One Drop Yaba Blay, 2021-02-16 Challenges narrow perceptions of Blackness as both an identity and lived reality to understand the diversity of what it means to be Black in the US and around the world What exactly is Blackness and what does it mean to be Black? Is Blackness a matter of biology or consciousness? Who determines who is Black and who is not? Who's Black, who's not, and who cares? In the United States, a Black person has come to be defined as any person with any known Black ancestry. Statutorily referred to as "the rule of hypodescent," this definition of Blackness is more popularly known as the "one-drop rule," meaning that a person with any trace of Black ancestry, however small or (in)visible, cannot be considered White. A method of social order that began almost immediately after the arrival of enslaved Africans in America, by 1910 it was the law in almost all southern states. At a time when the one-drop rule functioned to protect and preserve White racial purity, Blackness was both a matter of biology and the law. One was either Black or White. Period. Has the social and political landscape changed one hundred years later? *One Drop* explores the extent to which historical definitions of race continue to shape contemporary racial identities and lived experiences of racial difference. Featuring the perspectives of 60 contributors representing 25 countries and combining candid narratives with striking portraiture, this book provides living

testimony to the diversity of Blackness. Although contributors use varying terms to self-identify, they all see themselves as part of the larger racial, cultural, and social group generally referred to as Black. They have all had their identity called into question simply because they do not fit neatly into the stereotypical “Black box”—dark skin, “kinky” hair, broad nose, full lips, etc. Most have been asked “What are you?” or the more politically correct “Where are you from?” throughout their lives. It is through contributors’ lived experiences with and lived imaginings of Black identity that we can visualize multiple possibilities for Blackness.

Home Girl Judith Matloff, 2008-06-24 After twenty years as a foreign correspondent in tumultuous locales including Rwanda, Chechnya, and Sudan, Judith Matloff is ready to put down roots and start a family. She leaves Moscow and returns to her native New York City to house-hunt for the perfect spot while her Dutch husband, John, stays behind in Russia with their dog to pack up their belongings. Intoxicated by West Harlem's cultural diversity and, more important, its affordability, Judith impulsively buys a stately fixer-upper brownstone in the neighborhood. Little does she know what's in store. Judith and John discover that their dream house was once a crack den and that "fixer upper" is an understatement. The building is a total wreck: The beams have been chewed to dust by termites, the staircase is separating from the wall, and the windows are smashed thanks to a recent break-in. Plus, the house-crowded with throngs of brazen drug dealers-forms the bustling epicenter of the cocaine trade in the Northeast, and heavily armed police regularly appear outside their door in pursuit

of the thugs and crackheads who loiter there. Thus begins Judith and John's odyssey to win over the neighbors, including Salami, the menacing addict who threatens to take over their house; MacKenzie, the literary homeless man who quotes Latin over morning coffee; Mrs. LaDuke, the salty octogenarian and neighborhood watchdog; and Miguel, the smooth lieutenant of the local drug crew, with whom the couple must negotiate safe passage. It's a far cry from utopia, but it's a start, and they do all they can to carve out a comfortable life. And by the time they experience the birth of a son, Judith and John have even come to appreciate the neighborhood's rough charms. Blending her finely honed reporter's instincts with superb storytelling, Judith Matloff has crafted a wry, reflective, and hugely entertaining memoir about community, home, and real estate. Home Girl is for anyone who has ever longed to go home, however complicated the journey. Advance Praise for Home Girl "Although I always suspected that renovating a house in New York City would be a slightly more harrowing undertaking than dodging bullets as a foreign correspondent, it took this charming story to convince me it could also be more entertaining. Except for the plumbing. That's one adventure I couldn't survive." -Michelle Slatalla, author of *The Town on Beaver Creek* "After years of covering wars overseas, Judith Matloff takes her boundless courage and inimitable style to the front lines of America's biggest city. From her vantage point in a former crack house in West Harlem, she brings life to a proud community held hostage by drug dealers and forgotten by policy makers. Matloff's sense of humor, clear reportage, and zest for adventure never fail. Home Girl is part gritty confessional, part love story, and totally delightful." -Bob Drogin, author of *Curveball* "Here the American dream of home ownership takes on the epic dimensions of the modern pioneer in a drug-riddled land. Matloff's story, which had me crying and laughing, is a portrait of a household and a community, extending far beyond the specifics of West Harlem to the universal-as all well-told stories do." -Martha McPhee, author of *L'America*

Chronicle • Chicago Tribune • New York • Newsday • Library Journal • Publishers Weekly In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation's history and current crisis. Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bravely confronts our present, and offers a transcendent vision for a way forward.

Londoners Craig Taylor, 2012-02-21 "A rich and exuberant kaleidoscopic portrait of a great, messy, noisy, daunting, inspiring, maddening, enthralling, constantly shifting Rorschach test of a place. . . . Delightful. . . . In Taylor's patient and sympathetic hands, regular people become poets, philosophers, orators." -- New York Times Book Review *Londoners* is a fresh and compulsively readable view of one of the world's most fascinating cities—a vibrant narrative portrait of the London of our own time, featuring unforgettable stories told by the real people who make the city hum.

Acclaimed writer and editor Craig Taylor has spent years traversing every corner of the city, getting to know the most interesting Londoners, including the voice of the London Underground, a West End rickshaw driver, an East End nightclub doorman, a mounted soldier of the Queen's Life Guard at Buckingham Palace, and a couple who fell in love at the Tower of London—and now live there. With candor and humor, this diverse cast—rich and poor, old and young, native and immigrant, men and women (and even a Sarah who used to be a George)—shares indelible tales that capture the city as never before. Together, these voices paint a vivid, epic, and wholly original portrait of twenty-first-century London in all its breadth, from Notting Hill to Brixton, from Piccadilly Circus to Canary Wharf, from an airliner flying into London Heathrow Airport to Big Ben and Tower Bridge, and down to the deepest tunnels of the London Underground. *Londoners* is the autobiography of one of the world's greatest cities.

Obey the Darkness Robin Ray, 2020-07-06 *Obey the Darkness: Horror Stories* is a collection of 15 anecdotes (three novellas, two novelettes, and ten short stories) that run the gamut from sci-fi horror to supernatural horror to fairy tale horror. Use Your Words Kate Hopper, 2012-04-17 *USE YOUR WORDS* introduces the art of creative nonfiction to women who want to give written expression to their lives as mothers. Written by award-winning teacher and writer, Kate Hopper, this book will help women find the heart of their writing, learn to use motherhood as a lens through which to write the world, and turn their motherhood stories into art. Each chapter of *USE YOUR WORDS* focuses on an element of craft and contains a lecture, a

published essay, and writing exercises that will serve as jumping-off points for the readers' own writing. Chapter topics include: the importance of using concrete details, an overview of creative nonfiction as a genre, character development, voice, humor, tense and writing the "hard stuff," reflection and back-story, structure, revision, and publishing. The content of each lecture is aligned with the essay/poem in that chapter to help readers more easily grasp the elements of craft being discussed. Together the chapters provide a unique opportunity for mother writers to learn and grow as writers. *USE YOUR WORDS* takes the approach that creative writing can be taught, and this underscores each chapter. When students learn to read like writers, to notice how a piece is put together, and to question the choices a writer makes, they begin to think like writers. When they learn to ground their writing in concrete, sensory details and begin to understand how to create believable characters and realistic dialogue, their own writing improves. *USE YOUR WORDS* reflects Kate's style as a teacher, guiding the reader in a straightforward, nurturing, and passionate voice. As one student noted in a class evaluation: "Kate is a born writer and teacher, and her enthusiasm for essays about motherhood and for teaching the nuts and bolts of writing so that ordinary mothers have the tools to write their stories is a gift to the world. She is raising the value of motherhood in our society as she helps mothers build their confidence and strengthen their game as writers."

Back to the Basics of Teaching and Learning David W. Jardine, 2017-07-05 This book is about an ecological-interpretive image of the basics. Essays detailing everyday, lived events in classroom life are presented to help readers see beneath the surface ordinariness of these events to uncover and examine the underlying complex and contested meanings they contain. Readers are invited to imagine what would happen to our understanding of teaching and learning if we stepped away from the image of basics-as-breakdown under which education labors today – an image of fragmentation, isolation, and the consequent dispensing, manipulation and control of the smallest, simplest, most meaningless bits and pieces of the living inheritances that are entrusted to teachers and learners in schools. By involving readers in re-thinking the idea of the basics in educational theory and practice, this book offers a more generous, rigorous, difficult, and pleasurable image of what this term might mean in the living work of teachers and learners. This is a valuable text for practicing teachers and student-teachers interested in re-imagining what is basic to their work and the work of their students. It also provides examples of interpretive inquiry that will be helpful for graduate students and scholars in the areas of curriculum, teaching, and learning who are interested in pursuing this form of research and writing. The Second Edition: is guided by the view that thinking the world together is a form of

ecological thinking adds chapters that take up the ecological aspects of this vision, the hermeneutic aspects, and curricular aspects in the areas of mathematics, reading and writing, and social studies; included also are chapters on child development, information and communications technologies, and more proposes a version of the basics that asks teachers to be public intellectuals who think about the world, who think about the knowledge we have inherited and to which we are offering our students living, breathing access

God'll Cut You Down John Safran, 2014-11-28 An unlikely journalist, a murder case in Mississippi, and a fascinating literary true crime story in the style of Jon Ronson, for fans of Serial. A notorious white supremacist named Richard Barrett was brutally murdered in Mississippi in 2010 by a young black man named Vincent McGee. At first the murder seemed a twist on old Deep South race crimes. But then new revelations and complications came to light. Maybe it was a dispute over money rather than race—or, maybe and intriguingly, over sex. John Safran, a young white Jewish Australian documentarian, had been in Mississippi and interviewed Barrett for a film on race. When he learned of Barrett's murder, he returned to find out what happened and became caught up in the twists and turns of the case. During his time in Mississippi, Safran got deeper and deeper into this gothic southern world, becoming entwined in the lives of those connected with the murder—white separatist frenemies, black lawyers, police investigators, oddball neighbors, the stunned families, even the killer himself. And the more he talked with them, the less simple the crime—and the people involved—seemed to be. In the end, he discovered how profoundly and indelibly complex the truth

about someone's life—and death—can be. This is a brilliant, haunting, hilarious, unsettling story about race, money, sex, and power in the modern American South from an outsider's point of view.

Past Tense Charlie Hobbs, 1994

Manuel Strong Martin S. Manuel, 2021-06-25 James and Florine Manuel, an ordinary African-American couple, left behind an extraordinary legacy. Their story contradicts the stereotypes of Black people in the United States of America. Following the example of their ancestors who rose from slavery, they encouraged their children and everyone around them to also become high achievers. But they never boasted about their accomplishments—and they gave all the credit to God. One of the most special things about them is how they applied their desire and drive. They did it in love for each other and for their children. This love resulted in an enduring marriage, and they raised their children in love even when times were hard. As you read about their lives, you'll walk away with this pivotal truth: All human beings can achieve great things despite obstacles. They can also overcome negative stereotypes. Manuel Strong is only one more story on the mountain of others, but it comes at a time when America is struggling to confront the legacy of its past.
