Places to Bee Lynnette Porter, 2020-08-27 Travelers are buzzing about apitourism--or bee tourism--as an opportunity to get close to bees and learn about the ecology and industry they support. Apitours invite visitors to see what takes place inside a hive, taste fresh honey and observe its journey from comb to bottle. Apitourists explore bee culture through diverse activities--watching films, creating art, building bee hotels, sampling mead, learning to plant pollinator gardens and documenting species in the wild. This guide presents an educational overview of apitourism, with an exploration of the fascinating world of bees and the sometimes controversial issues surrounding them.

The Encyclopedia of Martial Arts Movies Bill Palmer,Karen Palmer,1995 The Encyclopedia covers the genre from 1920 to 1994. The genre, however, can be very confusing: films often have several titles, and many of the stars have more than one pseudonym. In an effort to clarify some of the confusion, the authors have included all the information available to them on almost 3,300 films. Each entry includes a listing of the production company, the cast and crew, distributors, running times, reviews with star ratings whenever possible, and alternate film titles. A list of film series and one of the stars' pseudonyms, in addition to a 7,900 name index, are also included. Illustrated.
