Now there are soldiers everywhere, interrupting Marcel's rides with checkpoints and questioning. Then Marcel learns two big secrets, and he realizes there are worse things about the war than a canceled race. When he later discovers that his friend's entire family is in imminent danger, Marcel knows he can help -- but it will involve taking a risky bicycle ride to pass along covert information. And when nothing ends up going according to plan, it's up to him to keep pedaling and think quickly... because his friend, her family, and his own future hang in the balance.

Eventually Nancy had to escape from France herself to avoid capture by the Gestapo. In London she trained with the Special Operations Executive as a secret agent and saboteur before parachuting back into France. **Soldier, Sailor, Frogman, Spy, Airman, Gangster, Kill or Die** Giles Milton,2019-03-12 A ground-breaking account of the first 24 hours of the D-Day invasion told by a symphony of incredible accounts of unknown and unheralded members of the Allied – and Axis – forces. Seventy-five years have passed since D-Day, the greatest seaborne invasion in history. The outcome of the Second World War hung in the balance on that chill June morning. If Allied forces succeeded in gaining a foothold in northern France, the road to victory would be open. But if the Allies could be driven back into the sea, the invasion would be stalled for years, perhaps forever. An epic battle that involved 156,000 men, 7,000 ships and 20,000 armoured vehicles, the desperate struggle that unfolded on 6 June 1944 was, above all, a story of individual heroics – of men who were driven to keep fighting until the German defences were smashed and the precarious beachheads secured. This authentic human story – Allied, German, French – has never fully been told. Giles Milton's bold new history narrates the day's events through the tales of survivors from all sides: the teenage Allied conscript, the crack German defender, the French resistance fighter. From the military architects at Supreme Headquarters to the young schoolboy in the Wehrmacht's bunkers, Soldier, Sailor, Frogman, Spy, Airman, Gangster, Kill or Die lays bare the absolute terror of those trapped in the front line of Operation Overlord. It also gives voice to those who have hitherto remained unheard – the French butcher's daughter, the Panzer Commander's wife, the chauffeur to the General Staff. This vast canvas of human bravado reveals 'the longest day' as never before – less as a masterpiece of strategic planning than a day on which thousands of scared young men found themselves staring death in the face. It is drawn in its entirety from the raw, unvarnished experiences of those who were there.
