but it’s yours for the taking.” - Judi Vance -
