**Blood Brothers** B. Lintner, 2016-04-30 From pirates singing Ricky Martin to mob hits carried out with samurai swords, Bertil Lintner offers a fascinating look at organized crime in the Asia Pacific. Both Western and Asian pundits assert that shady deals are an Asian way of life. Some argue that corruption and illicit business ventures - gambling, prostitution, drug trafficking, gun running, oil smuggling - are entrenched parts of the Asian value system. Yet many Asian leaders maintain that their cities are safer than Sydney, Amsterdam, New York, and Los Angeles. Making use of expertise gained from twenty years of living in Asia, Lintner exposes the role crime plays in the countries of the Far East. In *Blood Brothers*, he takes you inside the criminal fraternities of Asia, examining these networks and their past histories in order to answer one question: How are civil societies all over the world to be protected from the worst excesses of increasingly globalised mobsters?

**'The River' Blood Brother Chronicles - Volume 1** T. Beaulieu, 2016-01-07 'The River' is the first offering of 'The Blood Brother Chronicles', a dramatic series loosely based on family folklore that has been passed down through countless generations in the author's family. Many of these legends, reaching as far back as 1919, are about two (2) half brothers born in and around the turn of the century, 'Slick' and 'Skeeter'. Not much is known about the two brothers that were said to have disappeared either in New York City or on their way up North in 1927, except that they were contract killers with kind hearts that helped the poor. After an extensive two (2) year family history search, speaking with several older relatives, the author was inspired to write 'The River'. Slick and Benjamin (Skeeter) are half brothers, one white, the other creole, both growing up poor on a tobacco plantation in the late 1800's. Now grown men in the Roaring 1920's, the brothers work as contract killers for the highest bidder, often the first option for wealthy white men, the last option for the poor. Always with ears to the the underworld, the boys soon learn of white and black lynchings, bullying, land grabbing and resource stealing by big corporation. Usually killing bigots and hate-mongers for sport, stakes are raised when large multinational companies stomp into South Carolina with steel toed boots and not much of a care whom they step on, intimidating poor white, black and native American farmers for their hard earned land. Coming up with a small well thought out plan after finally locating the legal documents, Slick and Benjamin discover that the parchments have been burned in the middle of the sheriff's office after a midnight raid. This only deepens the men's suspicions as well as the mystery of whom or what owns vast amounts of land all around the Carolinas, land certain well heeled men are willing to kill whole families for. As the men travel through the dark under belly of corrupt South and North Carolina local government and the highest echelons of wealth and society, their investigation is complicated when twelve (12) young prostitutes are discovered dismembered, their body parts discovered in several Carolina rivers. Each dead girl had one thing in

common; they all once worked for the infamous Madame Lolly, owner of the most exclusive 'skin-hustling' business in all of the Deep South. Rustling up clues and discovering the truth behind an investigation that will eventually take them all over the world, the killers-turn- investigators call upon a complicated cast of characters, many of which lie as easily as they tell truths, protecting wealth, heritage, family and their own lives. Slick and Benjamin have embarked on a journey they could have never imagined in darkest, wildest dreams; supernatural gods and powers, vast wealth, dark international brother hoods, all while trying to stay safe as their enemies grow more and more powerful.

**China on Screen** Christopher J. Berry,Mary Ann Farquhar,2006-04-04 In *China on Screen*, Chris Berry and Mary Farquhar, leaders in the field of Chinese film studies, explore more than one hundred years of Chinese cinema and nation. Providing new perspectives on key movements, themes, and filmmakers,

Berry and Farquhar analyze the films of a variety of directors and actors, including Chen Kaige, Zhang Yimou, Hou Hsiao Hsien, Bruce Lee, Jackie Chan, Maggie Cheung, Gong Li, Wong Kar-wai, and Ang Lee. They argue for the abandonment of national cinema as an analytic tool and propose cinema and the national as a more productive framework. With this approach, they show how movies from China, Hong Kong, Taiwan, and the Chinese diaspora construct and contest different ideas of Chinese nation—as empire, republic, or ethnicity, and complicated by gender, class, style, transnationalism, and more. Among the issues and themes covered are the tension between operatic and realist modes, male and female star images, transnational production and circulation of Chinese films, the image of the good foreigner—all related to different ways of imagining nation. Comprehensive and provocative, *China on Screen* is a crucial work of film analysis.
