She works in a massage parlor in San Francisco to get back at her ex-boyfriend in Korea, but also to try to meet an American man who truly loves her. At first, Min is shy about performing special services, but Ted, a handsome alpha lawyer, takes Min for an hour of erotic passion. Can their passion last a lifetime?

Queer Korea Todd A. Henry, 2020-02-21 Since the end of the nineteenth century, the Korean people have faced successive waves of foreign domination, authoritarian regimes, forced dispersal, and divided development. Throughout these turbulent times, "queer" Koreans were ignored, minimized, and erased in narratives of their modern nation, East Asia, and the wider world. This interdisciplinary volume challenges such marginalization through critical analyses of non-normative sexuality and gender variance. Considering both personal and collective forces, contributors extend individualized notions of queer neoliberalism beyond those typically set in Western queer theory. Along the way, they recount a range of illuminating topics, from shamanic rituals during the colonial era and B-grade comedy films under Cold War dictatorship to toxic masculinity in today's South Korean military and transgender confrontations with the resident registration system. More broadly, Queer

Korea offers readers new ways of understanding the limits and possibilities of human liberation under exclusionary conditions of modernity in Asia and beyond. Contributors. The Little Book of Jeong Monica Kim, 2020-12 How did she turn a side hustle into a game-changing business, and at the same time, achieve happiness and fulfillment in her life? For Charlotte, it all came down to one thing-jeong. One of the most important Korean cultural values, jeong is a feeling of loyalty and of strong emotional connection to people and places. It goes

deeper than love and friendship and grows stronger with time. In South Korea, jeong is critical for success in every facet of daily life, from cultivating hobbies to developing careers and relationships. In *The Little Book of Jeong*, Charlotte shares how jeong changed her own trajectory in life, landing her a job opportunity in Seoul and giving her the fuel she and her husband Dave needed to launch a ground-breaking digital skin care platform and skin care line. A personal story that centers around the deep bond she built with Korea, Charlotte reveals how jeong can radically change our relationships with our loved ones, our work, and the world around us, and challenges us to cultivate jeong in our own lives.

Sex Slaves and Discourse Masters Doctor Jo Doezeema, 2013-07-18 Why is the international community so concerned with the fate of prostitutes abroad? And why does the story of trafficking sound so familiar? In this pioneering new book, Jo Doezeema argues that the current concern with trafficking in women is a modern manifestation of the myth of white slavery. Combining historical analysis with contemporary investigation, this book sheds light on the current preoccupations with trafficking in women. It examines in detail sex worker reactions to the myth of trafficking, questions the current feminist preoccupation with the 'suffering female body' and argues that feminism needs to move towards the creation of new myths. The analysis in this book is controversial but crucial, an alternative to the current panic discourses around trafficking in women. An essential read for anyone who is concerned

with the increased movement of women internationally and the attempts of international and national governments to regulate this flow.

If I Had Your Face Frances Cha, 2020-04-21 A riveting debut novel set in contemporary Seoul, Korea, about four young women making their way in a world defined by impossible standards of beauty, after-hours room salons catering to wealthy men, ruthless social hierarchies, and K-pop mania “Powerful and provocative . . . a novel about female strength, spirit, resilience—and the solace that friendship can sometimes provide.”—The Washington Post NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Time • NPR • Esquire • Bustle • BBC • New York Post • InStyle Kyuri is an aching beautiful woman with a hard-won job at a Seoul “room salon,” an exclusive underground bar where she entertains businessmen while they drink. Though she prides herself on her cold, clear-eyed approach to life, an impulsive mistake threatens her livelihood. Kyuri’s roommate, Miho, is a talented artist who grew up in an orphanage but won a scholarship to study art in New York. Returning to Korea after college, she finds herself in a precarious relationship with the heir to one of the country’s biggest conglomerates. Down the hall in their building lives Ara, a hairstylist whose two preoccupations sustain her: an obsession with a boy-band pop star, and a best friend who is saving up for the extreme plastic surgery that she hopes will change her life. And Wonna, one floor below, is a newlywed trying to have a baby that she and her husband have no idea how they can afford to raise in Korea’s brutal economy. Together, their stories tell a

gripping tale at once unfamiliar and unmistakably universal, in which their tentative friendships may turn out to be the thing that ultimately saves them.

Fashion and Beauty in the Time of Asia S. Heijin Lee, Christina H. Moon, Thuy Linh Nguyen Tu, 2019-06-03 How transnational modernity is taking shape in and in relation to Asia *Fashion and Beauty in the Time of Asia* considers the role of bodily aesthetics in the shaping of Asian modernities and the formation of the so-called "Asian Century." S. Heijin Lee, Christina H. Moon, and Thuy Linh Nguyen Tu train our eyes on sites as far-flung, varied, and intimate as Guangzhou and Los Angeles, Saigon and Seoul, New York and Toronto. They map the transregional connections, ever-evolving aspirations and sensibilities, and new worlds and life paths forged through engagements with fashion and beauty. Contributors consider American influence on plastic surgery in Korea, Vietnamese debates about "the fashionable," and the costs and commitments demanded of those who make and wear fast fashion, from Chinese garment workers to Nepalese nail technicians in New York who are mandated to dress fashionably. In doing so, this interdisciplinary anthology moves beyond common characterizations of Asians and the Asian diaspora as simply abject laborers or frenzied consumers, analyzing who the modern Asian subject is now: what they wear and how they work, move, eat, and shop.

Transnational Return Migration of 1.5 Generation Korean New Zealanders Jane Yeonjae Lee, 2018-06-04 This book examines the experiences of Korean New

Zealanders who have returned to Korea from a transnational perspective. The author highlights the conflicting experiences that the returnees face as “cultural outsiders” as well as the ability they gain to embrace their hybrid identities.

Straight Korean Female Fans and Their Gay Fantasies Jungmin Kwon, 2019-02-15
This study is about ardent Korean female fans of gay representation in the media, their status in contemporary Korean society, their relationship with other groups such as gay men, and, above all, their contribution to reshaping the media's portrayal of gay people, as well as the public attitude toward sexually marginalized groups. Kwon calls the female fandom of gay portrayals FANTasy culture and argues that it enables the present growing visibility of the gay body in Korean mainstream media. She also argues that fandom has functioned as a catalyst to ameliorate a harsh reality for a marginalized group. The FANTasy subculture started forming around text-based media, such as yaoi (or boys' love manga, a Japanese genre), fan fiction, and U.S. gay-themed dramas, and has been influenced by diverse social, political, and economic conditions, such as the democratization of Korea, an open policy toward foreign media and cultural products, the diffusion of consumerism, government investment in Korean culture, the Hollywoodization of the film industry, and the popularity of Korean culture abroad. While much scholarly attention has been paid to the female fans of homoerotic cultural texts in other countries, Kwon explores both the understudied Korean case and another

aspect of the subculture that has been relatively neglected: its location in and influence on the society at large--

From Factory Girls to K-Pop Idol Girls Gooyong Kim, 2018-12-17 Kim combines historical contextualization with political economy of the media and critical textual analysis to investigate the socio-ideological effects of K-Pop in the existing networks of power and domination in gender relations. He examines K-Pop female idols' individualism and identity formation through the lens of Korea's cultural politics.

Dealing in Desire Kimberly Kay Hoang, 2015-02-11 This captivating ethnography explores Vietnam's sex industry as the country ascends the global and regional stage. Over the course of five years, author Kimberly Kay Hoang worked at four exclusive Saigon hostess bars catering to diverse clientele: wealthy local Vietnamese and Asian businessmen, Viet Kieus (ethnic Vietnamese living abroad), Western businessmen, and Western budget-tourists. *Dealing in Desire* takes an in-depth and often personal look at both the sex workers and their clients to show how Vietnamese high finance and benevolent giving are connected to the intimate spheres of the informal economy. For the domestic super-elite who use the levers of political power to channel foreign capital into real estate and manufacturing projects, conspicuous consumption is a means of projecting an image of Asian ascendancy to potential investors. For Viet Kieus and Westerners who bring remittances into the local economy, personal relationships with local sex workers reinforce their ideas of Asia's

rise and Western decline, while simultaneously bolstering their diminished masculinity. *Dealing in Desire* illuminates Ho Chi Minh City's sex industry as not just a microcosm of the global economy, but a critical space where dreams and deals are traded.

The Comics World Benjamin Woo, Jeremy Stoll, 2021-07-29 Contributions by Bart Beaty, T. Keith Edmunds, Eike Exner, Christopher J. Galdieri, Ivan Lima Gomes, Charles Hatfield, Franny Howes, John A. Lent, Amy Louise Maynard, Shari Sabeti, Rob Salkowitz, Kalervo A. Sinervo, Jeremy Stoll, Valerie Wieskamp, Adriana Estrada Wilson, and Benjamin Woo *The Comics World: Comic Books, Graphic Novels, and Their Publics* is the first collection to explicitly examine the production, circulation, and reception of comics from a social-scientific point of view. Designed to promote interdisciplinary dialogue about theory and methods in comics studies, this volume draws on approaches from fields as diverse as sociology, political science, history, folklore, communication studies, and business, among others, to study the social life of comics and graphic novels. Taking the concept of a "comics world"—that is, the collection of people, roles, and institutions that "produce" comics as they are—as its organizing principle, the book asks readers to attend to the contexts that shape how comics move through societies and cultures. Each chapter explores a specific comics world or particular site where comics meet one of their publics, such as artists and

creators; adaptors; critics and journalists; convention-goers; scanners; fans; and comics scholars themselves. Through their research, contributors demonstrate some of the ways that people participate in comics worlds and how the relationships created in these spaces can provide different perspectives on comics and comics studies. Moving beyond the page, *The Comics World* explores the complexity of the lived reality of the comics world: how comics and graphic novels matter to different people at different times, within a social space shared with others.

Narratives of the Vietnam War by Korean and American Writers Jinim Park, 2007 Original Scholarly Monograph

Sex Trafficking in Postcolonial Literature Laura Barberán Reinales, 2014-08-27 At present, the bulk of the existing research on sex trafficking originates in the social sciences. *Sex Trafficking in Postcolonial Literature* adds an original perspective on this issue by examining representations of sex trafficking in postcolonial literature. This book is a sustained interdisciplinary study bridging postcolonial literature, in English and Spanish, and sex trafficking, as analyzed through literary theory, anthropology, sociology, history, trauma theory, journalism, and globalization studies. It encompasses postcolonial theory and literature's aesthetic analysis of sex trafficking together with research from social sciences, psychology, anthropology, and economics with the intention of offering a comprehensive analysis of the topic beyond the type of Orientalist

discourse so prevalent in the media. This is an important and innovative resource for scholars in literature, postcolonial studies, gender studies, human rights and global justice.

Global Entertainment Media Tanner Mirrlees, 2013 A critical cultural materialist introduction to the study of global entertainment media. In *Global Entertainment Media*, Tanner Mirrlees undertakes an analysis of the ownership, production, distribution, marketing, exhibition and consumption of global films and television shows, with an eye to political economy and cultural studies. Among other topics, Mirrlees examines: Paradigms of global entertainment media such as cultural imperialism and cultural globalization. The business of entertainment media: the structure of capitalist culture/creative industries (financers, producers, distributors and exhibitors) and trends in the global political economy of entertainment media. The governance of global entertainment media: state and inter-state media and cultural policies and regulations that govern the production, distribution and exhibition of entertainment media and enable or impede its cross-border flow. The new international division of cultural labor (NICL): the cross-border production of entertainment by cultural workers in asymmetrically interdependent media capitals, and economic and cultural concerns surrounding runaway productions and co-productions. The economic motivations and textual design features of globally popular entertainment forms such as blockbuster event films, TV formats, glocalised lifestyle

brands and synergistic media. The cross-cultural reception and effects of TV shows and films. The World Wide Web, digitization and convergence culture.
