Gps from Above Sherrill Eugene Stepter,2016-08-31 GPS from Above is about enabling Gods powerful Spirit (GPS) through a careful study of the fruit of the Spirit found in Galatians 5:2223. God has a plan for each of us, with promises of help and guidance. This book is filled with scripture, quotes, and statements that address each fruit uniquely. We may be on a temporary earthly journey while on our eternal Spiritual journey, but GPS from Above will help us soar toward heaven anytime, anywhere. If you know my friend Eugene, you will recognize his heart and character in this work. His allegiance to Jesus is evident to everyone who knows him. And that deep loyalty is revealed in every thought, every word, and every chapter in this work. I dont know how long Eugene and I have been brothers. But I know that, for thirty years, he has been a source of encouragement, grace, and has a

deeper commitment to Jesus for me. When Eugene writes that Jesus is his GPS that is more than a simple metaphor; it is the truth of his life. And it is the source of his amazing development into the man who lives beholding the glory of the Lord and being changed into his likeness (2 Corinthians 3:18 RSV). I am glad Eugene has written down his thoughts in this manuscript. And I encourage you to follow his words and his heart into the very presence of Jesus (Howard Bryan, preaching minister, Westside Church of Christ, El Paso, Texas).

GPS: God's Provided Salvation Jeffery Giles, 2019-11-19 God's Provided Salvation is available to every person that desires a relationship with God. His desire is for every person to live eternally with Him in His kingdom and that fact is spelled out throughout the scripture, Old and New Testaments. What we have done in this study book is we have taken scripture from various books in the Bible as they relate to each other on the subject of eternal salvation and combined them along with questions and commentary. God has provided salvation through His Son, Jesus Christ, and this book helps you to understand more about that sacrifice and what is required by God for us to live with Him and His Son, Jesus, throughout eternity. This book, hopefully, will challenge you to dig into the Scripture more on a daily basis and strengthen your relationship with the Lord God in heaven.

GPS for Life Brandy A. Coffee Marks, 2011-06 GPS for Life shows what to do once one becomes a believer. For those who want to learn and grow in the

Lord, the author provides challenging questions and space for adding one's own comments.

Heaven'S Star Jim Woodell, 2012-07-25 Is there anyone who doesn't want to stand before God without guilt or fear? Surely most people would welcome having that assurance. The good news is that you can have that assurance; you can stand before a holy God with pure joy, convinced that you are guiltless! How is this possible? How can we know right now - whether or not we're saved? Heaven's Star not only explores and settles that question, but also equips the reader to share that wonderful news with others. That message is the very heart of this book.

Rose Publishing has produced one of the finest books I have ever seen. Every aspect of the charts, maps and time lines leaps off the page with spectacular color, incredible accuracy and intricate detail. . . . A must for every pastor and teacher who wants to clearly present the truths of the Bible. --Dr. Jerry Falwell, Founder of Liberty University A compendium of charts, time lines, lists and illustrations to accompany study of the Bible. This visually appealing resource provides a wide array of illustrative and textually concise references, beginning with three sets of charts covering the Bible as

a whole, the Old Testament and the New Testament. These charts cover such topics as biblical weights and measures, feasts and holidays and the 12 disciples. Most of the charts use a variety of illustrative techniques to convey lessons and provide visual interest. A worthwhile example is 'How We Got the Bible, ' which provides a time line of translation history, comparisons of canons among faiths and portraits of important figures in biblical translation, such as Jerome and John Wycliffe. The book then presents a section of maps, followed by diagrams to conceptualize such structures as Noah's Ark and Solomon's Temple. Finally, a section on Christianity, cults and other religions describes key aspects of history and doctrine for certain Christian sects and other faith traditions. Overall, the authors take a traditionalist, conservative approach. For instance, they list Moses as the author of the Pentateuch (the first five books of the Hebrew Bible) without making mention of claims to the contrary. When comparing various Christian sects and world religions, the emphasis is on doctrine and orthodox theology. Some chapters, however, may not completely align with the needs of Catholic and Orthodox churches. But the author's leanings are muted enough and do not detract from the work's usefulness. As a resource, it's well organized, inviting and visually stimulating. Even the most seasoned reader will learn something while browsing. Worthwhile reference stuffed with facts and illustrations. --Kirkus Reviews
