He follows the footsteps of a psycho killer. He braces against a raging flood. He parties with naked crackheads. Coming Out of the Tunnel Florence Diana Hunt Da,Florence Hunt,2011-11-30 This story, my story, was not one that I imagined would ever be put into words on paper. Rather, I believed it was enough to have lived it; at times, even living it was more than I could bear. I did not foresee this written version. Had I done so, I would have remembered more ... or less. Therefore, I am calling this 'fiction' based on fact. I will, for effect and constraints of time and paper, condense some incidents. For privacy and legal necessity, I will change some names. But, this is my story, my life, here on these pages

for all to see: family, friends, enemies, acquaintances, peers, and my unknown readers.

Beyond the Tunnel Mickey Wade,2017-02-17 Jack finds himself on crazy adventures in ancient Rome with great gladiators, mysterious tunnels and very, very powerful Roman emperors. Before long, Jack stumbles upon a real life international criminal gang that wants to destroy Rome. What's Jack to do? Can he save the entire city? It's hard to say...

Out of the Tunnel Patrick Jones,2014-09-01 In Troy, Ohio, there's Trojan football and then there's everything else. It's been that way as long as anyone can remember. But it's been more than a decade since Troy took home the state title. This season, they finally have a chance to end the drought. Brian Norwood is the son of a Trojan football legend. His father starred on the last championship team—an undefeated team. And it seems like every sacred Trojan tradition began with his dad. Now Brian is the starting tight end—a member of the team's inner circle. He's finally living up to his father's expectations. But being one of Troy's privileged few is not at all what Brian expected.

Light at the End of the Tunnel Paul Hellyer,2010 Argues that the human species is headed for extinction in the near future, and presents three principal elements the author believes are needed to put the Earth on the road to recovery, including the availability of reliable sources of energy to replace fossil fuels, a world culture of cooperation, and a monetary and banking system that gives government the financial flexibility to make the transition from an oil economy to something quite different.

The Tunnel Anthony Browne,2008 Scornful of his younger sister's fears, a young boy decides to explore a tunnel forcing her to go after him when he doesn't return. Suggested level: junior, primary.

Tunnels (Tunnels #1) Roderick Gordon,Brian Williams,2011-05-01 The New York Times Bestseller! The story of an outcast boy, his eccentric dad, and the scary underground world they discover through secret TUNNELS.14-year-old Will Burrows has little in common with his strange, dysfunctional family. In fact, the only bond he shares with his eccentric father is a passion for archaeological excavation. So when Dad mysteriously vanishes, Will is compelled to dig up the truth behind his disappearance. He unearths the unbelievable: a secret subterranean society. The Colony has existed unchanged for a century, but it's no benign time capsule of a bygone era--because the Colony is ruled by a cultlike overclass, the Styx. Before long--

before he can find his father--Will is their prisoner....

Tunnel in the Sky Robert A. Heinlein, 2005-03-15 High school students enter a time gate to an unknown planet for a survival test, but something goes wrong and they have to learn to survive by their own resourcefulness.

The Tunnel Under the World Frederik Pohl, 2018-10-28 Pinching yourself is no way to see if you are dreaming. Surgical instruments? Well, yes-but a mechanic's kit is best of all!

Trapped Under the Sea Neil Swidey, 2015-02-17 The harrowing story of five men who were sent into a dark, airless, miles-long tunnel, hundreds of feet below the ocean, to do a nearly impossible job—with deadly results A quarter-century ago, Boston had the dirtiest harbor in America. The city had been dumping sewage into it for generations, coating the seafloor with a layer of “black mayonnaise.” Fisheries collapsed, wildlife fled, and locals referred to floating tampon applicators as “beach whistles.” In the 1990s, work began on a state-of-the-art treatment plant and a 10-mile-long tunnel—its endpoint stretching farther from civilization than the earth’s deepest ocean trench—to carry waste out of the harbor. With this impressive feat of engineering, Boston was poised to show the country how to rebound from environmental ruin. But when bad decisions and clashing corporations endangered the project, a team of commercial divers was sent on a perilous mission to rescue the stymied cleanup effort. Five divers went in; not all of them came out alive. Drawing on hundreds of interviews and thousands of documents collected over five years of reporting, award-winning writer Neil Swidey takes us deep into the lives of the divers, engineers, politicians, lawyers, and investigators involved in the tragedy and its aftermath, creating a taut, action-packed narrative. The climax comes just after the hard-partying DJ Gillis and his friend Billy Juse trade assignments as they head into the tunnel, sentencing one of them to death. An intimate portrait of the wreckage left in the wake of lives lost, the book—which Dennis Lehane calls extraordinary and compares with *The Perfect Storm*—is also a morality tale. What is the true cost of these large-scale construction projects, as designers and builders, emboldened by new technology and pressured to address a growing population’s rapacious needs, push the limits of the possible? This is a story about human risk—how it is calculated, discounted, and transferred—and the institutional failures that can lead to catastrophe. Suspenseful yet humane, *Trapped Under the Sea* reminds us that behind every bridge, tower, and tunnel—behind the infrastructure that makes modern life possible—lies unsung bravery and extraordinary sacrifice.

The Time Tunnel Anthony Koontz,2021-08-10 Tony and Doug arrive on an alien spacecraft in space above the Americas. Two aliens soon appear, pull a gun, and force Tony and Doug into an area that translates between their different languages. The aliens tell Tony and Doug that they are going to take all of the protein (food) from Earth and that there will be no life left when they leave, just as they have done with other planets. The aliens also tell them that there are three kinds of people: those who cooperate, those who can be made to cooperate, and those whom they must kill. Resistance is impossible, they say. - This work is an artistic experimentation, a comic book fanzine version of The Time Tunnel, an American science fiction TV series starring James Darren and Robert Colbert. The series was inspired by the 1964 film The Time Travelers (AIP / Dobil), and was the third science fiction television series by producer-creator Irwin Allen, released by 20th Century Fox Television and broadcast on ABC.

Through The Tunnel Doris Lessing,2013-03-28 From the winner of the Nobel Prize for Literature, Doris Lessing, a short story about a young boy’s coming of age.
