*The WPA Guide to North Dakota* Federal Writers' Project,2013-10-31 During the 1930s in the United States, the Works Progress Administration developed the Federal Writers' Project to support writers and artists while making a national effort to document the country's shared history and culture. The American Guide series consists of individual guides to each of the states. Little-known authors—many of whom would later become celebrated literary figures—were commissioned to write these important books. John Steinbeck,

Saul Bellow, Zora Neale Hurston, and Ralph Ellison are among the more than 6,000 writers, editors, historians, and researchers who documented this celebration of local histories. Photographs, drawings, driving tours, detailed descriptions of towns, and rich cultural details exhibit each state's unique flavor. According to the WPA Guide to North Dakota, there is more to the Northern Prairie State than meets the eye. Primarily an agricultural state, cattle ranching and the pioneer spirit are ever-present in this guide. Also, beautiful photographs of the Great Plains make this a visually pleasing guide the Peace Garden State.
