The Messengers Mike Clelland,2020-08-19 Without question, this is a classic by one of the most exciting new authors in the UFO field today. After reading it, your view of reality will never be the same. The owl has held a place of reverence and mystique throughout history. And as strange as this might seem, owls are also showing up in conjunction with the UFO experience. Mike Clelland has collected a wealth of first-hand accounts in which owls manifest in the highly charged moments that surround alien contact. There is a strangeness to these accounts that defy simple explanations. This book explores implications that go far beyond what more conservative researchers would dare consider. But the owl connection encompasses more than the UFO experience. It also includes profound synchronicities, ancient archetypes, dreams, shamanistic experiences, personal transformation, and death. From the mythic legends of our ancient past to the first-hand accounts of the UFO abductee, owls are playing some vital role. This is also a deeply personal story. It is an odyssey of self-discovery as the author grapples with his own owl and UFO encounters. What plays out is a story of transformation with the owl at the heart of this journey.

The Believer Ralph Blumenthal,2021-03-15 The Believer is the weird and chilling true story of Dr. John Mack. This eminent Harvard psychiatrist and Pulitzer Prize-winning biographer risked his career to investigate the phenomenon of human encounters with aliens and to give credibility to the stupefying tales shared by people who were utterly convinced they had happened. Nothing in Mack's four decades of psychiatry had prepared him for the otherworldly accounts of a cross section of humanity including young children who reported being taken against their wills by alien beings. Over the course of his career his interest in alien abduction grew from curiosity to wonder, ultimately developing into a limitless, unwavering passion. Based on exclusive access to Mack's archives, journals, and psychiatric notes and interviews with his family and closest associates, The Believer reveals the life and work of a man who explored the deepest of scientific conundrums and further leads us to the hidden dimensions and alternate realities that captivated Mack until the end of his life.

Light Years Gary Kinder,1988-02 In 1975, Swiss caretaker Eduard Meier returned to his village with several clear color photos of a large, silvery disk hovering in the sky. He continued to collect evidence over the next five years. This is the account of those sightings--sightings which have been judged authentic by a professional security team.

Greatest UFO Case File EDITORIAL BOARD,2015-06-01 UFOs or Unidentified Flying Objects have long been a matter of great curiosity and interest for the human habitation on the Earth, particularly

from June 24, 1947 when American pilot Kenneth Arnold reported sighting nine circular objects flying across his airplane's path in the skies over the state of Washington. His description of their movements as being like e;saucers skipping over the watere; gave birth to the term, 'flying saucer.' However, objects shaped like cigars, squares, balls, triangles, rings and hats have also been reported to have been seen in almost every country, of this huge and diverse Living Planet known as the Earth. Basically, these UFOs are amorphous and shape-changing objects. The book consists of an interesting list of UFO Encounters by various Air Force Personnels and Scientists across the globe, their experiences, detailed and exhaustive reports, etc. It also has an elaborate list of Alien Encounters and Alien Abductions. It further gives a detailed and vivid description of the various types of thrilling encounters with these strange Alien ships, such as: Close Encounters of the First Kind (Ce1), Close Encounters of the Second Kind (Ce2), Close Encounter of the Third Kind (Ce3), Close Encounter of the Fourth Kind (Ce4) and so on. So friends, this book will interest and captivate the minds of one and all, irrespective of age, sex, religion, profession and academic qualification, although our target audience are the children, particularly the school students.

The Outsider'S Guide to Ufos James T. Abbott,2017-12-05 What exactly is impossible in this universe? The Outsiders Guide to UFOs is for anyone for whom the UFO thing is enduringly fascinating but bafflingly complex. It cuts out all the smoke and mirrors and focuses on core questions like what are UFOs, how long have they been around, and are they hoaxes, figments of the imagination, or real? Author James Abbott is a highly experienced researcher who has spent years studying this timeless debate as an outsider. With no vested interests, he presents all sides of the story without fear or favour. Read about 40 of the most important UFO cases 9 official projects and

reports on the subject 13 fascinatingly strange UFO characteristics 20 possible explanations for UFOs the very best photo and video evidence The Outsiders Guide to UFOs explains why there may be up to 3,000 totally inexplicable UFO sightings every year around the world. It also discusses four mind-blowing theories about UFOs, clarifies the background, simplifies the main questions, and presents evidence and counter-evidence about the mysterious things we see in the sky. More importantly, it recommends straightforward action to settle the UFO question once and for all.

The UFO Files David Clarke, 2013-03-30 'What does all this stuff about flying saucers amount to? What can it mean? What is the truth?' Winston Churchill, prime minister's personal minute, 28th July 1952 *The UFO Files* tells the story of over 100 years of UFO sightings, drawing on formerly secret government documents at the National Archives in London. Alongside extraordinary reports by ordinary people, it reveals details of official interest and investigations stretching back more than 80 years. In this remarkable book, fully updated for this second edition, David Clarke reveals an array of startling stories from possible UFO reports hidden among Met Office investigations of aerial phenomena in the 1920s to the conclusions of Project Condign, the secret British Intelligence UFO study completed in 2000. As well as covering Roswell and Britain's own Rendlesham Forest mystery, Clarke raids the records for dramatic stories of abductions and close encounters, ghost aircraft and crop circles, and UFO reports by both civilian aircrew and military personnel. Dramatic witness statements and interviews combine with rarely seen photographs, drawings and newly available documents to offer a unique guide to one of our most intriguing mysteries.

The Canadian UFO Report Chris A. Rutkowski, Geoff Dittman, 2008-07-03 *The Canadian UFO Reports* is a popular history of the UFO phenomenon in Canada, something that has captured the imaginations of young and old alike. Drawn from government documents and civilian case files - many previously unpublished - the book includes a chronological overview of the best Canadian UFO cases, from the very first sighting of fiery serpents over Montreal in 1662 to reports from the past year. There are chapters on the government's involvement with UFOs, UFO landing pads, media interest, and even UFO abductions. What were the ghost airplanes seen over the Parliament Buildings in 1915, or the flying saucers seen by military officers over Goose Bay Air Force Base, Newfoundland, in the 1940s and 1950s? Was a prospector burned by a UFO in Manitoba in 1967? Did a UFO crash off the coast of Nova Scotia? Was Quebec invaded by UFOs in 1973? Find out here.
