Cheating at Blackjack Dustin D. Marks,2016-02-16 It's bold, it's risky, and it's illegal. It's cheating casinos for a living! Cheating at Blackjack reveals the anatomy of casino crossroading and how professional con men, sleight of hand artists, and sophisticated teams have, for years, duped game-protection specialists and surveillance to fleece casinos at their own games. With clear explanations and detailed illustrations, Dustin D. Marks, divulges the arcane secrets heretofore known to a few. Mark's extensive repertoire of cheating techniques included handmucking, stacking, past-posting, switching in coolers, co-opting bosses, playing with agents, and using computers, and he details the psychology, set-up, and execution behind all of the moves via real life stories that put you right in the middle of the action.

Blackjack: How To Play Blackjack: A Beginner to Expert Guide Steven Hartman,2017-11-01 After pumping dollars into the slot machine and staring at a screen, you get up and notice the table games section of the casino. Brightly lit from can lights shining downward and the crisp green felt of the line of games making you think of the cash in your wallet or purse. There is a row of blackjack tables. Some have a dealer standing with their hands clasped idly in front of them or pressed along the cushion running along the felt. They stare at the gamblers roaming the casino eagerly awaiting the next person to place a chip and test their luck. Other tables are crammed with players, the people behind them shifting to look over their shoulder, and you hear the loud clasp of a hand and the cheer of the table, "Blackjack!" Some tables are hot, some are just warming up, and some are presided over by a cruel dealer who seems to have the luck that any player would crave. The truth is it is all in the cards' each one shuffled meticulously by man or machine and dealt out randomly. The dealer has the same luck you do. That's the fun of it though. What This Book Will Teach You The Absolute Basics Playing the Game Beyond the Basics Never, Ever! Money Making Tips Your First Time

How to Detect Casino Cheating at Blackjack Bill Zender,1999 Protect Yourself from Casino Cheats! Bill Zender, a highly paid consultant to the gambling industry, is widely respected as an expert on game protection. Although cheating is rare in today's modern, highly-regulated casinos, the proliferation of casinos throughout the U.S. and around the world has created new opportunities for crooked dealers, and new dangers for honest players. Never before has any casino insider revealed the hidden tricks of the trade of the scam artists. Zender describes in vivid detail how slick blackjack dealers can rob you. None of this information has ever been made available to the general public in the past. The cheats aren't talking, and the casinos rarely disclose this sensitive information because they don't want to scare players away from their games. With blackjack now being dealt on riverboats, Indian reservations, and vacation resorts, as well as in high stakes private games all over the country, the time has come for players to know how to recognize cheaters and how to protect themselves.
