Visualizing Beauty Aida Yuen Wong, 2012-01-01 *Visualizing Beauty* examines the intersections between feminine ideals and changing socio-political circumstances in China, Japan, and Korea during the first half of the twentieth century. Eight essays present a broad range of visual products that informed concepts of beauty and womanhood, including fashion, interior design magazines, newspaper illustrations, and paintings of and by women. Studying Traditional Woman and New Woman as historical categories, this anthology contemplates the complex relations between feminine subjectivity and the promotion of modernity, commerce, and colonialism.

The Search for the Beautiful Woman Cho Kyo, 2012-10-16 While a slender body is a prerequisite for beauty today, plump women were considered ideal in Tang Dynasty China and Heian-period Japan. Starting around the Southern Song period in China, bound feet symbolized the attractiveness of women. But in Japan, shaved eyebrows and blackened teeth long were markers of loveliness. For centuries, Japanese culture was profoundly shaped by China, but in complex ways that are only now becoming apparent. In this first full comparative history of the subject, Cho Kyo explores changing standards of feminine beauty in China and Japan over the past two millennia. Drawing on a rich array of literary and artistic sources gathered over a decade of research, he considers which Chinese representations were rejected or accepted and transformed in Japan. He then traces the introduction of Western aesthetics into Japan starting in the Meiji era, leading to slowly developing but radical changes in representations of beauty. Through fiction, poetry, art, advertisements, and photographs, the author vividly demonstrates how criteria of beauty differ greatly by era and culture and how aesthetic sense changed in the course of extended cultural transformations that were influenced by both China and the West.

Whiter Nikki Khanna, 2020-03-10 Heartfelt personal accounts from Asian American women on their experiences with skin color bias, from being labeled “too dark” to becoming empowered to challenge beauty standards “I have a vivid memory of standing in my grandmother’s kitchen, where, by the table, she closely watched me as I played. When I finally looked up to ask why she was staring, her expression changed from that of intent observer to one of guilt and shame. . . . ‘My anak (dear child),’ she began, ‘you are so beautiful. It is a shame that you are so dark. No Filipino man will ever want to marry you.’”–“Shade of Brown,” Noelle Marie Falcis How does skin color impact the lives of Asian American women? In *Whiter*, thirty Asian American women provide first-hand accounts of their experiences with colorism in this collection of powerful, accessible, and brutally honest essays, edited by Nikki Khanna. Featuring contributors of many ages, nationalities, and professions, this compelling collection covers a wide range of topics, including light-skin privilege, aspirational whiteness, and anti-blackness. From skin-whitening creams to cosmetic surgery, *Whiter* amplifies the diverse voices of Asian American women who continue to bravely challenge the power of skin color in their own lives.

Flawless Elise Hu, 2023-05-23 An audacious journalistic exploration of the present and future of beauty through the lens of South Korea's booming K-beauty industry and the culture it promotes, by Elise Hu, NPR host-at-large and the host of TED Talks Daily K-beauty has captured imaginations worldwide by promising a kind of mesmerizing perfection. Its skincare and makeup products—creams packaged to look like milkshakes or pandas, and snail mucus face masks, to name a few—work together to fascinate us, champion consumerism, and invite us to indulge. In the four years Elise spent in Seoul as NPR's bureau chief, the global K-beauty industry quadrupled. Today it's worth \$10 billion and is only getting bigger as it rides the Hallyu wave around the globe. And fun as self-care consumerism may be, Elise turns her veteran eye to the darker questions lurking beneath the surface of this story. When technology makes it easy to quantify and optimize ourselves—from banishing blemishes, to whittling our waistlines, even to shaving down our jaws—where do we draw the line? What are the dangers for a society where a flawless face and body are promoted and possible? What are the real financial, physical, and emotional costs of beauty work in a culture that valorizes endless self-improvement and codes it as empowerment? With rich historical context and deep reporting, including hours of interviews with South Korean women, this is a complex, provocative look at the ways hustle culture has reached into the sinews of our bodies. It raises complicated questions about gender disparity, consumerism, the beauty imperative of an appearance obsessed society, and the undeniable political, economic, and social capital of good looks worldwide. And it points the way toward an alternative vision, one that's more affirming and inclusive than a beauty culture led by industry.

The East Asian Modern Girl Sumei Wang, 2021-09-06 *The East Asian Modern Girl* reports the long-neglected experiences of modern women in East Asia during the interwar period. The edited volume includes original studies on the modern girl in Taiwan, Korea, Manchuria, Japan, Shanghai, and Hong Kong, which reveal differentiated forms of colonial modernity, influences of global media and the struggles of women at the time. The advent of the East Asian modern girl is particularly meaningful for it signifies a separation from traditional Confucian influences and progression toward global media and capitalism, which involves high political and economic tension between the East and West. This book presents geo-historical investigations on the multi-force triggered phenomenon and how it

eventually contributed to greater post-war transformations.

New Women in Colonial Korea Hyaeweol Choi, 2012-08-21 This book provides the first English translation of some of the central archival material concerning the development of New Woman (sin yŏsŏng) in Korea during the late nineteenth century and the first half of the twentieth century. It includes selected writings of both women and men who put forward their views on some of the key issues of new womanhood, including gender equality, chastity, divorce, education, fashion, hygiene, birth control, and the women's movement. The authors whose essays are included express a range of attitudes about the new gender ethics and practices that were deeply influenced by the incessant flow of new and modern knowledge, habits and consumer products from metropolitan Japan and the West. Emphasizing the global nature of the phenomenon of the New Woman and Modern Girl, this sourcebook provides key references to a dynamic and multifarious history of modern Korean women, whose ideals and life experiences were formed at the intersection of Western modernity, Korean nationalism, Japanese colonialism and resilient patriarchy.

Maya and the Turtle John C. Stickler, Soma Han, 2012-09-10 ****WINNER OF THE INTERNATIONAL 2013-2014 MORNING CALM MEDAL**** This multicultural children's book presents a heartwarming Korean fairy tale about a little girl and a fortunate encounter. The Asian Mystique Sheridan Prasso, 2009-04-29 Few Westerners escape the images, expectations and misperceptions that lead us to see Asia as exotic, sensual, decadent, dangerous, and mysterious. Despite – and because of – centuries of East-West interaction, the stereotypes of Western literature, stage, and screen remain pervasive icons: the tea-pouring, submissive, sexually available geisha girl; the steely cold dragon lady dominatrix; as well as the portrayal of the Asian male as effeminate and asexual. These Oriental illusions color our relations and relationships in ways even well-respected professional Asia hands and scholars don't necessarily see. *The Asian Mystique* lays out a provocative challenge to see Asia and Asians as they really are, with unclouded, deeroticized eyes. It traces the origins of Western stereotypes in history and in Hollywood, examines the

phenomenon of 'yellow fever,' then goes on a reality tour of Asia's go-go bars, middle-class homes, college campuses, business districts, and corridors of power, providing intimate profiles of women's lives and vivid portraits of the human side of an Asia we usually mythologize too well to really understand. It strips away our misconceptions and stereotypes, revealing instead the fully dimensional human beings beyond our usual perceptions. The Asian Mystique is required reading for anyone with interest in or interaction with Asia or Asian-origin people, as well as any serious student or practitioner of East-West relations.

Beautiful Fighting Girl Sait Tamaki, 2013-11-30 From Cutie Honey and Sailor Moon to Nausicaä of the Valley of the Wind, the worlds of Japanese anime and manga teem with prepubescent girls toting deadly weapons. Sometimes overtly sexual, always intensely cute, the beautiful fighting girl has been both hailed as a feminist icon and condemned as a symptom of the objectification of young women in Japanese society. In *Beautiful Fighting Girl*, Saitō Tamaki offers a far more sophisticated and convincing interpretation of this alluring and capable figure. For Saitō, the beautiful fighting girl is a complex sexual fantasy that paradoxically lends reality to the fictional spaces she inhabits. As an object of desire for male otaku (obsessive fans of anime and manga), she saturates these worlds with meaning even as her fictional status demands her ceaseless proliferation and reproduction. Rejecting simplistic moralizing, Saitō understands the otaku's ability to eroticize and even fall in love with the beautiful fighting girl not as a sign of immaturity or maladaptation but as a result of a heightened sensitivity to the multiple layers of mediation and fictional context that constitute life in our hypermediated world—a logical outcome of the media they consume. Featuring extensive interviews with Japanese and American otaku, a comprehensive genealogy of the beautiful fighting girl, and an analysis of the American outsider artist Henry Darger, whose baroque imagination Saitō sees as an important antecedent of otaku culture, *Beautiful Fighting Girl* was hugely influential when first published in Japan, and it remains a key text in the study of manga, anime, and otaku culture. Now available in English for the first time, this book will spark new debates about the role played by desire in the production and consumption of popular culture.

Handbook of Post-Western Sociology: From East Asia to Europe, 2023-04-03 Beyond hegemonic thoughts, the Post-Western sociology enables a new dialogue between East Asia (China, Japan, Korea) and Europe on common and local knowledge to consider theoretical continuities and discontinuities, to develop transnational methodological spaces, and co-produce creolized concepts. With this new paradigm in social sciences we introduce the multiplication of epistemic autonomies vis-à-vis Western hegemony and new theoretical assemblages between East-Asia and European sociologies. From this ecology of knowledge this groundbreaking contribution is to coproduce a post-Western space in a cross-pollination process where "Western" and "non-Western" knowledge do interact, articulated through cosmovisions, as well as to coproduce transnational fieldwork practices.

Dealing in Desire Kimberly Kay Hoang, 2015-02-11 This captivating ethnography explores Vietnam's sex industry as the country ascends the global and regional stage. Over the course of five years, author Kimberly Kay Hoang worked

at four exclusive Saigon hostess bars catering to diverse clientele: wealthy local Vietnamese and Asian businessmen, Viet Kieus (ethnic Vietnamese living abroad), Western businessmen, and Western budget-tourists. *Dealing in Desire* takes an in-depth and often personal look at both the sex workers and their clients to show how Vietnamese high finance and benevolent giving are connected to the intimate spheres of the informal economy. For the domestic super-elite who use the levers of political power to channel foreign capital into real estate and manufacturing projects, conspicuous consumption is a means of projecting an image of Asian ascendancy to potential investors. For Viet Kieus and Westerners who bring remittances into the local economy, personal relationships with local sex workers reinforce their ideas of Asia's rise and Western decline, while simultaneously bolstering their diminished masculinity. *Dealing in Desire* illuminates Ho Chi Minh City's sex industry as not just a microcosm of the global economy, but a critical space where dreams and deals are traded.
