Dolphins: 101 Fun Facts & Amazing Pictures (Featuring The World's 6 Top Dolphins) Janet Evans, 2013-10-23 This book depicts the wonder of the world of Dolphins in all its glory. Children are given a well-rounded understanding of this beautiful mammal: its anatomy, feeding habits and behavior. The following Dolphins are featured: * The fun-loving Atlantic Spotted Dolphin * The loveable Bottlenose Dolphin * The acrobatic Dusky Dolphin * The energetic Pacific White-sided Dolphin * The shy Risso's Dolphin * The endangered Amazon River Dolphin The pictures look great even in black and white and are excellent on the full color kindle. The description in the large text beneath is simple enough for early readers or for a parent to guide a child through. There are also picture captions that provide more information to talk about with your child. Alternatively, a child of any age (even the child in you) can just look at the images and appreciate its beauty. Enjoy!

How an Average Man Lived an Adventurous Life John Linnemeier, 2008 The stories in this book are all true. Its author has been held up at gunpoint at night on a road in Guatemala and shot with a machine gun in the chest and shoulder in Vietnam. He's come close to dying of thirst in the Sahara and freezing to death in the Himalayas. He's contracted malaria and typhoid fever in Ethiopia and hepatitis in India. There have been accidents involving motorcycles and automobiles. He's had close calls involving lions (twice), elephants (three times) and a rhino (once). He's visited over a hundred countries, seen revolutions, famines, wars, and panty raids, feasted in palaces and fasted in caves. He's discovered paradises, been saved by dolphins, hopped freight trains, danced with an 108-year-old woman, swam with sharks, frequented whore houses and opium dens, and met a man capable of revealing God. In the pages of this book you'll meet the queen of the Ecuadorian prison system, the Dalai Lama, Dick Cheney, a swami from Katmandu who makes his living picking up large stones with his penis, yak herders, tunnel rats, 300 pound go-go girls, deep sea divers, drug dealers, stock car

drivers, Indonesian princes, Bolivian miners, beanheads, powder monkeys, hookers and saints. Between the stories the author gives advice to would-be travelers, describes six tropical paradises where you can live comfortably on five hundred dollars a month, and includes his personal lists of the best things in the world. Mr. Linnemeier hails from the Hoosier state. Today he treads the path of moderation, living contentedly in a small town, surrounded by friends and family. He claims to have abandoned most of his previous vices, and has the stated aim of dying peacefully in bed at ninety five. In his own words, I'm not the kind of person that men automatically defer to. I don't usually make women's hearts beat faster when they see me across a crowded room

Wild Ones Jon Mooallem, 2014-05-27 Wild Ones is a tour through our environmental moment and the eccentric cultural history of people and wild animals in America that inflects it. With propulsive curiosity and searing wit, and without that easy moralizing and nature worship of environmental journalism's older guard, [Jon] Mooallem merges reportage, science, and history into a humane and endearing meditation on what it means to live in, and bring life into, a broken world.--Back cover.

Encyclopedia of Whales, Dolphins and Porpoises Erich Hoyt, 2023-09 In this updated edition, award-winning author and whale researcher Erich Hoyt takes readers into the field for an intimate encounter with 93 species of cetaceans that make their homes in the world's oceans, rivers and lakes. Drawing on decades of firsthand experience and a comprehensive familiarity with the current revolution in cetacean studies, Hoyt provides unique insights into the life histories of whales. This new edition features descriptions of three new whale and dolphin species, along with the latest discoveries about cetacean biology and behavior, from the physical differences and adaptations among the baleen and toothed whales to their highly intelligent hunting and feeding methods. Uncovered in fascinating detail are the courtship and mating practices, family relationships and the lifelong bonds among some family members. The

symphonic composer of the whale world is the humpback whale, whose complex 30-minute songs reverberate across the liquid universe of the ocean. Current research reveals that blue, fin, bowhead and other whales also sing, mostly in tones below human hearing. Using sound for navigation, some whales hunt in deep, high pressure waters while others negotiate migrations across entire ocean basins. Thoroughly updated to reflect the latest findings, this book is perfect for anyone curious about the cetacean world. Budding whale students will gain insights on how to research whales, dolphins and porpoises as well as how to save at-risk species and their increasingly damaged habitat. *Encyclopedia of Whales, Dolphins and Porpoises* includes: detailed profiles of 93 current species of cetaceans (3 more than in the previous edition) the story of the newly discovered Sato's beaked whale, a small black whale from the North Pacific related to the Baird's beaked whale fascinating sidebars that bring to life cetacean society and culture an enlightening discussion of the differences between dolphins and porpoises new information on the history and impact of whaling illustrations of each species by renowned artist Uko Gorter, including the three new species named in the past five years color photographs by world-famous marine photographer Brandon Cole, among others.
