The Future of Men Jack Myers,2016-03-01 "Once again, Jack Myers has his fingers on the pulse of the very latest. Myers has clearly done his homework, and the result is this superb book." —Ken Burns, documentary filmmaker of *The Roosevelts* and *The Civil War* After being told all their lives to "be a man" and "man up," men are now rejecting the macho stereotype and instead developing empathy, getting in touch with their emotions, and becoming more sensitive in their relationships. Women are gaining ground in business, culture, education, relationships, and politics as traditional male and female roles disappear. *The Future of Men: Masculinity in the Twenty-First Century* prepares men and women for this shift in gender norms. As the definition of a "real man" evolves, understanding the future of men in business, politics, sports, education, relationships, and parenting will be essential for men to maintain psychological well-being, strengthen their self-esteem and sexual self-confidence, and rewire their emotional lives. *The Future of Men* provides tools to help men, and especially younger men, recognize and embrace new behaviors that are required for health and happiness at work, at home, and in their relationships.

Whatever your style dilemma, dog's got your back! Readers will learn what to wear to a summer wedding, when to splurge (on the perfect white dress shirt) and when to save

(snag your military field jacket at a thrift store), the secrets to getting the right fit, the brands that stand the test of time, the basics of clothing care, and more.

Petlandia Peter Hannan,2015-05-26 A houseful of pets has declared their independence--but now they're fighting like cats and dogs! In Peter Hannan's delightfully absurd, illustrated chapter book PETLANDIA, a family of pets has kicked their snoring, sniveling humans to the curb, and declared the house an independent nation. But who will lead the new country of Petlandia? Tricky feline (and dictator-wannabe) Mrs. Wigglesworth is expecting to be waited on like a queen. It's all foot rubs and ice cream sundaes from here on out! But doofy dog Grub and his lovesick sidekick Honeybaked Hamster want equal representation, and they have the masses on their side. It's a dog-eat-dog world, and soon Petlandia has descended into all-out civil war!

Marketing Savage John Highley,2021-06-10 You may be thinking, OK, what makes a Marketing Savage so different? Although you'll need to read the entire book to fully understand the possibilities behind the formula, I will give you an overview of what you're getting into. I feel like we're about to enter the matrix together and you're being asked if you want the red or the blue pill. At this point, you can go back to your normal existence getting the same results and living the same life, or you can dig deeper into these pages and challenge everything you've ever been taught. This is where I'll warn you, some of my methods are extremely unconventional, you've never consumed anything exactly like I'm about to teach you. I'm going to challenge your worldview and suggest changes that will radically alter your perception of everything. I'll say this again, this is not another book on marketing, this is a way of life. I will not dumb down teachings, and trust me you'll likely want to consume this knowledge over and over again, so these principles sink in. I've studied hundreds of books on marketing, and I feel the critical path to success has purposely been left out. Most books on marketing are mainly surface level, meant to be consumed by a 5th grader. I understand why it's been so simplified; everyone needs to start with training wheels, but that is not this book. Unfortunately, it is a lot harder to find information on how to get rid of the training wheels and move onto a more advanced level of marketing, so I'm giving you that here. On my journey to find something more, I had to draw this knowledge I'm about to teach you from deep inside my own soul. You will walk with a different set of rules, you'll enter into a new kingdom. My friends, this is not about how I would change the world, but the way you will change the world. What I'm going to

teach you is not about becoming good, it's about becoming great.
