**Glass Making in the Greco-Roman World** Patrick Degryse, 2015-01-21 New insights into the trade and processing of mineral raw materials for glass making - Free ebook at OAPEN Library ([www.oapen.org](http://www.oapen.org))

This book presents a reconstruction of the Hellenistic-Roman glass industry from the point of view of raw material procurement. Within the ERC funded ARCHGLASS project, the authors of this work developed new geochemical techniques to provenance primary glass making. They investigated both production and consumer sites of glass, and identified suitable mineral resources for glass making through geological prospecting. Because the source of the raw materials used in the manufacturing of natron glass can be determined, new insights in the trade of this material are revealed. While eastern Mediterranean glass factories were active throughout the Hellenistic to early Islamic period, western Mediterranean and possibly Italian and North African sources also supplied the Mediterranean world with raw glass in early Roman times. By combining archaeological and scientific data, the authors develop new interdisciplinary techniques for an innovative archaeological interpretation of glass trade in the Hellenistic-Roman world, highlighting the development of glass as an economic material. Contributors Annelore Blomme (KU Leuven), Sara Boyen (KU Leuven), Dieter Brems (KU Leuven), Florence Cattin (Université de Bourgogne), Mike Carremans (KU Leuven), Veerle Devulder (KU Leuven, UGent), Thomas Fenn (Yale University), Monica Ganio (Northwestern University), Johan Honings (KU Leuven), Rebecca Scott (KU Leuven)

Anagram Solver Bloomsbury Publishing, 2009-01-01 Anagram Solver is the essential guide to cracking

all types of quiz and crossword featuring anagrams. Containing over 200,000 words and phrases, Anagram Solver includes plural noun forms, palindromes, idioms, first names and all parts of speech. Anagrams are grouped by the number of letters they contain with the letters set out in alphabetical order so that once the letters of an anagram are arranged alphabetically, finding the solution is as easy as locating the word in a dictionary.

**The Word Rhythm Dictionary** Timothy Polashek, 2014-04-18 This new kind of dictionary reflects the use of “rhythm rhymes” by rappers, poets, and songwriters of today. Users can look up words to find collections of words that have the same rhythm as the original and are useable in ways that are familiar to us in everything from vers libre poetry to the lyrics and music of Bob Dylan and hip hop groups.

How To Watch Television Ethan Thompson, Jason Mittell, 2013-09-16 Examines social and cultural phenomena through the lens of different television shows We all have opinions about the television shows we watch, but television criticism is about much more than simply evaluating the merits of a particular show and deeming it ‘good’ or ‘bad.’ Rather, criticism uses the close examination of a television program to explore that program’s cultural significance, creative strategies, and its place in a broader social context. How to Watch Television brings together forty original essays from today’s leading scholars on television culture, writing about the programs they care (and think) the most about. Each essay focuses on a particular television show, demonstrating one way to read the program and, through it, our media culture. The essays model how to practice media criticism in accessible language, providing critical insights through analysis—suggesting a way of looking at TV that students and interested viewers might emulate. The

contributors discuss a wide range of television programs past and present, covering many formats and genres, spanning fiction and non-fiction, broadcast and cable, providing a broad representation of the programs that are likely to be covered in a media studies course. While the book primarily focuses on American television, important programs with international origins and transnational circulation are also covered. Addressing television series from the medium's earliest days to contemporary online transformations of television, *How to Watch Television* is designed to engender classroom discussion among television critics of all backgrounds.

*The Australian Official Journal of Trademarks*, 1906

Think Twice Michael J. Mauboussin, 2012-11-06 No matter your field, industry, or specialty, as a leader you make a series of crucial decisions every single day. And the harsh truth is that the majority of decisions—no matter how good the intentions behind them—are mismanaged, resulting in a huge toll on organizations, the people they employ, and even the people they serve. So why is it so hard to make sound decisions? In *Think Twice*, now in paperback, Michael Mauboussin argues that we often fall victim to simplified mental routines that prevent us from coping with the complex realities inherent in important judgment calls. Yet these cognitive errors are preventable. In this engaging book, Mauboussin shows us how to recognize and avoid common mental missteps. These include misunderstanding cause-and-effect linkages, not considering enough alternative possibilities in making a decision, and relying too much on experts. Through vivid stories, the author presents memorable rules for avoiding each error and explains how to recognize when you should “think twice”—questioning your reasoning and adopting decision-

making strategies that are far more effective, even if they seem counterintuitive. Armed with this awareness, you'll soon begin making sounder judgment calls that benefit (rather than hurt) your organization.

**Gambling in Everyday Life** Fiona Nicoll, Taylor & Francis Group, 2021-09-30 Gambling in Everyday Life aims to produce the first cultural study of gambling in everyday life, to develop critical and empirical methods, and to make cultural studies of gambling accessible to an interdisciplinary and transnational readership by applying Nicoll's original concept of 'finopower.'

**Gender and Corporate Governance** Francisco Bravo-Urquiza, Nuria Reguera-Alvarado, 2019-11-28 Gender diversity as a corporate governance mechanism is high on the agenda for regulators, firms, and researchers. Particularly, gender board composition has received a great deal of attention in recent years. The theoretical foundations of the benefits associated with the inclusion of female directors on boards, how to measure gender diversity in the boardroom, and its real impact on board decisions and firm strategies remain hotly debated. Drawing on empirical data, this book summarises the current situation regarding gender board diversity and provides a concise overview of the most important concerns about this topic. This will be a vital tool to guide the future debate on gender diversity and corporate governance for researchers and advanced students, as well as regulators, policy makers and board members.

*Sissy Dreams: From Boyfriend to Girlfriend* Paul Zante, Receiving a text from Sasha, my girlfriend, at work was always risky. Especially when she wanted to know if her girlfriend was horny. A short and sweet (and filthy) story.

**More Than You Know** Michael J. Mauboussin, 2013-06-11 Since its first publication, Michael J. Mauboussin's popular guide to wise investing has been translated into eight languages and has been named best business book by *BusinessWeek* and best economics book by *Strategy+Business*. Now updated to reflect current research and expanded to include new chapters on investment philosophy, psychology, and strategy and science as they pertain to money management, this volume is more than ever the best chance to know more than the average investor. Offering invaluable tools to better understand the concepts of choice and risk, *More Than You Know* is a unique blend of practical advice and sound theory, sampling from a wide variety of sources and disciplines. Mauboussin builds on the ideas of visionaries, including Warren Buffett and E. O. Wilson, but also finds wisdom in a broad and deep range of fields, such as casino gambling, horse racing, psychology, and evolutionary biology. He analyzes the strategies of poker experts David Sklansky and Puggy Pearson and pinpoints parallels between mate selection in guppies and stock market booms. For this edition, Mauboussin includes fresh thoughts on human cognition, management assessment, game theory, the role of intuition, and the mechanisms driving the market's mood swings, and explains what these topics tell us about smart investing. *More Than You Know* is written with the professional investor in mind but extends far beyond the world of economics and finance. Mauboussin groups his essays into four parts—Investment Philosophy, Psychology of Investing, Innovation and Competitive Strategy, and Science and Complexity Theory—and he includes substantial references for further reading. A true eye-opener, *More Than You Know* shows how a multidisciplinary approach that pays close attention to process and the psychology of decision making offers the best chance for long-term

financial results.

Filmfacts ,1964

*The Constitution Today* Akhil Reed Amar,2016-09-13 A leading legal scholar addresses the most important constitutional controversies of the past two decades and illuminates the Constitution's spirit and ongoing relevance America's Constitution, Chief Justice John Marshall famously observed in *McCulloch v. Maryland*, aspires to endure for ages to come. The daily news has a shorter shelf life, and when the issues of the day involve momentous constitutional questions, present-minded journalists and busy citizens cannot always see the stakes clearly. In *The Constitution Today*, Akhil Reed Amar, America's preeminent constitutional scholar, considers the biggest and most bitterly contested debates of the last two decades and provides a passionate handbook for thinking constitutionally about today's headlines. Amar shows how the Constitution's text, history, and structure are a crucial repository of collective wisdom, providing specific rules and grand themes relevant to every organ of the American body politic. Prioritizing sound constitutional reasoning over partisan preferences, he makes the case for diversity-based affirmative action and a right to have a gun in one's home for self-protection, and against spending caps on independent political advertising and bans on same-sex marriage. He explains what's wrong with presidential dynasties, advocates a nuclear option to restore majority rule in the Senate, and suggests ways to reform the Supreme Court. And he revisits three dramatic constitutional conflicts -- the impeachment of Bill Clinton, the contested election of George W. Bush, and the fight over Barack Obama's Affordable Care Act -- to show what politicians, judges, and journalists got right as events unfolded and what they missed. Leading readers

through the particular constitutional questions at stake in each episode while outlining his abiding views regarding the Constitution's letter, its spirit, and the direction constitutional law must go, Amar offers an essential guide for anyone seeking to understand America's Constitution and its relevance today.

**Abkhassians: the Long-living People of the Caucasus** Sula Benet,1974

**No.8 Re-charged** David Downs,Michelle Dickinson,2018-01-29 Take notice, world, New Zealand is undergoing a re-charge. The 'No. 8 wire' thinking we have been so proud of is being expanded and improved. Remarkable Retail Steve Dennis,2021-04-13 Physical retail isn't dead—but boring retail is! Remarkable Retail equips the savvy retailer with eight essential strategies to thrive in an increasingly volatile and

uncertain future. Digital technology has profoundly altered the competitive landscape for retailers. In *Remarkable Retail*, industry thought leader Steve Dennis argues that in a world of nearly infinite choice, where the lines between digital and physical are increasingly blurred, even being very good is no longer good enough. To win and keep customers today, retailers must be nothing short of remarkable. In most retail categories, digital channels are often central to the consumer's journey, but that doesn't mean people aren't also shopping in stores; they're just using them differently, often browsing in one channel and buying in the other. The notion of a physical store channel and an ecommerce channel is increasingly a distinction without a difference; the customer is the channel. The future belongs to those who embrace the blur of digital and physical that represents modern retail today and work to deliver an experience that is more harmonized and more memorable, regardless of how consumers decide to shop. Packed with illuminating case studies from some of modern retail's biggest success stories—and leveraging Dennis's more than thirty years as a senior executive and strategic consultant to dozens of brands—*Remarkable Retail* lays out the case for going beyond a slightly better version of mediocre and forging a path to being truly remarkable. To help retailers on this transformation journey, Dennis presents eight essential strategies for visionary leaders who are prepared to reimagine their way of doing business. A remarkable retailer is digitally enabled, human-centered, harmonized, mobile, personal, connected, memorable, and radical. In an age where consumers have short attention spans, myriad options, and a digitally integrated relationship with every brand, *Remarkable Retail* is your indispensable guide to creating a powerful retail experience that keeps your customers coming back for more.

Hey Duggee: The Handwashing Badge Hey Duggee, 2020-12-31 Earn your Handwashing Badge with Duggee! It's pizza time at the Squirrel Club, but the Squirrels must wash their hands first! Can they learn to wash their hands properly and earn their Handwashing Badges? Join your favourite Squirrels as they learn a special handwashing song. Featuring all of your favourite characters from the triple BAFTA-winning CBeebies show, this new board book story is perfect for helping parents reinforce the importance of handwashing and encouraging little Hey Duggee fans to wash their hands with confidence.

*Retail Management* Chetan Bajaj, Rajneesh Tuli, Nidhi Varma Srivastava, 2010 The book explores core concepts explained through managerial examples. The exposition also provides in-depth coverage of the four key components of retail marketing management, crucial to effective business decision-making: understanding the retail organisation, the consumers' decision making process, an analyses of retail formats, and retail mix strategies. The text also features innovative/emerging concepts such as, retail marketing in rural areas, CRM strategies in retailing, and monitoring, evaluation and control. Readers shall find this book highly useful for its coverage of the concept and role of retailing marketing management, organized retailing in India, the retail customer and market segmentation, product and brand management strategies to leverage competitive business advantage, and pricing and communication strategies explained through caselets, diagrams, black & white as well as colour photographs, and numerous examples from the Indian context.
