The Joy of Eating Jane K. Glenn, 2021-11-05 This volume explores our cultural celebration of food, blending lobster festivals, politicians' roadside eats, reality show chef showdowns, and gravity-defying cakes into a deeper exploration of why people find so much joy in eating. In 1961, Julia Child introduced the American public to an entirely new, joy-infused approach to cooking and eating food. In doing so, she set in motion a food renaissance that is still in full bloom today. Over the last six decades, food has become an increasingly more diverse, prominent, and joyful point of cultural interest. *The Joy of Eating* discusses in detail the current golden age of food in contemporary American popular culture. Entries explore the proliferation of food-themed television shows, documentaries, and networks; the booming popularity of celebrity chefs; unusual, exotic, decadent, creative, and even mundane food trends; and cultural celebrations of food, such as in festivals and music. The volume provides depth and academic gravity by tying each entry into broader themes and larger contexts (in relation to a food-themed reality show, for example, discussing the show's popularity in direct relation to a significant economic event), providing a brief history behind popular foods and types of cuisines and tracing the evolution of our understanding of diet and nutrition, among other explications.

The Best Thing I Ever Tasted Sallie Tisdale, 2001 Through a lively mixture of history, memoir, sociology, and family recipe, the author explores the public and private attitudes about food, drawing a rich portrait of the many forces behind the American appetite and demystifying the everyday miracle of eating.

Cleveland's Catalog of Cool: An Irreverent Guide to the Land Michael Murphy, 2018-08-07 What to do in Cleveland now that it's

gone from “The Mistake on the Lake” to “Believe Land” From polka bands to popcorn balls, the more recently bumbling Browns to the thankfully no- longer- burning river, Michael Murphy shares his Cleveland. Raised in The Land, Murphy returns to see that the quirky character of his hometown is no longer mocked, but celebrated (mostly). The city, where high cuisine used to be Manners Big Boy or the Woolworth’s lunch counter, has turned into a culinary hub with multiple James Beard Award- winning chefs. There are now boating festivals and kayaking clubs on the once polluted Cuyahoga River. Cleveland has become a place that people actually intend to visit, not just get stuck in when the airport is snowed in. Cleveland’s Catalog of Cool mixes contemporary with vintage stories and profiles of essential Clevelanders, past and present, like the well- known like Jimmy Brown and Chef Michael Symon, the late Harvey Pekar, and, of course, the most quintessential of all Clevelanders, Ghoulardi.

Eat My Globe Simon Majumdar, 2010-02-02 When Simon Majumdar hit forty, he realized there had to be more to life than his stable but uninspiring desk job. As he wondered how to escape his career, he rediscovered a list of goals he had scrawled out years before, the last of which said: Go everywhere, eat everything. With that, he had found his mission -- a yearlong search for the delicious, and curious, and the curiously delicious, which he names Eat My Globe and memorably chronicles in these pages. In Majumdar's world, food is everything. Like every member of his family, he has a savant's memory for meals, with instant recall of dishes eaten decades before. Simon's unstoppable wit and passion for all things edible (especially those things that once had eyes, and a face, and a mom and a pop) makes this an armchair traveler's and foodie's delight -- Majumdar does all the heavy lifting, eats the heavy foods (and suffers the

weighty consequences), so you don't have to. He jets to thirty countries in just over twelve months, diving mouth-first into local cuisines and cultures as different as those of Japan and Iceland. His journey takes him from China, where he consumes one of his Top Ten Worst Eats, stir-fried rat, to the United States, where he glories in our greatest sandwiches: the delectable treasures of Katz's Delicatessen in Manhattan, BBQ in Kansas and Texas, the still-rich po' boys of post-Katrina New Orleans. The meat of the story -- besides the peerless ham in Spain, the celebrated steaks of Argentina, the best of München's wursts as well as their descendants, the famous hot dogs of Chicago -- is the friends that Simon makes as he eats. They are as passionate about food as he is and are eager to welcome him to their homes and tables, share their choicest meals, and reveal their local secrets. Also a poignant memoir, *Eat My Globe* is a life told through food and spiced with Majumdar's remembrances of foods past, including those from his colorful childhood. (Raised in Northern England, he is the son of a fiery Welsh nurse and a distinguished Bengali surgeon.) A captivating look at one man's passion for food, family, and unique life experiences, *Eat My Globe* will make you laugh -- while it makes you hungry. It is sure to satiate any gastronome obsessed with globetrotting -- for now.

Pigeons to Peshawar Kenneth F. Schanke, 2013-04 An amazing story-even more so because it's all true. City-born and country-raised, Ken developed a need to fly and found a way to do it. While recalling his career as a USAF navigator, he relates to the history of the '60s, '70s and '80s-linking people, places, aircraft and adventures that circled the globe. In an early chapter, Ken describes in detail crossing the Atlantic, southern Europe and the Middle East to ferry a rare jet bomber to Peshawar, Pakistan. Later, the decorated aviator recollects a dangerous flight to the South Pacific, through a hurricane, becoming lost overwater with only a sextant to find a tiny island and procure the safety of his crew. After that, following three years in the C-130 aircraft in Europe, he transitioned to the F-4 Phantom II fighter for the rest of his career. He details missions and the use of smart weapons during his year in combat in Southeast Asia. During the '70s, he

returned to Germany for six more years in the F-4, which involved sitting nuclear alert and training for all other missions. Twenty-one years in the USAF with more than 5,600 hours of flying provides for many intriguing war stories from the backseat....
