Minesweeper (Special Forces, Book 2) Chris Lynch, 2019-12-03 All the sizzle, chaos, noise and scariness of war is clay in the hands of ace storyteller Lynch. -- Kirkus Reviews for the World War II series Discover the secret missions behind America's greatest conflicts. Fergus Frew thought he knew what to expect when he signed up with the Navy's demolitions team. But as the Korean War rages on, Fergus and his fellow divers -- AKA frogmen -- are tasked with more than just scouting mudflats. Soon they're planting mines. And sabotaging tunnels, bridges... and even fishing nets. Strangest of all, it falls to Fergus to transport a spy into the country -- and that means traveling far from Navy-controlled waters. But frogmen are amphibious. And Fergus may not realize it, but he's in a position to change the way the whole world thinks about combat. National Book Award finalist Chris Lynch continues his explosive fiction series based on the real-life, top-secret history of US black ops and today's heroic Navy SEALs.

Taking on the Burden of History George M. Van Sant, 2008 This book is a memoir of the author's active service in the United States Marine Corps. It recounts his decision to enlist, boot camp, service in North China, recall in 1950, commissioning, adventures in Hollywood, combat service in Korea, and his homecoming. The author reveals he was not your typical hard-charging Marine. The book tells stories of many heroes, and a few cowards. It recounts some terrifying experiences, some hilarious episodes, and graphically illustrates how the superlative history of the Corps imposes a burden on every individual Marine to measure up.

Broken to Beautiful Sheila Summers, 2010-03-01 On a blustery, November morning, a young girl and her mother set off on their annual Thanksgiving week trip to Grandma Shy's country cottage in the rolling hills of Bucks County, Pennsylvania. It will be a week filled with tender hugs, tasty treats and trips to the attic looking for treasures of the past and sharing stories set in the homeland of her grandmother's beloved Scotland. This year, Grandma Shy is ready with a tale of a lifetime. The story of a wee lass named Kieran who was to discover the hard way that: 'Sticks and Stones can break my bones but words will never hurt me'...IS A GREAT BIG LIE!

Beautiful Mine Jordyn White, 2019-03-15 When fellow Californians Whitney Spencer and Connor Rivers meet in the most unlikely of places--on the Camino pilgrimage in Spain--they fall head first into a brief, impassioned love affair. But Whitney's on her way back to her career in San Francisco, and Connor is a world traveler whose restless spirit has yet to be captured by anyone. Tragedy strikes and Connor is called home to help his siblings run the family business, the Rivers Paradise Resort. Yet the adventurer inside him hasn't gone away; in fact, his wanderlust is on the verge of destroying his family's fragile stability. When Whitney's career brings her to Connor's resort, the sparks between them flare. Will her reappearance be enough to tame him? Can their love be enough, or are they destined for another gut-wrenching goodbye?

Our Great Canal Journeys: A Lifetime of Memories on Britain's Most Beautiful Waterways Timothy West, 2017-11-02 For more than half a century, a shared love of canals and narrowboats has been inseparable from the marriage of Timothy West and Prunella Scales. The two iconic actors have spent many of the happiest days of their life together enjoying the calming pleasures of watching land and nature unfold before them at four miles an hour. In 2014, Tim and Pru took to the canals of Britain and beyond with a television crew and a brief to record their best-loved trips along the most beautiful waterways they could find. Little did anyone guess that their seemingly light-hearted travelogue, and the story of their lives that it revealed, would transcend the programme's gentle façade, becoming something entirely more powerful. From the outset, the reflective undertones of the possibilities of later life, and the realities of Prunella's dementia, struck a chord with viewers around the country. Now in its seventh series, the show has been described as 'beautiful and meditative' by the Guardian, 'touching' by the Independent and 'a hymn to the possibilities of later life' by the Telegraph, there is no finer, nor more thought-provoking, travelogue on British television. In this handsomely presented book, Timothy West tells the story of the couple's life and travels. Illustrated throughout with beautiful photography, *Our Great Canal Journeys* recounts their storied careers as actors while recording their remarkable journeys along some of the world's most scenic waterways. Beyond this, however, it explores with sensitivity the trials, but also the joys, of ageing, and how Prunella's struggle with dementia has both changed, and yet failed to change, their lives together. By turns humorous and poignant, *Our Great Canal Journeys* is at once a beautifully observed ode to a unique, magical method of travelling the world, and a warm meditation upon love, learning and life.

MotorBoating, 1941-07

Sea Dog Bamse Angus Whitson, Andrew Orr, 2011-05-01 This is the remarkable story of one of the Second World War's most unusual animal heroes - a 14-stone St Bernard dog who became global mascot for the Royal Norwegian Forces and a symbol of freedom and inspiration for Allied troops throughout Europe. From a happy and carefree puppyhood spent as a family pet in the Norwegian fishing town of Honningsvåg, the gentle giant Bamse followed his master at the outbreak of the war to become a registered crew member of the mine-sweeper Thorodd. Often donning his own steel helmet as he took his place in the Thorodd's bow gun turret, Bamse cut an impressive figure and made a huge contribution to the morale of the crew, and he gallantly saved the lives of two of them. After Norway fell to the Germans in 1940, the Thorodd operated from Dundee and Montrose, where Bamse became a well-known and much-loved figure, shepherding the Thorodd's crew-members back to the boat at pub closing time, travelling on the local buses, breaking up fights and even taking part in football matches. Mourned both by locals and Norwegians when he died in 1944, Bamse's memory has been kept alive both in Norway, where he is still regarded as a national hero, and in Montrose, where a larger-than-life statue of him was unveiled in 2006 by HRH Prince Andrew. Written from extensive source material and eyewitness accounts, *Sea Dog Bamse* is a fitting tribute to the extraordinary life of an extraordinary dog.

To Die Gallantly Timothy J Runyan, Jan M Copes, 2019-08-22 German U-boats, known as iron coffins, terrorized Allied ships during World War II and were responsible for thousands of deaths. This volume, published to commemorate the 50th anniversary of the Battle of the Atlantic, brings together historians from both sides of the ocean to discuss this important campaign. As well as offering new insights into both familiar and more neglected

aspects, the book reflects the human dimension of the conflict, paying tribute to the whole spectrum of personnel involved - planners and strategists, spies and code-breakers, naval officers and crews, merchant sailors, and civilians.
