Robert H. Boyle

Offshore Pursuit John Unkart,2012 The tranquil beauty of a morning sunrise over the Atlantic Ocean is in direct contrast to the savage acts taking place beneath the water's surface. Powerful tails propel half-ton blue marlin at nearly 50 mph, as their bills slash at baitfish. The razor-sharp teach of wahoo cut unsuspecting prey in half. And these predators become the hunted, when anglers venture forth in Offshore Pursuit. Experience what the ultimate sport fishing has to offer: surface eruptions on trolled baits, rods bent in half, drags screaming, and adrenaline pumping. Whether you call blue water your regular fishing grounds or want to experience the thrill for the first time, don't leave success in the hands of Lady Luck. Knowledge and experience are necessary to produce results, and Offshore Pursuit has the information you need to catch big game fish in offshore waters. What baits each species prefers, methods of trolling, types of spreads, how to chunk for tuna, and when and how to use a kite are all covered in detail. Proven methods learned through years of experience are clearly explained to help you catch more fish. From rigging techniques to tips on how to fight trophy fish, it's all in this book.

**Fishing Adventures in Florida** Max Hunn,2015-10-17 Is there a cure for snook fever? “I've landed plenty of snook with a light bait-casting outfit. Don't fish for snook any other way. You can cane pole 'em with heavy lines off piers and bridges, or troll for 'em. But I like to scrub the bushes and make 'em hit top-water plugs. This was how Cal Stone introduced the author to light tackle fishing many decades ago in the waters of south Florida. Steer through twisted mangrove channels, dodge “noggin-knockers and oyster bars on outgoing tides, and join author Max Hunn as he brawls with tarpon and tangles with snook and redfish, mostly in the Ten Thousand Islands country.

**Salt Water Game Fishing** Charles Frederick Holder,2015-11-02 The ocean holds an untold amount of creatures; the depths are so great that all is not known about the ocean. Salt-water fishing offers participants an interesting challenge. Some participate for sport, in a quest to find unique specimens. Others are looking for rare fish to feast on. Either way, salt-water fishing has existed alongside the development of humanity, and ways to approach it have changed greatly with technology and the environment. In this history, specifically in it as a sport, Charles Frederick Holder (1851-1915) is a major figure. Holder is credited with being the inventory of big game fishing. He was also a curator for the American Museum of Natural History, and a specialist on marine zoology. In 1898, he founded the Tuna Club of Avalon, located in Avalon, California, to assist with organized efforts to manage game fish; that same year is was considered to start the sport of big-game fishing. For his efforts, in 1998, he was inducted into the International Game Fish Association. For fishers, historians and anyone in between, Salt Water Game Fishing offers a look at the start of a new sport. This edition is dedicated to Robert Rich Jr., big game fisherman and author extraordinary.
