The Bennet Women Eden Appiah-Kubi, 2021-07-20 In this delightfully modern spin on *Pride and Prejudice*, love is a goal, marriage is a distant option, and self-discovery is a sure thing. Welcome to Bennet House, the only all-women's dorm at prestigious Longbourn University, home to three close friends who are about to have an eventful year. EJ is an ambitious Black engineering student. Her best friend, Jamie, is a newly out trans woman studying French and theatre. Tessa is a Filipina astronomy major with guy trouble. For them, Bennet House is more than a residence--it's an oasis of feminism, femininity, and

enlightenment. But as great as Longbourn is for academics, EJ knows it can be a wretched place to find love. Yet the fall season is young and brimming with surprising possibilities. Jamie's prospect is Lee Gregory, son of a Hollywood producer and a gentleman so charming he practically sparkles. That leaves EJ with Lee's arrogant best friend, Will. For Jamie's sake, EJ must put up with the disagreeable, distressingly handsome, not quite famous TV actor for as long as she can. What of it? EJ has her eyes on a bigger prize, anyway: launching a spectacular engineering career in the real world she's been hearing so much about. But what happens when all their lives become entwined in ways no one could have predicted--and EJ finds herself drawn to a man who's not exactly a perfect fit for the future she has planned?

Girls with Scars April Kerner, 2022-05-24 Nate: My life's a mess. One sister's in jail and the other ran off to Reno, leaving me a thousand bucks and an eviction notice for our apartment. Thankfully, I secure a work-study job at a local auto garage. All I gotta do is avoid child protective services until I'm eighteen, finish senior year, and snag a college basketball recruiter's attention. No biggie, right? Then I meet Pen, my new boss's beautiful, mysterious daughter... Pen: Senior year's just begun, but given how quiet things are so far, I'm optimistic I'll finish the rest of high school unscathed. Then Nate Palmer, gorgeous basketball star, trips over my bag...and asks me if I'm new here. Evidently, he has no idea who I am, or what I've been through the last two years. Despite my undeniable attraction to him, I try to keep him at arm's length. But Nate's gentle, caring affection

breaks through my emotional defenses. When old enemies resurface and threaten our budding relationship, I'm forced to decide: walk away from Nate for good to protect my fragile heart, or reclaim those painful scars and finally heal.

Strumpet City James Plunkett, 2006 *Strumpet City*, set in Dublin during the Lockout of 1913, is one of the great Irish novels of the twentieth century and an enduring and popular classic. Gill Books is proud to re-issue this stunning new edition.

The Midnight Hour Benjamin Read, Laura Trinder, 2020-03-03 For fans of portal fantasies like Jessica Townsend's *Nevermoor*, Colin Meloy's *Wildwood*, and *The Spiderwick Chronicles* by Tony DiTerlizzi and Holly Black, and unlike so many other fantasies that introduce readers to a world of enchantment and wonder, *The Midnight Hour* is one filled with beasts and monsters for readers looking to shine their flashlights under the covers. When strange late-night letters start arriving at home, Emily's parents set off to investigate. But when her parents disappear completely and Emily is left home alone to face the weird strangers that begin to appear at her door, she takes all of the clues at her disposal and makes for the place where the letters came from -- the mysterious Night Post. What she'll discover is the secret world of the Midnight Hour -- a Victorian London frozen in time, full of magic and monsters. Kept safe by an age-old agreement, the Night Folk have been exiled to a parallel world that can only be accessed by a selected few, including the mail carriers of the infamous Night Post that operate between the two worlds. Emily's parents are key players in keeping the Night Folk safe, but when the division of the two worlds is threatened, Emily must search for her parents while navigating this dark and unknown version of London. Armed only with a packed lunch, her very sleepy pocket hedgehog, and her infamously big argumentative mouth, she must escape bloodthirsty creatures of the night, figure out her own family secrets, and maybe just save the world. This is a frightening and enchanting story, a world built out of creatures from our worst

fears who become relatable, fully formed characters unlike any we've seen as these strangers of parallel worlds band together to save the day.

Contemporary Dystopian Fiction for Young Adults Balaka Basu,Katherine R. Broad,Carrie Hintz,2013-05-02 Winner of the Children's Literature Association Edited Book Award From the jaded, wired teenagers of M.T. Anderson's Feed to the spirited young rebels of Suzanne Collins' The Hunger Games trilogy, the protagonists of Young Adult dystopias are introducing a new generation of readers to the pleasures and challenges of dystopian imaginings. As the dark universes of YA dystopias continue to flood the market,Contemporary Dystopian Fiction for Young Adults: Brave New Teenagers offers a critical evaluation of the literary and political potentials of this widespread publishing phenomenon. With its capacity to frighten and warn, dystopian writing powerfully engages with our pressing global concerns: liberty and self-determination, environmental destruction and looming catastrophe, questions of identity and justice, and the increasingly fragile boundaries between technology and the self. When directed at young readers, these dystopian warnings are distilled into exciting adventures with gripping plots and accessible messages that may have the potential to motivate a generation on the cusp of adulthood. This collection enacts a lively debate about the goals and efficacy of YA dystopias, with three major areas of contention: do these texts reinscribe an old didacticism or offer an exciting new frontier in children's literature? Do their political critiques represent conservative or radical ideologies? And finally, are these novels high-minded attempts to educate the young or simply bids to cash in on a formula for commercial success? This collection represents a prismatic and evolving understanding of the genre, illuminating its relevance to children's literature and our wider culture.

NEW YORK TIMES BESTSELLER • Psychologist Alex Delaware and detective Milo Sturgis struggle to make sense of a seemingly inexplicable massacre in this electrifying psychological thriller from the #1 New York Times bestselling master of suspense. LAPD Lieutenant Milo Sturgis has solved a lot of murder cases. On many of them—the ones he calls “different”—he taps the brain of brilliant psychologist Dr. Alex Delaware. But neither Alex nor Milo are prepared for what they find on an early morning call to a deserted mansion in Bel Air. This one's beyond different. This is predation, premeditation, and cruelty on a whole new level. Four people have been slaughtered and left displayed bizarrely and horrifically in a stretch limousine. Confounding the investigation, none of the victims seems to have any connection to any other, and a variety of methods have been used to dispatch them. As Alex and Milo make their way through blind alleys and mazes baited with misdirection, they encounter a crime so vicious that it stretches the definitions of evil.
