I Found a Leaf Sharon Lerner, 1964

Larry Leaf Joanne Elizabeth Corrao, 2015-06-12 Winters in Ohio are long. The days are gray and cloudy. The sun shines only occasionally. In spite of this, we love it here. It is home. It was a cold winter day in January. Everything was covered in a blanket of snow. As I looked out the window, I noticed that there was only one leaf on our pear tree. It looked so alone and so cold as it twirled around in the wind. That little leaf just wouldn't let go. I sat down in my comfortable chair near the window, and I wrote LARRY LEAF. This story teaches children about the seasons. Each season is beautiful in its own way.

Blood Numbers C. F. Kreitzer,2022 Aston lives in a post-apocalyptic world divided by blood... Royal recipients reside on one side of the wall, desperate for blood donations to survive. Donors live on the other, surrendering their blood to combat poverty. For Aston, a donor, the only way out of the slums is to bleed--or marry well. Only Aston wants more than to enter the hyped-up blood auction balls with their glistening ball gowns and flashing news reports, to marry a sleazy suitor with the highest blood count for convenience, or to live a life where her blood is possessed by a royal. She wants freedom from the system...and, most dangerous of all, real love.

Tobacco Merchant Maurice Duke,Daniel P. Jordan,2021-10-21 Maurice Duke and Daniel P. Jordan vividly describe the colorful life and times of one of the South's—and America's—most important businesses and provide insight into how luck, management practices, and personalities helped the company rise to international prominence. Universal Leaf Tobacco Company, the world's largest independent leaf tobacco dealer, is one of the major buying arms for tobacco manufacturers worldwide, selecting, purchasing, processing, and storing leaf tobacco. The story opens during the aftermath of the Civil War when Southerners realized once again the worldwide potential of their native crop. The authors follow the company from its incorporation 1918 through one of the first hostile takeover attempts in American business, to its evolution in 1993 into Universal Corporation, a

worldwide conglomerate with a number of products including tobacco. Based on scholarly research and over two hundred interviews with past and present Universal employees, this objective saga reveals much about American business and economic history.

Catalogue of Books Printed in the XVth Century now in the British Library (BMC). Part XIII: Hebraica ,2021-10-25 The Catalogue of Books Printed in the XVth Century Now in the British Museum (British Library), generally referred to as BMC, is a monument in the history of the book. BMC followed on from the rearrangement of the Museum's incunabula begun by Robert Proctor on the basis of the comprehensive survey of printing types and presses of the fifteenth century that he had published in 1898 as an 'Index' of the incunabula in the Museum and the Bodleian Library. The Index represented a working-out of the system he had developed for the identification of printers of the incunabula period on the basis of typographical material. The volumes of BMC extend Proctor's principles by providing full descriptions of the incunabula in the collections of the British Museum and making revisions where necessary. The first part appeared in 1908, prepared by A.W. Pollard after Proctor's death in 1903. The most recent part was published in 1985.
