**SOAR** John Weisman,2011-07-12 BLACK OPS: The shadow wars; the down-and-dirty work of CIA/Special Operations ...

On the eve of a groundbreaking U.S.–China summit, a covert CIA black ops team assigned to bug a Chinese nuclear test site is captured by Islamic terrorists. An explosive situation goes from bad to catastrophic when the terrorists ambush a Chinese army convoy, hijack a highly unstable nuclear device ... and arm it. On orders from the President, Major Michael Ritzik, the young CO of a top secret element of the Army's elite Delta Force, must lead his men on an impossible rescue/disarmament mission -- even as Beijing dispatches its own special forces to deal with the impending threat. Ritzik and his shadow warriors will need to employ speed, surprise, and violence of action to beat the Chinese to the target, free the captives, disarm the nuke, and escape without leaving any fingerprints. Failure is not an option -- because the unthinkable has suddenly become a very real possibility.

The two agents' essential assignments take them on a dangerous journey where audacity, imagination, and loyalty are crucial. On occasion, they find themselves working outside the law to reach their objectives. To maintain their sanity, these brave fighters have coping tools, brotherhood and a sense of humor. **Black Ops: The Rise of Special Forces in the CIA, the SAS, and Mossad** Tony Geraghty, 2012-03-12 A hard-hitting history of special-forces operations over the past fifty years in the United States, United Kingdom, and Israel. After eight challenging years in Afghanistan, the new U.S. strategy, aimed at winning hearts and minds rather than search-and-destroy, refocuses the conflict on Special Forces: unorthodox soldiers who work outside of traditional military forces to combine secret military operations with nation building. Tony Geraghty, an expert author in this field for almost thirty years, unveils the extraordinary evolution of this refined style of war-making from its roots in anti-guerrilla warfare in Ireland and Palestine, by way of the creation of the C.I.A., the S.A.S., the Green Berets, America's Office of Strategic Services (O.S.S.), and many others, including Mossad. This history is more than a tale of derring-do, although James Bond-like characters stalk every page. It is a sweeping examination of Black Ops at a time when they represent the future of an open-ended global war against terrorism.

*Black Ops* Guy Bowers, 2015-10-20 *Black Ops* is a skirmish wargame of tactical espionage combat that recreates the tension and excitement of modern action-thrillers such as the Bond and Bourne films. The fast-play rules keep all the players in the thick of the action, while the mission generator provides a wide range of options for scenarios – from stealthy extraction or surveillance missions to more overt raids and assaults. Stealth, combat, and technical expertise all have a role to play, and players may recruit a number of different operative types – spies, mercenaries, criminals, hackers, special forces, and many more – to recruit the best possible team for the job. Players may also choose to join a faction – powerful organizations, intelligence agencies, criminal syndicates, militaries, or rebel groups, each with a stake in international affairs. By doing so, their team may receive certain benefits, but may also find itself limited at a crucial time. With the variety offered by the characters, factions, and scenarios, no two games of *Black Ops* should ever be the same!

*The CIA's Black Ops* John Jacob Nutter, Ph.D, 2009-12-04 The vast array of CIA black ops (operations) has turned the agency into a policy maker dangerously independent of the government that created it. This is an unprecedented declassification of foreign exploits and domestic secrets.

**Undercover War: Black OPS - Book 1** Michael Kasner, 2022-10-15 From Action/Adventure novelist Michael Kasner comes a covert military thriller series! When the U.S. offers of military support are turned down, the five member Black OPS force is dispatched on a clandestine down and dirty mission... In the tradition of Don Pendleton's Executioner Mack Bolan and Warren Murphy's Destroyer classic paperback book series!

**Black Ops** Ric Prado,2022-03-01 The Explosive National Bestseller A memoir by the highest-ranking covert warrior to lift the veil of secrecy and offer a glimpse into the shadow wars that America has fought since the Vietnam Era. Enrique Prado found himself in his first firefight at age seven. The son of a middle-class Cuban family caught in the midst of the Castro Revolution, his family fled their war-torn home for the hope of a better life in America. Fifty years later, the Cuban refugee retired from the Central Intelligence Agency as the CIA equivalent of a two-star general. Black Ops is the story of Ric's legendary career that spanned two eras, the Cold War and the Age of Terrorism. Operating in the shadows, Ric and his fellow CIA officers fought a little-seen and virtually unknown war to keep USA safe from those who would do it harm. After duty stations in Central, South America, and the Philippines, Black Ops follows Ric into the highest echelons of the CIA's headquarters at Langley, Virginia. In late 1995, he became Deputy Chief of Station and co-founding member of the Bin Laden Task Force. Three years later, after serving as head of Korean Operations, Ric took on one of the most dangerous missions of his career: to re-establish a once-abandoned CIA station inside a hostile nation long since considered a front line of the fight against Islamic terrorism. He and his team carried out covert operations and developed assets that proved pivotal in the coming War on Terror. A harrowing memoir of life in the shadowy world of assassins, terrorists, spies and revolutionaries, Black Ops is a testament to the courage, creativity and dedication of the Agency's Special Activities Group and its elite shadow warriors.

**SOAR** John Weisman,2003-08-05 Black ops master storyteller John Weisman creates a scenario so real that if he weren't claiming to write fiction, SOAR would be classified top secret. With the clock ticking, the president scrambles Major Michael Ritzik, the young CO of Sword Squadron, a top secret element of the Army's elite Delta Force, to rescue the hostages without leaving any fingerprints. Its mission: impossible -- exactly what Delta trains to do. But then things go from bad to worse. U.S. intelligence learns the terrorists have not only ambushed a Chinese army convoy, they have also hijacked a highly unstable nuclear weapon and armed it. Beijing dispatches its own special forces in hot pursuit. Now Ritzik must use speed, surprise, and violence of action to beat the Chinese to the target, grab the spooks, and disarm the nuke.Failure is not an option.
