The Oxford English-Hebrew Dictionary N. S. Doniach, A. Kahane, Oxford Centre for Hebrew and Jewish Studies, 1996 The Oxford English-Hebrew Dictionary is a detailed guide to current usage in English and Hebrew. In addition to a full range of idioms and phrases, slang and colloquialisms, the dictionary offers comprehensive coverage of technical, scientific, legal, medical, and academic terminology. Care has also been taken to record British, American, and Australian variants. Both the presentation and content of the dictionary are designed to guide the reader through the pitfalls of varying register and context; clearly labelled senses and numerous example phrases ensure maximum clarity and accessibility. The result is an essential reference tool for English and Hebrew users alike. The Oxford English-Hebrew Dictionary was compiled and edited at the Oxford Centre for Hebrew and Jewish Studies.

This breakthrough work of linguistic scholarship is packed with useful features that guarantee rapid progress, even for those with no familiarity with the Hebrew language. It contains: * Extensive grammatical information including parts of speech, variant verb forms, and the formation of feminines and plurals * Listings of idioms and compounds and indications of colloquialisms and slang * Common variations in pronunciations * Geographical, historical and cultural entries

Dictionary of the Torah (Hebrew - English) Andalus Publications (English),2021-07-11 This Dictionary is a reference and study work to initiate and reinforce your knowledge of the Hebrew language with a comprehensive and clear layout. You will find all the words of the Pentateuch (Torah) in Hebrew letters, even those that appear only once, and you will build your biblical vocabulary of almost 3,500 Hebrew words for the study, translation, and interpretation of the Holy Books. This English Hebrew Dictionary is simple and practical, and its use assumes a basic knowledge of Hebrew grammar, making it a great companion in your Hebrew language learning process, your Bible reading and a basis for the translation or interpretation of the Jewish Sacred texts; and so you will be able to understand, word by word, these biblical verses: 

The Word Isaac Mozeson,2000 This landmark dictionary proves that English words can be traced back to the universal, original language, Biblical Hebrew. Genesis II supports a 'Mother Tongue' thesis, and the Bible also claims that Adam named the animals. This may seem difficult to accept, but then why do the translations of the following animals' names: Skunk, Gopher, Giraffe and Horse actually have corresponding meanings in Biblical Hebrew, such as: Stinker, Digger, Neck and Plower? The book features overwhelming data suggesting that the roots of all human words are universal,

and that words have related synonyms and antonyms that must have been intelligently designed (perhaps by the designer of life himself!) The current hypothesis that language evolved from grunting ape-men may seem like the flat earth theory after reading this book. The 22,000 English-Hebrew links provide surprising evidence, and open new worlds of understanding, once we consider that all of these similar words could not be coincidences.

Hebrew Vocabulary Book Pinhok Languages,2022-08-23 Hebrew vocabulary book + Hebrew dictionary This Hebrew vocabulary book contains more than 3000 words and phrases which are grouped by topic to make it easier for you to pick what to learn first. On top of that, the index in the second half of the book provides you with a basic Hebrew-English as well as English-Hebrew dictionary which makes this a great resource for learners of all levels. What you can expect from this book: This Hebrew learning resource is a combination of Hebrew vocabulary book and a two-way basic Hebrew dictionary: Part 1 - Topic based Hebrew vocabulary book: This is the main part of the book and represents a list of chapters each containing Hebrew vocabularies for a certain topic. The Hebrew vocabularies in the chapters are unsorted on purpose to separate remembering them from a defined alphabetical order. You can start at any chapter and dive directly into the topics that interest you the most. Part 2 - Basic English-Hebrew dictionary: The index in the second half of the book can be used as a basic Hebrew dictionary to look up words you have learned but can't remember or learn new words you need. Part 3 - Basic Hebrew-English dictionary: Easy to use and with just the right amount of words, this third part finishes off with a second index that allows you to look for Hebrew words and directly find the English translation How to use this Hebrew vocabulary book: Not sure where to start? We suggest you first work your way through the verbs, adjectives and phrases chapters in part one of the book. This will give you a great base for further studying and already enough vocabulary for basic communication. The Hebrew dictionaries in part two and three can be used whenever needed to look up words you hear on the street, English words you want to know the Hebrew translation for or simply to learn some new words. Some final thoughts: Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work very well. Together with the basic Hebrew dictionary parts, this vocabulary book is a great resource to support you throughout the process of learning Hebrew and comes in particularly handy at times when there is no internet to look up words and phrases.
