Lang Elliott,Marie Read

**The Field Guide to Dumb Birds of North America** Matt Kracht, 2019-04-02 National bestselling book: Featured on Midwest, Mountain Plains, New Atlantic, Northern, Pacific Northwest and Southern Regional Indie Bestseller Lists Perfect book for the birder and anti-birder alike A humorous look at 50 common North American dumb birds: For those who have a disdain for birds or bird lovers with a sense of humor, this snarky, illustrated handbook is equal parts profane, funny, and—let's face it—true. Featuring common North American birds, such as the White-Breasted Butt Nugget and the Goddamned Canada Goose (or White-Breasted Nuthatch and Canada Goose for the layperson), Matt Kracht identifies all the idiots in your backyard and details exactly why they suck with humorous, yet angry, ink drawings. With *The Field Guide to Dumb Birds of North America*, you won't need to wonder what all that racket is anymore! • Each entry is accompanied by facts about a bird's (annoying) call, its (dumb) migratory pattern, its (downright tacky) markings, and more. • The essential guide to all things wings with migratory maps, tips for birding, musings on the avian population, and the ethics of birdwatching. • Matt Kracht is an amateur birder, writer, and illustrator who enjoys creating books that celebrate the humor inherent in life's absurdities. Based in Seattle, he enjoys gazing out the window at the beautiful waters of Puget Sound and making fun of birds. There are loads of books out there for bird lovers, but until now, nothing for those that love to hate birds. *The Field Guide to Dumb Birds of North America* fills the void, packed with snarky illustrations that chastise the flying animals in a funny, profane way. – Uncrate A humorous animal book with 50 common North American birds for people who love birds and also those who love to hate birds • A perfect coffee table or bar top conversation-starting book • Makes a great Mother's Day, Father's Day, birthday, or retirement gift

*Birds* Tim Flach, 2021-11-23 Birds of the world are portrayed in all their colorful glory by Tim Flach, the world's leading animal photographer Radiating grace, intelligence, and humor, and always in motion, birds tantalize the human imagination. Working for years in his studio and the field, Tim Flach has portrayed nature's most exquisite creatures alertly at rest or dramatically in flight, capturing intricate feather patterns and subtle coloration invisible to the naked eye. From familiar friends to marvelous rarities, Flach's birds convey the beauty and wonder of the natural world. Here are all manner of songbirds, parrots, and birds of paradise; birds of prey, water birds, and theatrical domestic breeds. The brilliant ornithologist Richard O. Prum is our guide to this magical kingdom.

*Migratory Birds* Mariana Oliver, 2021 A sensitive, stunning debut on movement, migration, and loss, in the vein of Valeria Luiselli's *Sidewalks*.

*The Field Guide to Dumb Birds of the Whole Stupid World* Matt Kracht, 2022-01-04 Let's face it—all birds are fascinating, wonderful, idiotic jerks—no matter where in the world they reside. Following in the footsteps of the bestselling book *The Field Guide to Dumb Birds of North America*, this hilarious sequel ventures beyond to identify the stupidest birds around the world. Featuring birds from North and South America, Africa, Asia, Europe, and Oceania, author Matt Kracht identifies the dumb birds that manage to live all over the freaking place with snarky, yet accurate, names and humorous, anger-filled drawings. This guide book details exactly how much these morons suck with facts about each bird's (annoying) call, its (stupid) migratory pattern, and its (downright tacky) markings. Complete with a matching game, bird descriptor checklist, tips on how to identify a bird (you can tell a lot by looking into a bird's eyes, for example), this profanity-laden book offers a balance of fact and wit that will appeal to hardcore birders and casual bird lovers (and haters) alike. A MUST-HAVE: A must-have sequel to the bestselling parody book *The Field Guide to Dumb Birds of North America*. UNIQUE & LAUGH-OUT-LOUD FUNNY: This is a great coffee table or bar top conversation-starting book. And a bonus, while the content is humorous, it is practical and useful! A GREAT PRESENT: This is the perfect gift for the bird lovers and haters in your life.

It also makes a great Mother's Day, Father's Day, birthday, retirement, or gag gift. Perfect for: • Birdwatching and nature enthusiasts • Armchair birders (or nonbirders) • Someone who needs a quirky gift for an animal lover friend • People with serious birders in their lives who want something lighthearted

**All the Birds of the World** Josep del Hoyo,2020

The Sibley Guide to Bird Life & Behavior David Allen Sibley,2009 Provides basic information about the biology, life cycles, and behavior of birds, along with brief profiles of each of the eighty bird families in North America.

The Fascination of Birds William Young,2014-06-18 Roadrunners are known from cartoons. Ravens are known to poetry lovers. Eagles are known as figures in ancient mythology and as modern national symbols. Birds have fascinated people throughout history. This captivating collection of 99 essays offers a well-researched but easy-to-read look at birds as familiar as the sparrow and as seldom-seen as the albatross, from dancing varieties (crane) to sacred ones (ibis) to those associated with practical jokes and assassinations (snipe). Alphabetically arranged by type of bird, the essays combine the author's extensive field experience with reflections drawn from biology, ecology, literature, music, history, linguistics, politics, sports, entertainment, and other areas. References range from Homer's description of a cormorant in flight to mentions of birds in Monty Python sketches; from the filmmaking of Alfred Hitchcock to the music of Robyn Hitchcock. No previous knowledge of birds is necessary to appreciate the book, which is illustrated with classic images from John James Audubon's *The Birds of America*.

**Birds of North Carolina** Thomas Gilbert Pearson,Clement Samuel Brimley,Herbert Hutchinson Brimley,1919

*Common Birds and Their Songs* Lang Elliott,Marie Read,1998 Presents the songs and calls of fifty North American birds that are common to residential settings, city parks, and urban areas.

*Birds & Nature Magazine* Charles C. Marble,William Kerr Higley,1902 Vol. 6 includes 40 Three-Color Half tone illustrations from photographs of stuffed birds, minerals and some landscapes. Chicago Colortype Co., Chic. & New York, identified on some plates.--Page 132.

*The Bluebird Effect* Julie Zickefoose,2012 A wild bird rehabilitator and nature artist describes her painstaking efforts to rescue injured birds and her experiences when those birds come back to visit, looking at the personality and quirks of individual birds of different species.

*Bird Neighbors* Neltje Blanchan,1902

**The Birds of North and Middle America** Robert Ridgway,1907

One Hundred Birds Kristina Henson,2019-06 One Hundred Birds Telling One Hundred Little Stories is illustrated and written by local artist and writer Kristina Henson. For each of 100 days, Kristina sketched a bird and wrote a poem or story told from the bird's unique perspective. Her feathered cast of characters takes you through joys and challenges, the changing seasons and even the occasional life-changing event, with hope, smiles and an occasional snack of seed or suet along the way.

**The Private Lives of Birds** Bridget Stutchbury,2011-04-10 Biologist Bridget Stutchbury takes readers along on her escapades as a bird detective, stalking subjects through the woods for hours, taking blood samples from nestlings for DNA analysis, and mounting miniature tracking devices on tiny backs. She captures several young white-and-brown male purple martins and paints them the darker color of mature males to see if the painted youngsters are more successful than their unaltered peers in wresting away nest sites from older males. They are! *The Private Lives of Birds* is a treasure trove of fascinating insights into bird behavior. But understanding the social lives of birds does much more than slake our curiosity. Aware that many birds will not occupy an area unless other birds are already there, biologists used mirrors and two-dimensional cutouts to lure Atlantic puffins to

establish colonies off the coast of Maine, getting curious puffins to visit the site and linger long enough to encounter a live bird. As Stutchbury says, Trying to save birds without understanding what makes them tick is a shot in the dark ... birds are highly social, and their social needs are at least as important as their physical needs.

**Common Birds: Second Series** Ralph Hoffmann,1900

*Book of Birds* John Faaborg,2020-11-11 In *Book of Birds: Introduction to Ornithology*, John Faaborg, renowned expert on avian ecology and conservation, brings a fresh and accessible sensibility to the study of ornithology. In this beautifully illustrated volume, Faaborg's approachable writing style will engage students and birders alike while introducing them to the study of the evolution, taxonomy, anatomy, physiology, diversity, and behavior of birds. With its unique focus on ecology, the text emphasizes birds' relationships with the environment and other species while showing the amazing diversity of avian life. Faaborg pays special attention to the roles that competition, community structure, and reproductive behavior play in the astonishingly varied and interesting lives of birds seen around the world. He discusses variations in anatomy, morphology, and behavior; explains why such vast diversity exists; and explores the ways in which different birds can share the same spaces. Artist Claire Faaborg brings the science behind this diversity to life through her unique, hand-drawn artwork throughout the book. Combining vibrant visuals and knowledgeable insights, *Book of Birds* offers readers a firm foundation in the field of ornithology and an invaluable resource for understanding birds from an ecological and evolutionary perspective.

*Incredible Birds* John Townsend,2004-08 Describes the physical characteristics, habitats, and behavior of a wide variety of birds, from the tiny hummingbird to the huge ostrich.

**Effin' Birds** Aaron Reynolds,2019-10-15 A compact, comprehensive, and very silly field guide featuring more than 200 of the rudest birds on earth—from the creator of the Webby Award-winning hit Instagram account! *Effin' Birds* is the most eagerly anticipated new volume in the grand and noble profession of nature writing and bird identification. Sitting proudly alongside Sibley, Kaufman, and Peterson, this book contains more than 150 pages crammed full of classic, monochrome plumage art paired with the delightful but dirty aphorisms (think "I'm going to need more booze to deal with this week") that made the *Effin' Birds* feed a household name. Also included in its full, Technicolor glory is John James Audubon's most beautiful work matched with modern life advice. Including never-before-seen birds, insults, and field notes, this guide is a must-have for any effin' fan or birder.

*The Birds of Massachusetts* Reginald Heber Howe,Glover Morrill Allen,1901

Yeah, reviewing a books **Birds** could be credited with your close links listings. This is just one of the solutions for you to be successful. As understood, deed does not suggest that you have astonishing points.

Comprehending as skillfully as treaty even more than new will find the money for each success. bordering to, the publication as competently as sharpness of this *Birds* can be taken as well as picked to act.
