Jane Belk Moncure

Bird Is the Word Gary H. Meiter, 2020-03-20 More than 900 species of birds are known from North America, an avifauna made up of native year-round residents and seasonal migrants, modestly enhanced by introduced exotics and neighboring vagrants. Bird Is the Word is an unequalled compilation of the names of almost 800 of those birds and the record of how, when, where, and by whom those names were created and became parts of the history and science of North America's avifauna. This book is made up of three parts. Part I provides an introduction to the discovery and recording of North American birds by Europeans and to the scope and structure of avian taxonomy. Part II, which consists of 26 chapters and makes up most of the book, is devoted to the names of the individual species and the historical and cultural context of those names. Part III includes three appendixes, the largest of which introduces more than a hundred naturalists and other persons who participated searching for, finding, recording, naming, describing, or illustrating the birds of North America. Bird Is the Word is a rich, and readily accessible, collection of information about finding and naming the birds of North America. It is much more than a reference book; it is a journey of discovery that will enrich the reader's birding experience.

Word Birds Word Book Jeanne Perrett, Michael Webb, 1995-01 This text is part of a vocabulary-based programme which pays attention to all four language skills. The whole programme consists of a students' book, a teacher's book and a listening/song cassette. It covers approximately 30 topic-based units, each covering four pages. Each unit consists of a presentation spread followed by a simple activity page (writing, drawing and colouring) and a listening page (simple dialogues and repetition activities) allowing practice and reinforcement of unit target language. Most units have an easy song, with a karaoke version so children can sing along too and practise difficult sounds and word combinations to music.

Everybody's Heard about the Bird Rick Shefchik, 2015-11-07 If you didn't experience rock and roll in Minnesota in the 1960s, this book will make you wish you had. This behind-the-scenes, up-close-and-personal account relates how a handful of Minnesota rock bands erupted out of a small Midwest market and made it big. It was a brief, heady moment for the musicians who found themselves on a national stage, enjoying a level of success most bands only dream of. In *Everybody's Heard about the Bird*, Rick Shefchik writes of that time in vivid detail. Interviews with many of the key musicians, combined with extensive research and a phenomenal cache of rare photographs, reveal how this monumental era of Minnesota rock music evolved. The chronicle begins with musicians from the 1950s and early 1960s, including Augie Garcia, Bobby Vee, the Fendermen, and Mike Waggoner and the Bops. Shefchik looks at how a local recording studio and record label, along with Minnesota radio stations, helped make their achievements possible and prepared the way for later bands to break out nationally. Shefchik delves deeply into the Trashmen's emblematic rise to fame. A Minneapolis band that recorded a fluke novelty hit called "Surfin' Bird" at Kay Bank Studios, the Trashmen signed with Soma Records, topped the local charts in late 1963, and were poised to top the national charts in early 1964. Hundreds of Minnesota bands took inspiration from the Trashmen's success, as teen

dances with live bands flourished in clubs, ballrooms, gyms, and halls across the Upper Midwest. Here are the stories of bands like the Gestures, the Castaways, and the Underbeats, and the triumphs—and tragedies—of the most prominent Minnesota-spawned bands of the late 1960s, including Gypsy, Crow, and the Litter. For the baby boomers who remember it and everyone else who has felt its influence, the 1960s rock-and-roll scene in Minnesota was an extraordinary period both in musical history and popular culture, and now it's captured fully in print for the first time. *Everybody's Heard about the Bird* celebrates how these bands found their singular sound and played for their elated audiences from the golden era to today.

I Know Why the Caged Bird Sings Maya Angelou, 2010-07-21 Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. "*I Know Why the Caged Bird Sings* liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin From the Paperback edition.

Have You Heard the Nesting Bird? Rita Gray, 2014 In this nonfiction picture book, young readers learn just why the mother nesting bird stays quiet and still while sitting on her eggs. By an illustrator who has worked with Dreamworks Animation and Walt Disney Feature Animation. 15,000 first printing.

Aaaaw to Zzzzzd: The Words of Birds John Bevis, 2010-08-20 The distinctive and amazing songs and calls of birds: a meditation and a lexicon. "A miraculous little book: a compressed encyclopedia of our fascination with

avifauna." –The Nation "A charming, funny, and eccentric book." –Times Literary Supplement "An elegant tribute to the beauty of its subject." –Los Angeles Times Birds sing and call, sometimes in complex and beautiful arrangements of notes, sometimes in one-line repetitions that resemble a ringtone more than a symphony. Listening, we are stirred, transported, and even envious of birds' ability to produce what Shelley called "profuse strains of unpremeditated art." And for hundreds of years, we have tried to write down what we hear when birds sing. Poets have put birdsong in verse (Thomas Nashe: "Cuckoo, jug-jug, pu-we, to-witta-woo") and ornithologists have transcribed bird sounds more methodically. Drawing on this history of bird writing, in *Aaaaw to Zzzzzd* John Bevis offers a lexicon of the words of birds. For tourists in Birdland, there could be no more charming phrasebook. Consulting it, we find seven distinct variations of "hoo" attributed to seven different species of owls, from a simple hoo to the more ambitious hoo hoo hoo-hoo, ho hoo hoo-hoo; the understated cheet of the tree swallow; the resonant kreeaaaaaaaaaar of the Swainson's hawk; the modest peep peep peep of the meadow pipit. We learn that some people hear the Baltimore oriole saying "here, here, come right here, dear" and the yellowhammer saying "a little bit of bread and no cheese." Bevis, a poet, frames his lexicons—one for North America and one for Britain and northern Europe—with an evocative appreciation of birds, birdsong, and human attempts to capture the words of birds in music and poetry. He also offers an engaging account of other methods of documenting birdsong—field recording, graphic notation, and mechanical devices including duck calls and the serinette, an instrument used to teach song tunes to songbirds. The singing of birds is nature at its most sublime, and words are our medium for expressing this sublimity. *Aaaaw to Zzzzzd* belongs in the bird lover's backpack and on the word lover's bedside table, an unexpected and sui generis pleasure.

The Song of the Bird Anthony De Mello, 2016-07-05 Every one of these stories is about YOU. --Anthony de Mello Everyone loves stories; and in this book the bestselling author of *Sadhana: A Way to God* shares 124 stories and parables from a variety of traditions both ancient and modern. Each story resonates with life lessons that can teach us inescapable truths about ourselves and our world. De Mello's international acclaim rests on his unique approach to contemplation and ability to heighten self-awareness and self-discovery. His is a holistic approach, and in the words of one reviewer: his mysticism cuts across all times and peoples and is truly a universal invitation. *The Song of the Bird* uses the familiar yet enduring medium of the story to illustrate profound realities that bring us in touch with the problems and concerns of daily life, as well as with our common spiritual quest. The aim is to develop the art of tasting and feeling the message of each story to the point that we are transformed. Let the story speak to your heart, not to your brain, the author directs. This may make something of a mystic out of you. Enhanced by lovely ink drawings, this is indeed a volume to treasure, to share, and to read many times over, for it is everyone's best companion on the road to spiritual growth.
