**Finland** International Monetary Fund. European Dept.,2016-12-07 This Selected Issues paper examines Finland's sectoral balance sheets and how they have evolved since the global financial crisis; the analysis reveals that financial vulnerabilities have risen in most sectors. Indebtedness has increased for nonfinancial corporations (NFCs), households, and the government, increasing their financial fragility and vulnerability to shocks. Also, cross-border financial exposures have risen on both sides of Finland's balance sheet. Specifically, banks' balance sheets have grown considerably, largely owing to a rise in foreign liabilities. NFCs and the government have also relied in part on foreign investors to finance their debt increases.

BLOODY HARVEST ,2016-05-12 The Coalition to Investigate the Persecution of the Falun Gong in China (CIPFG), has asked us to investigate allegations of organ harvesting of Falun Gong practitioners

in China. The coalition is a non-governmental organization registered in Washington, D.C., U.S.A. with a branch in Ottawa, Canada. The request came formally by letter dated May 24, 2006 attached as an appendix to this report. The request was to investigate allegations that state institutions and employees of the government of the People's Republic of China have been harvesting organs from live Falun Gong practitioners, killing the practitioners in the process. In light of the seriousness of the allegations as well as our own commitment to respect for human rights, we accepted the request.
